Ballard's SNOW LINIMENT

It neutralizes poisons, subdues inflammation, relaxes contracted muscles and restores healthy conditions. For healing cuts, wounds, burns or scalds, there is nothing like it in the whole list of curative agents. It cures by a mild power that is more effective than the strongest liniments. When rubbed in for rheumatic pains, neuralgia or sciatica, its wonderful penetrating and relieving influence is very gratifying. It is an all-around household liniment that is useful in a thousand ways and its application is always followed by beneficial results.

Price 25c, 50c and \$1.00. James F. Ballard, Prop., St. Louis, Mo.

Use Stephens Eye Salve for Sore Eyes. It Cures.

Sole and Recommended by Dillon Drug Co., special agent.

SPRINGFIELD

MOTOR TRUCK APPEARS ON SPRINGFIELD STREETS

S. K. Noel, Proprietor of Flour Mill, Purchases Fine Machine

Guard's Special Service.

Springfield, June 13.—A metropolitan truck was added to this city yesterday when a new motor delivery truck owned by the Springfield flour mill appeared upon the streets. This is the first motor truck ever in Springfield. The truck was built by the mill in place of teams of horses to deliver grain and flour to and from the plant in Springfield and Eugene. It is claimed to operate at half a cent a mile and much cheaper than horses for this kind of work. It will carry 3,000 pounds of grain. It is a Reo truck, purchased in Portland. S. K. Noel, proprietor of the mill, gave it a severe test yesterday, and is enthusiastic over its performance. He declares that it is far more economical than horses.

The Springfield flour mill will clear down at the end of the week and suspend operations for several weeks during which time the plant will be remodeled and improved. The mill is the oldest in this county, being erected in 1854.

Springfield, June 13.—Springfield again lost a baseball game Sunday, dropping one over to the Coquille winners at Midway park by the score of 12 to 2. Hard luck is partly responsible for Springfield's numerous defeats, for the team is one that rarely better success than the weekly losses indicate. Coquille, however, has a strong team and has defeated Springfield before.

The new Springfield racket store in the new Phillips and Stevens building will open for business on Saturday evening. The proprietors are Barr and Hill and an effort will be made to make it one of the most popular stores in Springfield. It will handle a complete racket line as well as sporting goods.

The new Roberts brothers branch clothing store in the adjoining room will also open for business this week. The shelving and finishing woodwork is now being placed.

The Ellis concrete machine will commence mixing dope for the new Seavey building tomorrow. The forms for the walls are built as far as the second story and the second story girders are all in place. The work is being pushed.

The big transformers for the Springfield-Albany transmission line are in their places and are now being filled with oil ready for use. It will be a matter of only a few weeks until the line will be in use. Much depends upon the progress at the power plant in setting the new turbine.

A man named Humphrey from Fall Creek came to Springfield yesterday with a painful injury to one of his feet. A big splinter came off a log, piercing his shoe and breaking off in his foot. Dr. Pollard removed it.

Mrs. Susan Webb of Rock Island, Ohio, is the guest of Mrs. S. K. Noel of this city.

Dr. Barr returned yesterday from a week's visit in Portland where he saw the rose festival.

A new sanding machine was installed this week in the planer at the Booth-Kelly sawmill. This will add greatly to the facilities of that plant. The new gang saw recently installed in the mill proper is now in operation.

Superintendent Fields of the Southern Pacific spent this morning in Springfield with his private car. He made an inspection of the city and expressed himself pleased with what he saw.

The city council meeting, to have been held last night, was postponed in the absence of the mayor, Mr. Sutton, who is in Portland, and councilman Stevens, who was unable to attend.

WEAK KIDNEYS

There are over one hundred diseases of the kidneys. Each disease requires special treatment, diet and hygiene. No one remedy cures all these various diseases. Each case demands particular treatment, and that is why the Invalids' Hotel and Surgical Institute at Buffalo, N. Y., has had such great success in curing kidney disease in its various phases.

