

# PAGE Woven Wire Fence

BEST ON

First---It is the strongest fence, made of the strongest wire.

Second---It is the most elastic fence, and springs back when released from any strain. Every wire tight and right.

Third---It is not controlled by the wire trust or any other trust. And it is double the strength of any common soft wire you are used to, by actual test. Are you from Missouri? I am here to show you.

Fourth---Fits the roughest ground as well as the smoothest.

Fifth---Only takes one-third as many posts, and don't sag or sag.

Sixth---It is the only wire with loop ends. No trouble to splice. Always even at ends.

Seventh---It has the best weave, and the only knot that holds fast and stays. Runs from top to bottom.

Eighth---It is the government standard fence.
