Internally. Dr. Bell's Anti-Pain cures colic, flux, diarrhoea, cramps and all bowel complaints.

Externally—Cures sore breasts, corns, bunions, toothache, neuralgia, and all pains. Sold everywhere. It is antiseptic. Sold by Dillon Drug Co.

Life on Panama Canal. Has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles.

"Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lancaster, N. C., "and I've had good health ever since." Cure Stomach, Liver and Kidney Troubles, and prevent Typhoid. 50c. Guaranteed by W. A. Kuykendall.

NOTICE AUTOMOBILISTS. The attention of automobilists and drivers of all other vehicles is called to keep on the right hand side of the streets, as required by law, and to go slow and blow their horns at all street intersections, so as to avoid accidents and responsibility. J. D. MATLOCK, Mayor.

We Guarantee Every Box. Of Dr. Bell's Antiseptic Salve to do what we claim. Try it for ulcers, boils, running sores, tetter, ringworm, eczema, salt rheum, fever sores, cuts, bruises, pimples, black heads, chaps, felons, burns or any skin disease. 25c a box. Sold by Dillon Drug Co.

A Clean Salve. Dr. Bell's Antiseptic Salve is a creamy snow-white ointment and guaranteed for all skin diseases, such as eczema, salt rheum, chaps, etc. 25c. Sold by Dillon Drug Co.

HONDURAS BANKER BUYS JUNCTION CITY LANDS

Junction City, Or., Aug. 15.—That real estate in the Willamette valley is attracting the attention of foreign capital is again shown by the fact that R. L. Hustis of the Bank of British Honduras, located at Belize, British Honduras, Central America, has just closed a deal whereby he secures 500 acres of land located 2 1/2 miles north of this place owned by F. B. Howard. The consideration is \$23,000. He also bought 527 acres adjoining that tract from Washburn & Millers, for which he paid \$19,000, and bought 160 acres from Martin Moutox for \$3000. He has instructed his agents here to have the lands surveyed in small tracts and place it on the market.

The Best Hour of Life. Is when you do some great deed—discover some wonderful fact. This hour came to J. R. Pitt of Rocky Mt., N. C., who he was suffering intensely, he says, "from the worst cold I ever had. I then proved to my great satisfaction what a wonderful Cold and Cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." It is the surest and best remedy for diseased lungs, Hemorrhages, LaGrippe, Asthma, Hay Fever—and Throat or Lung Trouble. 50c, \$1.00. Trial bottle free. Guaranteed by W. A. Kuykendall.

MAZAMAS ASCEND ALL THREE OF THE SISTERS

Youngest Person to Climb Peak
is Morse Hargrove, Aged
Two Years

Camp Riddell, Aug. 15.—The camp is tired and happy. All of the Three Sisters have been scaled by members of the party. As has been previously stated, an expedition of five ascended the South Sister last Monday. Tuesday the official climb of the Middle Sister was made by a large party, and the ascent of the three highest pinnacles of the North Sister was accomplished by one of the Mazamas. Yesterday three members of a party of six made the ascent of a very rugged mountain miles south of the camp, the Husband. Today the official expedition for the South Sister left camp, and a small party started for the Bachelor and Broken Top. Two Heroes in Camp.

Camp Riddell has two heroes, its oldest and youngest members, H. H. Prouty of Portland and young Morse Hargrove, son of H. H. Riddell, the leader of the expedition. Mr. Prouty, who is a brother of Interstate Commerce Commissioner C. A. Prouty, is an experienced and seasoned mountaineer. He left with the official climb party for the Middle Sister at 6:05 a. m. of Tuesday, carrying a heavy pack, and for an hour kept the snow pace adapted for a large party. Then, pushing on far in advance, by himself, he reached the summit of the Middle Sister, at an altitude of 10,500 feet. After reaching the peak, he rested for an hour, dropped his pack and left a written message for the climbers far below. Then he descended to the ridge below on the north, and crossed from the Middle to the North Sister. After incredible labor and with great skill and daring he climbed all three of the high pinnacles on the North Sister. The highest pinnacle was reached at 12:33 p. m. In six hours and 28 minutes from camp, he had ascended two peaks, one 10,000 feet in altitude, and had unaided and without even a canteen, reached the highest pinnacle of the North Sister. He reached camp once more at 4:01 p. m., two hours and two minutes from the starting time. None of the mountaineers in camp knew of any such record. Mr. Prouty yesterday made a daring hand over hand climb up a steep cliff and was the first Mazama to reach the summit of the Husband.

New Mazama. Morse Hayward is 7 years and 9 months of age. He is the youngest person to reach the summit of the Pacific snow peak over 10,000 feet high. Morse made the ascent in fine style, and by special voice of the club, proposed by Jack Montague, was elected a Mazama at the summit. Jack Montague had the previous record of being the youngest Mazama.

Have Snowball Fight. The party making the ascent of the Middle Sister left camp, after an early breakfast, at 6:05 a. m. It was divided into two divisions, led by C. W. Whitteley and R. W. Montague, with H. H. Riddell bringing up the rear. The ascent was made slowly and easily up the western slope. After crossing the gravel flats above the camp, the two divisions followed the snow banks where possible, as going was fairly good early in the morning on the hard snow, and over the rough boulders and shell rock at other points. One large glacier was crossed. At one point the ascent was made up a high, 50-degree snow bank, and ice axes were used to make a footing. One the descent the largest number of the party coasted down this hill on their backs, making the descent in a few seconds where the ascent had required half an hour and hard work. A snowball fight at 9000 feet altitude was an incident.

The last 1000 feet of the ascent was up a steep cone of loose rock and rough lava. It was by all means the most difficult of the ascent.

OREGON SOLDIER IS TYPHOID VICTIM. CORVALLIS, Or., Aug. 15.—Private G. R. Kirkman, of Company G, 4th Oregon, has been stricken with typhoid fever. At first it was feared it would be necessary to send the company home, but Colonel Elbert, senior medical officer of the department of the Columbia, decided it would not be necessary. Kirkman was taken to his home in Roseburg, Or., by a detail from the medical corps.

S.S.S. PERMANENTLY SORES & ULCERS

Old sores remain open and chronic ulcers refuse to heal because constantly irritated and infected by impurities in the blood. The purity of the circulation comes from various causes. A long, debilitating sickness, which breeds disease germs in the system, the refuse matters of the body because of a sluggish condition of the members, a continued malarial state of health, inherited bad blood, are all responsible. But whatever the cause of the infected circulation, the blood CANNOT heal until the blood is purified. S. S. S. cleans the blood in the very simplest way. It just goes into the circulation and purifies it, and the impurities and polluted matter which are the means of keeping the sores is bound to heal. S. S. S. is the finest of all blood purifiers. It cleans the circulation but it adds the necessary healing blood, and in this way assists nature to quickly cure sores and washes, lotions, etc., can do no permanent good toward healing an old such treatment does not reach the blood. These external applications soothe and cleanse, but the healing must begin at the bottom, and what S. S. S. does by first purifying the blood, and then furnishing health to all the flesh tissues. Book on Sores and Ulcers to write, and request it.