The Physicians and Surgeons employed in this completely equipped Sanitarium are among the most experienced and skillful in the country, men who have made these diseases their life study, and whose highest ambition is to live in their treatment. How well they have succeeded may be judged from the fact that their practice embraces cases from every state and territory of the Union, as well as from foreign lands. Many thousands are annually treated either through correspondence or at this institution, and are cured by Dr. R. V. Pierce many years ago. It is an old usage that "experience makes a man a specialist" and the skillful specialist in this line of practice cures thousands of cases which have been abandoned as incurable by general practitioners.

A chemical and microscopical test of the water and the human body will tell whether the kidneys are in good health or not. These tests of health are conducted by expert physicians and chemists every day at this institution. Such examinations are made without charge. All you have to do is to send a sample by express to the Invalids' Hotel, at the same time write a letter and you will promptly receive the result of the analysis and this absolutely without charge.

Stones in the bladder, if cured, do not use of the knife. So are rupture and false rupture cured without the use of dangerous anesthetics and without pain. In those cases the saving in time is also of importance, patients are confined to their bed for ten or twenty days but make a satisfactory recovery and return home in a week or ten days. Send for free booklet on any one of these diseases. These booklets also contain testimonials of thousands of cases permanently cured by Dr. Pierce's improved methods.

One of the most wonderful electrical appliances is the X-ray used at the Invalids' Hotel, which may be used both in the treatment of various diseases and in the diagnosis of many obscure conditions. With its aid the interior of the human body is no longer the sealed book it once was. Incurable ailments of the bones, gall stones, stone in the bladder or in the kidneys, are shown plainly by what are known as X-ray photographs. Internal tumors, and the enlargement of the prostate gland, are also discovered by this means and in the diagnosis of tuberculosis of the lungs this agent has proven a most valuable aid. When applied to some of the less fatal chronic diseases, such as their origin it has proven very effective as a curative agent.

Another interesting proceeding is the violet-ray treatment produced by concentrating the violet or chromic rays from an arc light with a specially prepared carbon upon any portion of the body that may be the seat of pain. Sufferers from neuralgia, sciatica, rheumatism, strains, sprains, and other muscular aches and stinging pains (the origin of which cannot at times be accurately determined) frequently find immediate relief from a single treatment and usually with a few perfect cures. In the use of this aid, a comfortable health or perfect recovery is obtained.

The incandescent light bath, consisting of a cabinet in which the patient is bathed in the combined rays from many electric light globes, has produced really wonderful results in diabetes, sciatica, rheumatism, obesity, anemia, and some forms of kidney and heart trouble. It has also proven valuable in chronic eczema, bronchial asthma and various skin diseases. As a general hygienic measure its efficiency can scarcely be over-estimated.

Those who have been patients at Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., highly commend this wonderfully equipped Sanitarium, where the above mentioned electrical machines, high-frequency current, and other modern apparatus up-to-date apparatus are used for the cure of chronic diseases. The treatment of the chronic diseases that are peculiar to women have for many years been a large factor in the cures effected at the Invalids' Hotel and Surgical Institute.

This remedial home as established by Dr. Pierce is supplied with every known apparatus and means of cure, for its aim is to avoid surgical operations whenever possible.

Great care is exercised not to over-encourage those who consult the specialists of this institution that no false hopes may be raised.

Many thousands are annually treated both through correspondence and at this institution. Every one consulting by letter or in person receives the most careful and considerate attention. All communications are treated as strictly confidential. No charge whatever is made for consultation.

Write the Invalids' Hotel and Surgical Institute, Dr. R. V. Pierce, President, at Buffalo, N. Y.

MARRIED

At the home of Otto Michael at Cottage Grove, Sunday, June 11, 1911, Anna S. M. Prockus and James H. Deede, both of Cottage Grove, Rev. Albert S. Mason officiating.

PERSONAL

Arthur M. Geary will manage all student activities

Dexter Carter, of Lowell, was in Eugene today.

Miss Mertie Auten went to Creswell today to visit friends.

Miss Elvina Holmes went to Cottage Grove this afternoon to visit.

