J. D. ROCKEFELLER IS PUBLIC BENEFACTOR

Completes Payment of Promised Sum of \$10,000,000 to Chicago University

Chicago, Dec. 20.—John D. Rockefeller has completed the task he set for himself in founding the University of Chicago. Today public announcement was made of a "single and final" gift of \$10,000,000 which includes all the contributions Mr. Rockefeller has planned.

The sum is to be paid in ten annual installments beginning January 1 and will make approximately \$35,000 which he has donated to the university. Mr. Rockefeller says he now believes the school should be supported and enlarged by gifts of many rather than those of the single donor.

This, he believes, will be better accomplished if the public understands the limit of his contemplated assistance. The founding of the new department he leaves to the trustees as he says funds may be furnished by other friends.

Nearly \$7,000,000 has been donated to the university in addition to Mr. Rockefeller's gifts. With the announcement of Mr. Rockefeller's final donation, came the resignation of John D. Rockefeller's personal representative from the university board of trustees. Announcement of the gift was made at the quarterly convocation at the university this afternoon.

MOCK FOUND GUILTY OF SECOND DEGREE MURDER

Jacksonville, Or., Dec. 20.—The jury in the Mock murder trial last evening returned a verdict of murder in the second degree, after being out five hours. For hours the jury stood 10 to 2 for hanging before a compromise was reached. This is the culmination of one of the most sensational and probably cold blooded murders in the history of Jackson county. Mock stabbed Jesse Smith to death with a pocket knife at Medford Sept. 20. The defense was weak though it had good material for a plea of self defense.

What is Itch Dirt?

It is the old Anglo-Saxon name for dandruff, and it's a good one. If you have dandruff, you have Itch dirt, and the little microbes that are part and parcel of dandruff are working persistently night and day, and they sooner or later will reach the very life of your hair and destroy its vitality.

Then you'll be bald—bald to stay—for not even the wonderful rejuvenating power of Parisian Sage can grow hair after the hair bulb or root is dead. Parisian Sage cures dandruff. The Dillon Drug Co. sells it; only 50 cents a large bottle and your money back if it fails to cure dandruff, falling hair and itching scalp. If you do not live near the Dillon Drug Co., who sell Parisian Sage, the American makers, the Giesing Mfg. Co., Buffalo, N. Y., will send you a bottle for 50 cents, all charges prepaid. There is no hair restorer so good—except no substitute. The girl with the Auburn hair on every bottle.
