County Campaign Is Getting Warm

If You Want a Valuable Prize Prove Your Worth---People Like to Help Those Who Help Themselves and If You Work You Will Win---Get Busy and Stay Busy---Big Vote Coupon In This Paper.

SUMMARY OF PRIZES OFFERED

The lady receiving the highest number of votes in each of the three districts will win a summer excursion trip to Alaska, with the added privilege of taking with her any friend that she may choose, with all expenses paid. Viewing the "Mystic Land of the Midnight Sun" is a charming summer vacation, and with the opportunity of having with you any one of your dearest friends or relatives, with all expenses paid, it is doubly delightful.

Besides the Alaska trips, there will be given away free in each district one beautiful $100 Diamond Ring, one complete Six Months' Business Scholarship in the Eugene Business College, and one Lady's Gold Watch.

While the contest is so arranged that each district will win five prizes, one district does not work against another.

In the city district there is a pretty race for first place, and this is more than true in the other districts. In all districts the prizes are not cinched by any particular candidates. First one will be in the lead; then another. Others are satisfied to remain further down in the list, and keep their votes in reserve, but they are determined upon winning one of the grand prizes. A great many who did not show any particular strength at the beginning of the contest have made great gains the past few weeks, and an onlooker may well conclude that the race lies to the one who can show the greatest strength at the finish.

News from the towns that have made the cause of their candidates their own indicates that this is regarded as something more than a mere gift enterprise, the value of the prizes has been a prime factor in stimulating public interest. But it is in the personality of the candidates that the interest has centered.

What Figures Solve.

In the city the voting figures show that the efforts of those who are interested deeply enough to pitch into the matter of securing votes bring bountiful results. In all districts there are those who are in the contest heart and soul and there should be a considerable element of pride in demonstrating that no mistake was made when your name was suggested for an energetic and popular candidate.

What one has done others can easily do. In the territory outside of the city a few have reaped a splendid harvest of votes, but in many communities nothing at all has been done.

Business Education.

A great number of the letters which have been received by the contest manager contain inquiries about the business scholarships, showing that a large proportion of the young women who have entered the race are interested in that feature. It is a worthy ambition for any young lady to try and earn, by her own efforts, a scholarship and she should receive the support from her friends that she deserves.

From the business college point of view a "business education" means a course of study and training that fits young men and women for commercial pursuits. In this age of sharp competition there is little chance for the young woman who face the world without the knowledge and skill that comes from special training. The business college furnishes the preparatory training for the bookkeeper, the clerk and office assistant in all lines of business. It qualifies its graduates to enter at once upon profitable employment. But it does far more than this. It gives an educational foundation upon which future success, in any line of business, may be reared.

There is an unlimited number of desirable and profitable positions in this country to be filled by young women of good character, practical education and good training.

The Eugene Business College, in which The Guard has bought scholarship, is prepared to qualify young men and women for desirable office positions and as teachers of the commercial branches, and to bring them face to face with employers of such service.

The well equipped and conducted business school is naturally the place where a successful business training should be sought.

The business college is prepared to meet every reasonable requirement of those who seek an education, and was selected by The Guard when they decided to give away scholarships as premiums in this great voting contest.

Greatest Offer of the Contest.

For two weeks, twelve days, The Guard Printing Company will give to every contestant 100,000 extra votes, in addition to the votes given on subscriptions according to the schedule given below, for every ten NEW subscribers to The Daily Guard turned in between Monday, June 5, and Saturday, June 17, 1911. The news subscribers to count on this offer must be people who are not now getting the Daily Guard.

The only restriction to this offer is that the ten new subscriptions must average three months each. For example, if you turn in six new one-month and two new one-year subscriptions you will be entitled to 100,000 extra votes. Or if you turn in ten new three-months subscriptions to The Daily Guard you will be entitled to the 100,000 extra votes. This is for NEW subscriptions only.

Also ten new yearly subscriptions to The Semi-Weekly Guard will give an extra ballot of 100,000 votes.

Your surely know ten friends who are not taking the Daily Guard and who would willingly take it for three months each. This is, positively the most liberal vote-giving offer of the contest—this is your opportunity. Subscribers to The Weekly changing to the Daily will count in this offer.

Bargain Period of Contest.

This will truly be the bargain period of the great Alaska Trip Contest. By a little extra effort enough votes may be secured to build up an impregnable reserve. Many candidates have given us the assurance that they are going to work the next twelve days and work hard. Do not let your competitor get the subscriptions in your locality pledged before you awake to the proposition.

More votes will be issued this week, undoubtedly, than in all the previous weeks put together. And why not? This special vote offer is the best inducement yet, and those who do not take advantage of it can readily see that they will lose the opportunity of the race.

Get Your Votes.

When you pay your subscription to The Guard be sure you receive the votes to which you are entitled, as votes are issued on both old and new subscriptions, according to the amounts paid. Ask for your votes —some young lady will appreciate them.

Open Evenings.

For the benefit of those who are not able to get to this office during business hours the contest department will be open every evening until 9 o'clock.

When Votes Are Counted.

All votes received before 1 o'clock each afternoon will appear in the DAY FOLLOWING issue of The Guard.

The standings of the contestants as they appear today includes all votes cast before 1 o'clock yesterday.

The popular free voting contest being conducted by The Guard is the greatest proposition of a like nature ever opened to the people of Eugene. It is not alone in the scope of territory over which the voting extends, but in the splendor and magnificence of the prizes that are to be given to the popular ladies selected by the votes of The Guard patrons.

I saw Foley Kidney Pills advertised and got a bottle and took them according to directions and results showed almost at once. The pain and dizzy headaches left me, my eyesight became clear and today I can say I am a well woman, thanks to Foley Kidney Pills."
