THE DOCTOR'S QUESTION

Much Sickness Due to Bowel Disorders

A doctor's first question when consulted by a patient is "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Reckall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Reckall Orderlies are eaten like candy; they act quietly and have a soothing, strengthening and quieting influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or any annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c and 10c. Sold only at our store--The Reckall Store, W. A. Kuykendall.

If the reader has a bad back or any kidney ailment is looking for relief and cure, better depend on the only remedy endorsed by people who know. Doan's Kidney Pills relieve quickly--cure permanently. Eugene citizens testify to this. Here is a case of it:
Mrs. S. Y. Abbott, 283 Washington street, Eugene, Or., says: "The statement I gave for publication in praise of Doan's Kidney Pills in 1906 was correct in every detail. I have had no need of this remedy since then and have been free from kidney complaint. During the winter of 1905 I was suddenly taken with an attack of kidney trouble, and my condition became so poor that I was unable to attend to the simplest of my household duties. My back was lame and weak and when I moved about pains darted through my body. I took several prescriptions from the doctor, but did not get the least benefit, and when Doan's Kidney Pills were brought to my attention I had my husband get a supply and I commenced their use. They proved to be just the remedy I needed, strengthening my kidneys and driving away the pains, thus making it possible for me to do my housework. I consider Doan's Kidney Pills the best remedy to be had for kidney disorders."

Medicines Made from Roots and Herbs
In the good old fashioned days of our grandmothers they depended upon medicines made from the roots and herbs of the field to cure disease. Lydia E. Pinkham's Vegetable Compound, that standard remedy which is made from roots and herbs for woman's ills, had its origin in this way. For thirty years it has been redeeming the promises written on the label of every bottle by curing thousands of women of feminine ills. It's a good, honest medicine.

NATIONAL PRISON CONGRESS MEETS IN CAPITAL

Criminologists Meet to Discuss Methods of Prison Reform

Washington, Oct. 5.--Today's program of the International Prison Congress will afford a discussion of matters of first importance to those criminologists who believe that prevention is better than cure. One of the liveliest topics before the congress is the reform in the treatment of poor offenders, first advocated by Thomas Holmes, the distinguished English prison authority.
In brief, the proposed plan, which has won the commendation of a majority of the delegates to the congress, is to secure the right to poor offenders to pay the fines imposed upon them in installments. It is pointed out that, under the laws of nearly all nations, a poor man or boy who commits some trifling offense, and has not the money to pay a fine, is immediately hustled off to jail. On the contrary a rich man, although his offense may be ten-fold more serious than that of the poor fellow, has only to put his hand in his pocket and effect a pecuniary atonement by which justice is satisfied. To the rich man, the mere payment of a fine is no hardship, and he is likely to consider the whole matter as a good joke. The poor man, confined in a cell, disgraced among his associates, and all for the lack of a little ready cash, is likely to observe and brood over this discrepancy in the treatment of rich and poor, with the result that he becomes a confirmed criminal.
Advocates of reform in this direction declare that the plan of permitting trivial offenders to pay fines in installments would effect a great saving to taxpayers, as well as securing justice to the poor. Not only would the fines lost now be collected, but the authorities would be saved the expense of feeding and housing the offenders.