W. M. Sutton of Springfield returned today from Portland.

Luther King, of Roseburg, arrived in Eugene on the noon train today.

Miss Edith Albrook and Mrs. Mary Albrook went to Madras today to visit Mrs. Harriet Veazie, of Portland, who is visiting her daughter, Mrs. I. M. Glen.

J. A. Nash, of Medford, is here for a day. He will leave tonight for home.

Mrs. S. E. McKinley went to Cottage Grove today after a visit in Coquille.

Mrs. Jas. B. Anderson, of Mohall, N. D., was an arrival in Eugene this afternoon.

Miss Lucy Martin and Miss Hazel Kirtley went to Creswell this afternoon to visit.

L. A. Zook, cashier of the State bank at Coquille, was in the city today on business.

Miss Nellie Shaffer returned today from Portland where she has attended the St. Francis academy.

Mrs. W. H. Davis and family leave today for Palo Alto, Calif., where they will spend the summer.

Miss Geneva Wilcox of Independence will spend commencement week at the Kappa Alpha Theta sorority home.

Mr. and Mrs. W. E. Thompson of Stayton arrived in Eugene this afternoon to visit their sister, Mrs. Mary E. Folanby.

Hon. and Mrs. T. G. Hendricks left this morning for their summer home at Poulade, on the McKenzie, after a few days' stay in the city.

J. E. Heaton returned today from a short business trip to Junction City where he is supervising the installation of telephone improvements.

New picnic grounds have been opened in the Alta Vista tract on the College Hill loop of the street railway line south of the city. The Methodist ladies held a picnic there this afternoon. The owners invite anyone to hold picnics there, provided they gather up the fragments and trash after they have finished. Galey & Wood, the realty dealers at 17 East Eighth street, have charge of the tracts and they should be seen for details.

BORN

At Evans, Alberta, Canada, May 16, 1911, to Earl Pror and wife, a daughter, weight nine pounds. They formerly lived in Eugene.

In Eugene, June 12, 1911, to James M. McNeil and wife, twins.

At the General Hospital in Eugene, June 11, 1911, to A. W. Goers and wife, a daughter.

Give the Children All They Want of the Blue Bell ice cream and butter cream today. You get the product immediately. Why eat the shipped-in product? Eugene Creamery, 574 Olive St.

Brief for the new Klemm Mook is again being delivered and the structure will be rushed to completion.

E. J. Finneran, who has purchased an interest in The Guard, has moved his family into Dr. H. D. Sheldon's residence on South Alder street.

At 6:15 o'clock the Christians at the Baptist will play the Christians at baseball on the F. of O. diamond.

The funeral of Mrs. Elizabeth Skelton, who died in Salem a few days ago, was held at the Gordon chapel this afternoon and the remains interred in the I. O. O. F. cemetery.

The Princess Long recital at the Christian Church last night was quite largely attended. Miss Long has a splendid voice and the numbers on her program were highly appreciated.

Bert Pennington returned today from Corvallis, where, assisted by two men from the University of Pennsylvania, he organized a chapter of a medical fraternity known as the Kappa Psi.

Oro Watters, representing the El Paso hard surface street paving, arrived in Eugene this afternoon and went to Springfield on business matters connected with the paving of Main street in that city.

Dr. M. M. Bull, the dentist, has a number of fine specimens of red-lead front in the show window of the Eugene Gun company. They were caught by him at Al Cook's McKenzie Inn, on the upper river.

The young people's missionary society meets at Miss Barrett's 20 East Tenth street, tonight. The members are requested to come in foreign costume and to bring a gift for the missionary box to be sent to Miss Doyle.

A cement walk is being built on the north side of West Fifth street for an entire block between Adams and Blair streets. The new cement walk ordinance has created a great deal of work for the cement contractors.

Dr. Anna Maurer, the osteopathic physician, left last night on a trip to Europe. She will stop first at Chicago and from there go to New York, where she will embark for the old country to be gone a greater part of the summer.

The stone trimmings for the Bonnett block to be occupied by the Commercial club have arrived and will be placed in position as fast as the brick is laid. The stone was cut at the quarries and shipped here in a finished state.

