Grace Bean and Miss Esther Carson, University girls, accompanied Miss Alton Hatcher to Cottage Grove today and will spend the week-end at her home there.

AN EVANGELISTIC MISSION TO BE HELD

Meeting at Baptist Church on Monday and Tuesday Will Be of Interest

A meeting that promises to be of interest and profit to this community is that of the evangelistic mission to be held in the Baptist church of Eugene next Monday and Tuesday. It is under the direction of the Oregon Baptist state convention which is promoting these missions at twelve different points in the state, the object being to arouse greater interest and more intelligent effort on the part of Christian people in behalf of evangelism.

The first session will be held on Monday afternoon at two o'clock and there will be sessions Tuesday morning and afternoon. On both evenings Mr. W. B. Hinson, of the White Temple, Portland, will preach. Other speakers will be Rev. B. Wyse Jones, of McMinnville; Rev. F. C. Stannard, of Newberg; Rev. W. H. Eaton, of Roseburg; Rev. W. T. Tappett, of Salem, and Rev. F. C. W. Parker, of Portland.

The day sessions will be given to the discussion of "The Church Responsibility, the Pastor's Responsibility and the People's Responsibility." The evening sessions will be of a more popular nature with sermon by Dr. Hinson.

STILL ANOTHER RAILROAD TO SIUSLA

(Continued from page 1.)

Mr. Hunt has been working and he states that he is not in a position now to give out the information, but from outside people who claim to know it is stated that Portland capitalists are behind the movement. From I. H. Bingham is interested in some extent in the project and he is now in Portland, and is said to be conferring with the backers of the company.

One Tunnel on the Route
Mr. Hunt, who bears the title of chief engineer of the company, when seen by a Guard reporter today declined to say anything about the plans of the company further than that a good survey has been made and the road will have an easy grade over the coast mountains. There will be only one tunnel on the route and that at the summit. It will be 1100 feet long. On the other side of the mountains the road will have a water grade, following the banks of the Siuslaw river to Mapleton, which point is the present terminus of the survey.

The road will cross the Siuslaw river three times on the way to Mapleton, this being necessary to avoid extensive cuts through solid rock at that many different points along the river. The route as surveyed by Mr. Hunt and his crew is sixty miles long between Eugene and Mapleton.

Definite information as to the plans of the company is promised in the near future. It is said that it will be a steam road when built and the survey has been made with that motive power in view.

Representing the entire body of riparian owners and signers of the petition.

1689 CARS LOADED WITH NORTH YAKIMA FRUIT

North Yakima, Wash., Jan. 12.—Sixteen hundred and eighty-nine cars of fruit were shipped out from the North Yakima station of the Northern Pacific Railway during the season of 1910, from July 1. This does not include the express shipments which would probably make up the total crop, for about 125 cars of apples are still held here in storage. The number of apple cars sent out was 795, figuring the average car at 440 boxes and the boxes at \$1.50, the returns on that fruit alone were over \$220,000.

At her home at 608 Ash street, Eugene, at 11 a. m., January 13, 1911, Mrs. J. J. McCubbin, aged 62 years, death is supposed to have been the result of a fall a week ago when she struck her head on the pavement. She leaves a husband and six children. The funeral will probably be held tomorrow.

A 25-acre apple orchard at the valley is soon destined to be one of the greatest fruit sections of the state. Three large fruit-growing corporations are making investments and setting out orchards.

PROPERTY OWNERS ON RACE PRESENT THEIR SIDE

Meeting Held Last Night and Commercial Club Criticized for Its Hasty Action

A number of riparian owners of property bordering on the Eugene mill race held a meeting last night and indignation was expressed over the recent action of the Commercial club concerning the petition to remove the dam across the river. The sentiment of the speeches made at the meeting was that the club should be censured for passing its resolutions before the property owners were given an opportunity to present their side of the controversy. The meeting appointed a committee to draft a resolution to the club, which follows: A permanent executive committee was also appointed to prosecute the correction of alleged wrongs that the property owners have suffered. This committee consists of the following: Rev. J. T. Wilson, G. H. Bogue, E. J. Fraser, W. R. Walker and J. D. Myers.

