TANGLED SITUATION OVER SENATORSHIP

I. H. Bingham May Become a Candidate Against L. E. Bean

The political pot which has been simmering for a number of weeks in Lane county is rapidly approaching the boiling point. The announcement that Hon. W. W. Calkins will enter the race for state senator from this county has what might be designaed as a mild sensation—and not so mild, either—in political circles.

A story that is going the rounds reveals some of the inside history of the late "assembly" in Portland. It seems that Senator Bingham, while not a member of the assembly, had a number of friends in the Lane county delegation, who were interested in settling the contest between that genleman and Represenative Bean, a probably candidate for the senate also. After considerable discussion it was agreed to give the moomination for joint senator from Lane and Linn counties to Bean, giving Bingham a clearing field in Lane county to succeed himself. The agreement to this effect may not have been of the ironclad nature, but Bingham's friends assert that it was nevertheless thoroughly understood, at least among the leading members of the delegation. Now they aver that the pact is broken by the announcement of the candidacy of Mr. Calkins in opposition to Senator Bingham in this county.

What the upshot of the new turn in the political wheel of fortune may be is not yet quite apparent, but the rumor is current on the streets that Seator Bingham may change his plans and go after the joint senatorship from Lane and Linn in opposition to Mr. Bean. A Guard reporter endeavored to secure a denial or confirmation of this report from Mr. Bingham but was unable to do so, as that gentleman stated that he had not thoroughly studied the situation and had not fully made up his mind, but would make his announcement in due time.

Future developments will be awaited with considerable interest by those who are interested in the politics of Lane county.

PRINCESS SUZANNE

The Dainty Diminutive Bell Lady Who Is Appearing at the Bell Theater Tonight, Tuesday and Wednesday.

Every person who has been to the Bell theater this week or has viewed the display of photographs in the lobby, will be interested in a bit of biography of the tiny little Miss Suzanne. This little lady is now in her twenty-sixth year, a fully developed woman in every sense of the word except in physical stature, being only thirty-two inches in height and weighing thirty-two pounds. Princess Suzanne was born at Budapest, Hungary, her parents being and Mr. and Mrs. Antonio Meyer.

Princess Suzanne's father accompanies her on her travels, but her mother died some years ago. As to Suzanne's earlier period Mr. Meyer said: "When Suzanne was born she weighed less than a pound and none of us, at the time, expected she would live the first day out. When she was six months old, she could be laid in an ordinary cigar box. After her first year she showed signs of growth but at the age of ten stopped growing, and as you see her today, she was at that time.

"At the age of twelve Suzanne was commanded to appear before His Majesty, Franz Joseph Emperor of Austria and King of Hungary, on which occasion a special reception was tendered her, after which she was much in demand at the royal palaces, where she was feted by royal personages.

"Up to the time we started for America, Suzanne had traveled all over the European continent, and during this time studied languages, mastering fluently English, Italian, German, Hungarian and French.

"We first came to America in 1901. I remember it distinctly, as it was the day on which the late ex-President McKinley was shot at the Pan-American exposition, where Suzanne and I were bound for. Since then the Princess has appeared in all the leading vaudeville theaters of the country.

"The Princess, if you notice closely, is a thoroughly perfect woman except in physical size. She is womanly in disposition, fancies and desires, and takes great delight in fancy sewing, being an adept with the needle, making all her own wardrobe. She enjoys the best health, loves outdoor life and is a student of nature, delighting in walks over hills and dale plucking flowers and admiring shrubbery and forestry and loves animals, now owning a genuine white skinned Mexican dog of very rare species, valued at $1000."

Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick: "I will, out of my own pocket, pay for your medicine if it fails to bring you help!" And for 20 years Dr. Shoop's medicines have been used and recommended in every city and hamlet in America. They are positively standard in every community—and everywhere. Then why pay the cash, and at your risk, for other unwarranted and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the Stomach nerves, or the Heart or Kidney nerves fail, these sick ones know how quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they positively take no money risk whatever. They know that when health fails to return, Dr. Shoop will himself gladly pay the druggist for that. And the that test a full 10 day treatment is freely granted. But write me first for an order.

Then Pay For

This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not authorized to give the 10 day test. So drop me a line please—for I have appointed an honest and responsible druggist in almost every community, everywhere, to issue my "no money" orders to the sick. The books which book you below will surely open up new and helpful ideas to those who are not well. Besides you are perfectly free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best efforts is surely worth your simple request. So write now, while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.
