

CITY NEWS

Weather Summary. The following is a summary of the weather conditions for the 24 hours ending at 8 a. m., March 21: Temperature, maximum, 55; minimum, 41; wind direction, west; condition of air, cloudy.

Weather Forecast. Fair tonight and Wednesday; frost tonight.

Dilions for drugs. Erik Weather yesterday contributed \$5 to the city's treasury for speeding his automobile on the streets.

The mother of Dr. W. Kuskondal is very sick at Roseburg. The doctor has just made a trip to that city to see her.

Household effects have arrived in Eugene from Portland for A. Chapman and family, who will make their home here.

Mrs. Eliza Lambert, of Springfield, has just received a check for \$60 from the National Protective Legion as sick benefits.

Dorcas, the eight-year-old daughter of Mr. and Mrs. E. L. Fisher, dislocated one of her elbows last evening while playing.

Wiley Griffen, Eugene's pioneer colored citizen, has gone to San Francisco to take treatment in a hospital for an injury.

The dancing pavilion at Midway park will soon be completed. The opening dance will be held a week from Wednesday night.

S. O. Garrison, the well-known contractor, left this morning on a business trip to Saksatchewan, Alaska. He expects to be gone several weeks.

M. Swarverud has received a postal card from Dr. W. L. Brown, who with his son, Leonard, is making a trip around the world. The postal was written at Rome.

The Coo Stationery company will be ready for business in the Titus block one day this week. Nearly all of the goods have arrived and are being placed on the shelves.

Jay Dutton this morning paid a \$10 fine in the police court on a drunk charge. Theodore Sinclair was fined a similar amount but he failed to dig up and will serve five days.

Among the new arrivals here who are looking for lands are the following: D. M. Steele and J. P. Austin, from Seattle; Chas. W. Bick, from Cleveland, Ohio; and O. H. Foster, from Garden City, Kan.

J. W. Baker, a former Eugene laundry man, being a partner with E. L. Fisher in the ownership of the Fisher laundry on South Willamette street, was in the city Monday. He has begun the erection of a concrete building 40x50 feet in

Springfield and will open a steam laundry there in a few weeks. Jack's many friends here wish him success in his enterprise.

The ladies' auxiliary of the Eugene Commercial club will meet in the club parlor Wednesday evening at 8 o'clock. All ladies are invited. Bring the scissors and a knife and help make roses for rose planting day.

Stage passengers out of Eugene this morning were the following: Miss Wilson to Elmira; Dr. Bartle to Mapleton and M. Davidson to Crow. C. C. Beck and wife, of Point Terrace, will leave in the morning for home.

A. N. Gurley, L. Gurley, R. E. Gurley and F. M. Gurley, of Lawrence, Kan., arrived in Eugene last night with a crowd of colonists and will locate somewhere in this county. They are stopping at the Hoffman for the present.

C. M. Collier is excavating for a fine two-story residence to be built in the rear of the family residence at the corner of West Fifth and Lincoln streets. The plans for this building were drawn last year by Architect J. R. Ford.

L. E. Moe, of Albany, who has been employed by the Portland, Eugene & Eastern Railway Co. since it started to operate cars there, has been appointed local manager and will now have charge of the affairs of the company in that city.

Arch. Tirrell and James Murray have returned from their "biking" trip along the coast. They went from here to Drain and from there to Gardiner, then up the coast to Yaquina bay and back home by rail. They enjoyed themselves hugely.

Roseburg News: J. D. Zurcher returned from Eugene yesterday after a day spent at that city. His two children, who accompanied him to the northern city, will remain with their aunt until such time as Mrs. Zurcher is able to leave Mercy hospital.

Robert Boyd, of Larned, Kan., is in the city with Jas. Leasure, of Hutchinson, Kan., and they are looking over real estate bargains for a few days. Mr. Boyd is owner of the J. R. Hill farm near Junction City, having bought it a few years ago.

About 25 University students who are graduates of the Salem high school, will organize a Salem club. Its purpose is to keep alive interest in Salem and to interest the coming generation of high school graduates in the capital city in the university work.

Architect Ernest Krouer, who furnished the plans for the new Hampton block in this city, has written the city's building committee that there will be no trouble in financing the lodge's building proposition. Mr. Krouer will probably be among those to submit plans for the building.

The funeral of the late Mrs. E. Highton will take place at the residence of her daughter, Mrs. Emily Kirkpatrick, West 7th street on Wednesday afternoon at 2 o'clock. All friends who wish to view the remains are requested to call at the residence before 12 o'clock Wednesday. No flowers.

Agonies of Dyspepsia

Awful Distress—Unable to Eat or Sleep—Terrible Condition.