Address to Club
Following is the address prepared by the committee to the Commercial club:

Eugene, Or., Jan. 13, 1911.
To the officers and members of the Eugene Commercial club, Eugene, Oregon.

Gentlemen: The property owners along the Eugene mill race have no desire, nor did they contemplate the purpose, by their recent action which so deeply stirred the breasts of the Chambers Power company and which resulted in such hasty and inconsiderate action by the Eugene Commercial club, on Monday night last, to injure, much less destroy, the said race as a power plant for manufacturing purposes, and we were not a little surprised that your organization should have taken so drastic a position without first hearing both sides of the controversy.

In common with the general public, we are proud of this beautiful waterway, and we welcome the public to a participation in the pleasure it affords.

But, our contention is that the Chambers Power company exceeds the authority granted by the United States government in the construction of its dam across the Willamette river, and failed in a marked degree to safeguard the property of private citizens in the vicinity, in accordance with stipulations entered into with the government.

And further, that the Chambers Power company, notwithstanding the protest of parties whose property was seriously injured by the aforesaid violation of government authority granted, have persisted in the policy of raising the dam, one season after another, and thereby increasing the danger by reason of the greater volume of water diverted to the intake of the mill race until the lands adjacent, which have already been seriously damaged by floods, are in imminent danger of being entirely washed away.

And moreover, the increased volume of water thus diverted has now raised the ordinary stage of water in the race until it continuously overflows its banks in many places, to the annoyance and in many instances the serious financial injury of the parties affected.

Our beautiful waterway, known as the mill race, belongs absolutely to the riparian owners, in fee simple, and the Chambers Power company has no right or title to the same, except an easement, acquired by virtue of ancient usage.

Such, then, is our grievance, and we seek a speedy and adequate remedy. If the Chambers Power company, backed by the Eugene Commercial club, can furnish that, well and good. Until then, we shall continue to invoke the interposing hand of the United States government.

Our resort to the government was taken only after every other means had been exhausted, both individually and collectively, by the riparian owners to persuade the Chambers Power company to abate the nuisance, which they steadfastly refused to do, claiming that they were acting under and by virtue of authority of the government of the United States.

We further state there was no "loker" inserted in the petition sent to the war department, used to deceive the signers, as reported from the Commercial club, but the same was read and fully understood by all who signed it.

Most respectfully submitted,
T. J. WILSON
GEO. H. BOGUE
E. J. MYERS
J. D. MCCLANAHAN
E. J. FRASER

Representing the entire body of riparian owners and signers of the petition.

1689 CARS LOADED WITH NORTH YAKIMA FRUIT

North Yakima, Wash., Jan. 12.—Sixteen hundred and eighty-nine cars of fruit were shipped out from the North Yakima station of the Northern Pacific Railway during the season of 1910, from July 1. This does not include the express shipments which would probably make up the total crop, for about 125 cars of apples are still held here in storage. The number of apple cars sent out was 795, figuring the average car at 440 boxes and the boxes at \$1.50, the returns on that fruit alone were over \$220,000.

At her home at 608 Ash street, Eugene, at 11 a. m., January 13, 1911, Mrs. J. J. McCubbin, aged 62 years, death is supposed to have been the result of a fall a week ago when she struck her head on the pavement. She leaves a husband and six children. The funeral will probably be held tomorrow.

A 25-acre apple orchard at the valley is soon destined to be one of the greatest fruit sections of the state. Three large fruit-growing corporations are making investments and setting out orchards.

