COMPANIES A AND CO
WILL HAVE ENOUGH MEN

Difficulty Experienced, Howev-
er, in Securing 42 Men,
As Required

For awhile today it appeared to
Captains White and Willoughby, of
Companies A and C, respectively, that
not enough men to take to the en-
campment, at American Lake next
week would be secured to go and one
or both of the companies would have
to stay at home, but it now appears
that both will have the required num-
ber, 41 enlisted men. The command-
ing officers of the companies were
thinking seriously of conscripting
some of the members of the company
and compelling them to go, whether
they wanted to or not, as the new
military law permits of this. The em-
ployers of some of the members of the
company are reluctant to let them off
for the ten days, but the vacation
will do them good in more ways than
one. Besides the respite from the
daily grind at home, they will receive
some valuable military instruction.

DR. PRENTICE IS NOW
COUNTY HEALTH OFFICER

County Court Makes New Ap-
pointment—Dr. Harris Held
Office Over Five Years

Dr. J. W. Harris, who has been
health officer of Lane county for five
years and two months, has given up
the office and the county court has
appointed Dr. F. W. Prentice, who is
now performing the duties of the
office. Dr. Harris held the office for
five years and two months and gave
satisfactory satisfaction to all concerned.
As the office is appointive the court
can make a new appointment at any
time, and recently deciding to pass
the office around among the physi-
cians of the county, appointed Dr.
Prentice to succeed Dr. Harris.
There is considerable work at-
tached to the position, but the re-
muneration is commensurate.
