

S. S. S. THE BEST SPRING TONIC

Most persons, even those who are ordinarily strong and healthy, need a tonic and blood purifier in the Spring. Some have no particular ailment, but are weak, debilitated and run-down. Winter life with its decreased amount of outdoor exercise, and the fact that cold weather has kept the pores of the skin closed, prevented the proper amount of waste and refuse matter from being expelled from the system. These impurities entering the circulation have thinned and weakened the blood, and the body therefore does not receive a sufficient amount of blood nourishment. The general bodily weakness, tired feeling, tickle appetite, poor digestion, etc., show how anemic the blood has become. Frequently skin diseases, pimples, eruptions, etc., break out and this is evidence of the impurity of the circulation. S. S. S. is the best Spring tonic, because it is the greatest of all blood purifiers. It is the only medicine on which you can rely to supply the system with the needed tonic effects and at the same time purify and enrich your blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer. S. S. S. is made entirely from roots, herbs and barks; it is Nature's tonic, pure and healthful. It regulates digestion, tones up the stomach, improves the appetite and promotes strong, vigorous health. This will be your best Spring season if you use S. S. S. for your tonic.

BOY BREAKS ARM WHILE PLAYING CIRCUS

Springfield, Aug. 31.—The 15-year-old son of W. W. Dickson had his ambitions to be a circus rider somewhat dampened yesterday when he broke his arm near the wrist when he was thrown from a horse. The boy, accompanied by two playmates was playing circus with the horse in a vacant lot near his home on the corner of Seventh and B streets. He fell from the horse head first and put out his hand to break the fall. The fracture was above the wrist and is serious enough to keep the boy quiet for several weeks.

RAPID WORK ON NEW P. E. & E. BRIDGE

Springfield, Aug. 31.—Passengers to the car line this morning were surprised to see the upper false work for the second span of the P. E. and E. bridge all in place and the work of placing the top cords about to begin. The bridge seems to go together as if by magic, so rapidly is its construction, and it will be only a short time before it is completed. This span will be finished in much less time than the first one, for the timbers are all cut and ready to be put in place.

PEEPYS GO TO SCIO IN NEW AUTOMOBILE

Springfield, Aug. 31.—M. M. Peery yesterday purchased an E. M. F. Studebaker automobile from the Mo-zach garage in Eugene and left this afternoon for a four days trip to Solo, with Mrs. Peery, where they will spend the balance of the week at the Linn county fair. Upon the return from this trip they will take a hunting trip into Southern Oregon, to be gone several weeks. Springfield is beginning to have quite a large automobile population.

Springfield Breivites
Springfield, Aug. 30.—William Clarke, J. D. Davis and J. W. Matley, left yesterday for a weeks hunting at Blue river.

The front of the new Rivett building has been put in and the concrete structure is nearing completion. It will be occupied by the Morrison Hardware store and Mr. Morrison expects to move in tomorrow. The city is getting a very large number of permanent and handsome buildings on its Main street. The city council was supposed to have a meeting last night but a quorum could not be assembled and the meeting was postponed until Thursday night.

The commercial club holds its first meeting for several weeks next Friday evening. At this all the reports of the committees on the Carnival will make their final reports.