BLOOD TROUBLES CONSTITUTIONAL INFECTION

Constitutional Blood Poison is the most insidious of all diseases. It begins in an insignificant manner, usually the appearance of a tiny sore being the only outward evidence of its presence. But down in the blood the treacherous infection is at work, and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Constitutional Blood Poison; they only shut the disease up in the system to smolder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to REMOVE the germs from the blood. S. S. S. goes into the blood, and while removing the infection makes the blood pure, fresh and healthy. This causes a general upbuilding of the entire system, and when S. S. S. has made a cure there is no return of the hideous symptoms. S. S. S. is made entirely of vegetable matter, containing not the least particle of mineral in any form. It is a perfectly safe medicine and a certain cure for blood poison. We have a Home treatment book which we will be glad to send free to all who write and request it, also any medical advice without charge.

THE SWIFT SPECIFIC CO., Atlanta, Ga.

MOULIN ROUGE IS SPLENDID PLAY, SAY TELEGRAMS

Messages from Medford, Where It Appeared to Crowded Houses

The following are some telegrams received by Manager Smith, of the Eugene theatre, this morning from people who witnessed the production of "The Queen of the Moulin Rouge" at Medford last night:

"Medford, Or., Jan. 12, 1911: 'Geo. H. Smith,

"Mr. Opera House, Eugene, Or. 'Just came from opera house; saw the play, 'Queen of the Moulin Rouge.' It is certainly grand in every way. Played to standing room only here. You ought to have big house with a show like this.

"MAX FRIEDENTHAL."

"Medford, Or., Jan. 12, 1911: 'Geo. H. Smith,

"Mr. Opera House, Eugene, Or. 'The Queen of the Moulin Rouge' is the best show seen here this season. Perfectly proper and decent in every respect; the best musical comedy ever put on here. Expect to see it again in Eugene; well worth going a long distance to see.

"T. H. FITZGIBBON. 'E. T. STAPLES."

"Medford, Or., Jan. 12, 1911: 'George Smith,

"Eugene Theatre, Eugene, Or. 'We, the undersigned, witnessed the performance of 'The Queen of the Moulin Rouge' here tonight and pronounce it one of the best productions we have ever had here. The company is a large and excellent one and there is absolutely nothing in it offensive.

"H. A. THURLOFF. 'C. E. BADE. 'COURT DALL. 'EDGAR HAFER. 'HOWARD B. DUDLEY."

The people who signed all of these telegrams are prominent men of Medford and prominent men on the road, people who attend shows regularly and know what a real show is. They do not get their information from newspapers and magazines, but get it first-hand.

GEO. H. SMITH, Mgr. Eugene Theatre.

CHAMBERS Hardware and Furniture Co.

CITY NEWS

Adolph Norek, a native of Germany, today filed with the county clerk his petition for naturalization papers.

A marriage license was issued by the county clerk this afternoon to Frank Drew and Miss Julia Barney, of Florence.

Richard Magnus Ove, a native of Denmark, today filed his petition with the county clerk for his first citizenship papers.

Blankets are being installed in the balcony at the Y. M. C. A. gym to accommodate the crowds who attend the indoor games.

Steve Strawn, section foreman for the Southern Pacific, is able to be on his feet again after a serious illness of several weeks' duration.

The Hunter Electric company has the contract to install the electrical fixtures in the new Oregon Power company's building, also in the new Christian church building.

The fourth lecture of the series given at the Y. M. C. A. will be tonight by Professor C. W. Converse, of the University of Oregon, his subject being a comparison of gas and steam engines.

J. G. Hall, of the musical firm of Stevens & Hall, returned on the afternoon train today from a duck hunt near Harrisburg. He says the ducks are very scarce, and he brought home only four.

The Hunter Electric company will soon occupy the vacant room in the Third block, recently occupied by the Green grocery store. They will move from their present location in the Matlock block on West Eighth street in a short time.

P. W. Loomis gave a very interesting lecture last evening to the students of the University upon "Modern Aluminants and How to Use Them," which was much appreciated by a large audience in the chemistry lecture room. After his talk many questions were prompted by the engineering students and student architects, which he answered.

