A BIT OF EARLY OREGON HISTORY

In Which Attorney Geo. B. Dorris and Dr. N. L. Lee Figured

Geo. B. Dorris, of Eugene, was transacting business at Junction City today. Mr. Dorris is the oldest lawyer in Lane county. Although he has passed his 75th milestone, he is still in the harness and hale and hearty. Mr. Dorris and Dr. Lee were young men together in the early '60s. The doctor read medicine while Mr. Dorris read law. While students at that city, they borrowed some horses and in company with a couple of young ladies, visited Table Rock, the noted attraction of Jackson county, where the closing fight of the Rogue River Indian war was fought. Mr. Dorris passed himself off as a minister and thus avoided paying ferriage across the state. They reached their destination in advance of Dr. Lee and with much fun Mr. Dorris explained how he avoided paying ferriage. Not to be outdone in "statesmanship," Dr. Lee tried the scheme, and was defeated, consequently both he and Mr. Dorris had to "pungle up" the amount.—Junction City Times.

COLLEGE CREST

Why not buy an acre in College Crest and have a country home on the car line. Do you remember those long muddy walks home this winter when you wished for a "stretcher"?

Well now's the time to see us about that acre.

STATE GRANGERS DESIRE ABOLITION OF THE LEGISLATURES

Corvallis, May 12.—This afternoon opened with the special order of locating the meeting of the next state grange. Bailey of Roseburg presented that city's claim, promising a flower and fruit show at the time. A telegram from Tillamook invited the grange to try that place. Grants Pass presented an invitation through Mr. Babcock.

Roseburg won out by about 10 to 1. The next meeting will occur at that city about May 20, 1912.

company and the Kay, Gun company and will hereafter devote his entire time and attention to his 5, 10, and 15-cent store, increasing his stock greatly. He will add a 25-cent department. He has recently established a branch store at Springfield.

The Guard's informant as to the burglary at the home of Mrs. M. Cox at the corner of East Fifteenth and Perry streets, was slightly mixed as to details. The burglary occurred in the afternoon while Mrs. Cox and her daughters were away from the house. Mrs. Cox put the key in a flower pot on the porch and the burglar evidently saw her do it. He took the key, unlocked the door and ransacked the house. When Mrs. Cox returned she thought the girls had strewn clothing about the floor, but they came soon afterward and said they had not been near. Upon investigation it was found that a trunk had been broken open and \$17.50 in money taken.

The pupils of the Condon school will give a patriotic program Tuesday, May 16th, beginning at 2:45 p. m. the occasion being the raising of the school flag for the first time on the recently erected flag pole presented to the school by the G. A. R. If the weather is pleasant the program will be given outside. Immediately following the program, at 3:45 p. m. the Condon school division of the Patron-Teacher association will meet in its regular session. The meeting will be opened with a song by the girls' glee club of the school. The subject of school savings banks will be discussed by J. J. Dimm and Superintendent Stockton. Closing the afternoon's program, Miss Jessie Walrath, supervisor of music for the city schools will give a vocal solo.

Company A will hold a dance at the armory on the evening of May 19. Lieutenant Cecil Henderson, Sergeant Ed Rohne and Sergeant Dean Gilkey, the committee on arrangements.

A. R. Curtis of the Seth Laraway jewelry store, left on the early morning train for Dubuque, Iowa, in response to two telegrams received last evening announcing the serious illness of his brother at that place.

ACRAGE

We have it within one mile and a half of the First National bank on the College Hill car line, for view soil and homes this land cannot be beat, and we are selling it from \$200 to \$300 per acre with good terms.

J. P. Howe & Co., 559 Willamette St., Corner 8th. Phone 228

COAST DAIRY LAND

104 acres 2 1/2 miles from Florence and all at costs is \$20 per acre. There is piling timber enough on half the land to pay for the whole tract. You can sell this timber now if you will cut and deliver it at the jetty. Forty acres of the tract is light clearing, almost ready for cultivation now and is smooth rich bench land fine for grapevines, apples, strawberries and gooseberries, all of which can be marketed in Portland by cheaper transportation than from Eugene.

This forty acres is better land than much of the land that is selling elsewhere at \$500 per acre and my price is only \$20 per acre. Fortunes are made buying cheap land and now is your chance. This land fronts on the tide water, so you can reach Florence in 30 minutes by row boat or 20 minutes by launch and all it costs is \$20 per acre. It is rich, red soil free from sand or stone, has a large cold spring and spring branch. Only one mile from Hazelwood creamery, two miles from big mills and post office with daily mail, school, church and telephone.

If you are made of the right stuff you can buy this land and pay for it from its own products. It has a beautiful building site overlooking the bay and passing steamers. It has just a good market a the \$200 land elsewhere, has a better climate and all it costs is \$20 per acre. If you will come to Florence in the next few weeks I will show you this land as well as this fast growing export of Lane county. I have exclusive control of this land as well as many good business and residence lots in Florence.

Geo. Melvin Miller.

The Panama canal of 1911. Will be shown at the Folly theatre Friday and Saturday. Worth seeing. M-13
