BOYS' AND GIRLS' AID SOCIETY IS WORTHY OF PUBLIC SUPPORT

Tag Day Tomorrow Should Be Success—Ladies Should Call on Miss Pease.

The Boys' and Girls' Aid society of Oregon was incorporated in the year 1885, since which time it has received nearly 4000 children. These children come from all parts of the state and as can be seen by the last annual report four-fifths of the cases came from the county of Multnomah. Were it not for the officers of the society, who are making this their life work, many cases of neglect, abuse and abandonment of heartless parents or guardians would be overlooked, but the society has detailed investigators in the field whose business it is to watch children placed out in family homes in their district, and bring before the proper authorities cases of abuse of children. It is as much an institution of Lane county as the county poor farm, the hospital or any other county institution, and as it depends in part on charity, it is hoped that the visitors to the fair on Friday will remember it is "tag day" for the society, and willingly donate their mite toward the maintenance and future welfare of the dependent and delinquent children of Lane county.

The ladies who are to sell tags, please call upon Miss Myrtle E. Pease, traveling visitor, at the Osburn hotel, room 238, this evening or any time Friday.