Will Ford, a prominent young farmer of Crow, who was in town today, says the snow at Crow is nearly a foot deep. He was surprised to find practically no snow in Eugene and vicinity. Crow is not much higher than this part of the valley. Even on the Gt. Mt. southwest of the city the snow is about a foot deep. It appears that all around Eugene there was a much greater snowfall than in the city and immediate surroundings.

George Croner this morning received a letter from George Friesell at McKeale Bridge saying that the snow is ten inches deep there and it was still snowing at the time the letter was written Wednesday. This is the deepest snow there for years.

Mr. Friesell says that a little further up in the mountains it is several feet deep. He also says there are a good many cougars and wildcats being killed in that vicinity. Two cougars having bitten the dust, or rather the snow, one day this week.

Professor P. Irving Wold, formerly of Eugene and a well-known graduate of the University of Oregon, arrived here this morning from the city of Washington, D. C., where he has been connected with the government patent office, on his way to China, having been employed by the Chinese government to organize the

physics department of the new university being established at Peking. He and Mrs. Wold will sail from San Francisco for the Orient on January 24th. Professor Wold has many friends here who wish him success in his new field of labor.

ROOM LEASED FOR POOL AND BILLIARD HALL

Smith & McCormick Secure the Room Now Hampton's Department Store

Another up-to-date billiard and pool parlor will be opened in Eugene about February 15. Smith & McCormick, who already conduct two such places here, in connection with cigar stores, have leased for five years the room now occupied by the dry goods department of Hampton's store and which will be vacated some time early in February. The new lessees will be ready to occupy it by the middle of the month.

This new establishment promises to be the finest thing of its kind in the city. Sid Smith and Jay McCormick, the proprietors, certainly know the business and will give the lovers of pool and billiards an up-to-date place, with all the latest wrinkles in that line of business.

John and Frank Zimmer are owner of the building. They promise to make a number of improvements to suit the needs of the business that is going into it.

DOCTOR PLAMONDON LOSES HIS JOB

Two Years to Build Branch Asylum and Office Not Needed

Salem, Jan. 13.—Dr. J. C. Plamondon, appointed by Acting Governor Jay Bowerman as superintendent of the Eastern Oregon branch insane asylum, yet to be built at Pendleton, was this afternoon removed from office by Governor Oswald West and State Treasurer Kay, the new members of the board governing state institutions.

Dr. Plamondon was notified of the intended action of the board soon after Governor West was inaugurated last Tuesday. It was conveyed to him from the Governor through State Senator C. A. Barrett, of Umatilla, his father-in-law, that his resignation would be accepted. Dr. Plamondon, however, answered by stating that he would resign if he were assured of a place on the staff of the new institution when that staff is selected by the board. This neither State Treasurer Kay nor Governor West would grant and the action taken by the board this afternoon followed.

MRS. MARY LEUBKE SECURES HER DIVORCE

Woman Whose Husband Would Not Speak to Her for Weeks Is Now Free

Judith Harris, of the circuit court, this afternoon granted to Mrs. Mary Leubke a divorce from her husband, Fred G., on the ground of cruel and inhuman treatment. Mrs. Leubke, in her complaint, alleged that her husband refused to speak to her for weeks and that he was guilty of cruel and inhuman conduct toward her. The property rights involved were settled out of court.

Other Cases Disposed Of
The following cases were dismissed today, most of them on motion of the plaintiff:

L. M. Travis vs. John P. Wicks, to recover money.
Griffin Hardware company vs. Montgomery Bros., to recover money.
Crawford, Dranger & Co. vs. Paul Bettelheim, to recover money.
C. F. Mickelberg vs. F. L. Chubbuck, on Hampton and the Newcomb Engineering company, to foreclose lien.
S. H. Friendly vs. E. W. Michael, to recover money.

With the opening of the new year development operations in the Vale oil fields will take on a greatly increased activity, reports the Baker Democrat. At least two new companies will begin boring.