C. L. Olson, who owns a fine fruit ranch on the river road north of the city, brought the first local grown cherries to the market this morning. The name of the variety was not learned, but they are the ordinary early cherries.

Dr. L. E. McDougal, who recently was confined to his home with eight weeks or more of serious illness, has submitted to another mastoid operation and is recovering rapidly. The operation was very successfully made by Dr. O. R. Gullion.

Hall & Shumway, the plumbers, have begun salt in the circuit court against A. A. Aaby to recover the sum of \$527, with interest at the rate of 8 per cent per annum from March 16, 1911. J. G. Walls is attorney for the plaintiffs.

Mrs. Mary E. Berger was today named by the probate court as administratrix of the estate of her father, Jos. Nurre, who died in Eugene March 13, 1911. The estimated value of the property of the estate in Lane county is \$25,000.

Mining location notices as follows were filed with the county clerk today:

George Melvin Miller has begun to solicit for funds to repair the road between Eugene and Mapleton, especially in the mountains so that automobiles may make the trip safe.

As soon as the repairs are made the proposed auto stage line will be put on between the two points. Mr. Miller says that the people of Florence and other lower Sinegal points are willing to materially assist in raising the money for the work.

T. H. Ellis went to Creswell this afternoon where he will commence work upon two new concrete buildings at that place. He returned yesterday from Harrisburg, where he watched the installation of a new Hanson concrete mixer which he purchased in Portland last week and which he will use to prepare the concrete for the new Farmers and Merchants' Bank building. He will also put a concrete machine at work in Springfield Thursday on the new Seavey building.

TO PROSECUTE

TOBACCO COMBINE

Washington, June 13.—Attorney General Wickham reported to the house today that he did not consider it compatible with public interests to state whether his department is preparing criminal action against the American Tobacco company. Representative Byrnes of Tennessee, immediately introduced a concurrent resolution to direct the attorney general to begin prosecutions at once.

The ladies' auxiliary of the Commercial club extends a cordial invitation to all those ladies who are strangers and newcomers in Eugene to attend the regular meeting to be held in parlors of the club on Wednesday afternoon, June 14. Refreshments will be served and a social time enjoyed. All the regular members of the auxiliary are urged to be present, as this will be the last meeting of the season.

George Melvin Miller has begun to solicit for funds to repair the road between Eugene and Mapleton, especially in the mountains so that automobiles may make the trip safe.

As soon as the repairs are made the proposed auto stage line will be put on between the two points. Mr. Miller says that the people of Florence and other lower Sinegal points are willing to materially assist in raising the money for the work.

HAVE YOU TRIED PAXTINE

The Great Toilet Germicide?

You don't have to pay 50c or \$1.00 a pint for listerian antiseptics or peroxide. You can make 15 pints of a more cleansing, germicidal, healing and deodorizing antiseptic solution with one 25c box of Paxtine—a soluble antiseptic powder, obtainable at any drug store.

Paxtine destroys germs that cause disease, decay and odors,—that is why it is the best mouth wash and gargle, and why it purifies the breath, cleanses and preserves the teeth better than ordinary dentifrices, and in sponge bathing it completely eradicates perspiration and other disagreeable body odors. Every dainty woman appreciates this and its many other toilet and hygienic uses.

Paxtine is splendid for sore throat, inflamed eyes and to purify mouth and breath after smoking. You can get Paxtine Toilet Antiseptic at any drug store, price 25c and 50c, or by mail postpaid from The Paxton Toilet Co., Boston, Mass., who will send you a free sample if you would like to try it before buying.

Instead of Liquid Antiseptics or Peroxide many people are now using Paxtine Toilet Antiseptic

The new toilet germicide powder to be dissolved in water as needed. For all toilet and hygienic uses it is better and more economical. To cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean, odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration and body odors by sponge bathing. The best antiseptic wash known. Believes and strengthens tired, weak, inflamed, and heals sore throat, wounds and cuts. 25 and 50 cts. a box, drugist or by mail postpaid. Sample Free.
