

Cottolene

A Rational National Shortening

The woods are full of imitations of Cottolene—because Cottolene has made a pronounced success as "the perfect shortening." These imitations are of inferior quality, are packed in tins with ordinary removable covers, and depend largely upon substitution methods for their sale.

When you ask for Cottolene be sure you get Cottolene. There's only one Cottolene—packed in patent air-tight tin pails, with our trademark on the face of the pail.

It pays to pay a little more for Cottolene because of its superior quality and the fact that, being richer, it will go one-third farther than lard or any of its imitations. Its use means economy in the end.

GOOD ADVICE FOR EUGENE PEOPLE.

People in Eugene who have constipation, sour stomach or gas on the stomach, should use siple buckthorn bark, glycerine, etc., as compounded in Adler-I-ka, the new German appendicitis remedy. A SINGLE DOSE brings relief almost INSTANTLY because this simple mixture antiseptizes the digestive organs and drains the impurities. Dillon Drug Co.

After exposure, and when you feel a cold coming on, take Foley's Honey and Tar Compound. It checks and relieves. Use no substitute. The genuine in a yellow package always.

ANOTHER VICTORY FOR Flanders

The only car that has successfully made the trip to Hazelton B. C. The Flanders 20 has traveled where no other car has gone before and over roads that were almost impassible. This is the greatest test that this sturdy little car has ever had and a test that cars of twice the price could not stand. The Flanders has won all prizes in and out of her class and has shown that there is better material and workmanship in this little car than cars of twice the price. The 1912 Flanders four-door complete with top, wind-shield and speedometer