The Comfort of Living Restored by Hood's Sarsaparilla

"I have heard people tell about the agonies of dyspepsia, and I have experienced them myself. I also know what it is to be cured by Hood's Sarsaparilla, and no one who has not been through these experiences can appreciate how grateful I am to this medicine. It seems to me I cannot use terms strong enough to tell of my former distress and my present relief. My stomach was truly in a terrible condition. I could not eat anything without the most awful distress. Did not even dare to drink water before I went to bed at night. If I did I would awake in the night with such dreadful agonies I would be unable to sleep for hours. I tried about everything my friends, including the doctors, recommended, but without much relief.

Mrs. H. L. Jordan, to tell of my former distress and my present relief.

"Then I resorted to Hood's Sarsaparilla, and the first relief I noticed was that I did not have that awful distress in the night. I kept on taking this medicine until in a little time I was entirely cured. Today I am a well person, and thankful for the wonderful benefit Hood's Sarsaparilla has been to me. I recommend it to all."

Mrs. H. L. Jordan, 147 North Willard St., Burlington, Vt.

There is no real substitute for Hood's Sarsaparilla. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit.

Get Hood's Sarsaparilla today. In usual liquid form or in chocolate tablets known as Sarsatabs.

Springfield and will open a steam laundry there in a few weeks. Jack's many friends here wish him success in his enterprise.

hop firm, have dissolved partnership. J. W. Seavey buying the interest of his brother, Jesse Seavey. J. W. Seavey now has control of the large hop yard on the McKenzie and other properties owned by the company. Jesse Seavey will engage in some kind of business in Springfield.

The Eugene Real Estate & Investment company has received a request from Buenos Aires, Argentina, for information in regard to Eugene and surrounding country and concerning the adaptability of the soil in this vicinity for fruit raising. The enquirer is Carlos Bartels, whose home is at Buenos Aires.

Charles Vanduy, a university student, son of Charles R. Vanduy, living at 224 East Fifteenth street, and who has been very ill for the past two weeks, has improved, and the doctors no longer consider his condition serious. There was a report among the students at the university and it was even announced at two of his classes that his death had occurred last night.

There was a temperature range yesterday of only 12 degrees. Although this climate is known for its uniformity of temperature, there are places in the Pacific ocean where the temperature range for the whole year does not exceed this figure. Last night at midnight it was no colder than it often has been during the warmest part of the day all winter.

Chas. Owen and wife arrived in Eugene a few days ago from the east and will make this city their home. Mr. Owen is a fine watchmaker, engraver and stone setter, and can make your watch keep time unless it is past all help. Mr. Owen has taken a position with the Watts Jewelry Co. at 221 Willamette street, and will be a prominent fixture at this popular store. L. Simpson, formerly with this store, has gone back to Portland.

There is a bad place in the county road at Judkins' point that could be repaired with but slight cost. The mud stands there at a depth of six or eight inches. Several automobilists during the past few days have stopped to dig with a stick a short channel to drain off the water into the mill race below. This corrects the trouble for the time being but the drain rapidly fills up. A spring of water issuing from the side of the hill is the source of the muddy condition. If this were carried across the road in an underground drain it would quickly remedy the trouble. Automobile owners have applied to the county court.

Change will be made in the local gas system from high pressure in the pipes to low pressure. This will remove all danger of escaping gas from poorly fitted joints, except from fire and from explosions. At present the gas is piped in the streets at a pressure of five pounds to the square inch but reduced by a device at the house. At this pressure a gas main should break during a fire it would be impossible to extinguish the blaze until the gas could be turned off. Under the low pressure system that will be installed the gas remains in the pipes at a pressure of only about one ounce. With this the gas is used

WING & CAMPBELL WILL HAVE COLD STORAGE

PLANT AT MARKET

Midgley Building Being Worked Over for Willamette Street Meat Firm

Wing & Campbell, the Willamette street meat firm, who have leased the Midgley building, mention of which has been made several times by The Guard, will soon install a complete cold storage plant and fix the building up in good shape for their market, which will be one of the finest in the state. The floor of the entire building will be of concrete and the whole structure will be worked over for the firm. More skylights will be added and there will be two offices, one of them being for private business. Harry W. Dana, who occupies a portion of the building with his bakery, will move to Wing & Campbell's present location, and Hollenbeck & McMurphy,

reality dealers, who occupied the other part of the building, have moved elsewhere.

Some of the machinery and fixtures for the cold storage plant are now at the S. P. depot, having been shipped from Portland. The Guard has had all of this information for some time past, but was not given permission until last night to use it.

If you want a student of city building, and good government, vote for M. S. Barker. M-20
