

### SILVER FOR THANKSGIVING

There is a charm about a silver service that no other ware used on the table gives.

It has distinction and exclusiveness in its appearance and if you choose your set carefully it should last for generations.

We are showing just at present a larger selection of Sterling silver set than has heretofore been shown in Eugene. These sets consist of three and four pieces just as you desire and each piece is the product of the most famous silversmiths in America.

Just think how attractive you can make your Thanksgiving table with one of these sets.

You will find every article in this Store reasonably low priced.

### AUTOS CAN'T HAVE THEIR OLD NUMBER

#### Attorney-General's Office Says Secretary Must Allot by Application

Salem, Or., Nov. 21.—Automobile owners will not be able to retain their registration numbers from year to year unless by chance, as the law provides for giving them numbers as their applications came in, regardless of the numbers they carried before. This is the substance of an opinion given to Secretary of State Olcott by the attorney-general's office.

The ruling will be disappointing to hundreds of auto owners throughout the state, who seem to have especially strong desires to retain the same numbers. It is evident that the question of repainting numbers on lamps as well as the desire of automobile owners was not considered by the legislature.

### SETTLERS ON HOMESTEADS ARE PINING FOR WIVES

Silver Lake, Or., Nov. 21.—Men homesteaders in this vicinity are tiring of single blessedness. They even doubt that single life is blessed at all and threaten to let slide the development of the vast acreage of government land into farms if Cupid does not readjust the situation.

Especially do the homesteaders deplore the indifference of young women who are homesteading in this neighborhood, many of whom are alleged to be so shy and coy that a man visitor daunt not step over the property line without danger of having the dogs that some of the fair ones keep on the premises pounce on him.

The Silver Lake Bachelors' club has just been organized to remedy the dearth of wives. The officers of the society are as follows: President, G. W. Marvin; vice president, E. F. Roberts; I. W. Martin, G. H. Looney; secretary, A. N. McCall; treasurer, Earl Reed.

The organization has adopted resolutions setting forth its purpose to relieve the lack of feminine company on the ranches hereabouts. It is asserted that all communications to the club will be regarded as strictly confidential.

### ALBANY HOTEL CLERK NOW A FUGITIVE

Jack Mantel, night clerk at the St. Charles for a couple of weeks, early yesterday morning skipped out on the 4:18 train. It was thought northward, taking numerous things according to the report at the office of the hotel. The bill was relieved of \$10 in cash, and Ben Clelan's Oregonian bill of 49 cents, Jerry Donovan's overcoat and a pair of gloves, John Page's overcoat and a suit case and a raincoat belonging to E. G. Perkins, of Springfield, went with the money.

Investigation revealed the fact that Mantel was a resident of the penitentiary at one time, going up from Roseburg.

An effort is being made to track him down.—Albany Democrat.

### STEEL TRUST PROBE MAY BE DROPPED

Washington, Nov. 20.—Richard V. Lindabury, counsel for the United States steel corporation, made objection before the Standley steel trust investigating committee today to the continuance of the hearing. In view of the government's suit against the steel corporation. He argued that to continue the hearing would be against the provisions of the resolutions of congress authorizing an inquiry into the acts not under investigation by the government. The committee at once went into executive session and decided to postpone further consideration of the steel trust until the assembling of the full committee.

### MISSING BALLOON LANDS IN SAFETY

Indianapolis, Nov. 20.—Fear that the balloon Dusseldorf, which sailed from here yesterday, manned by G. L. Bumbaugh and Walter Moffitt, may have dropped into one of the great lakes, is expressed by friends, in the absence of word that the balloon has been sighted. The crew hoped to win the Lahm cup for a long distance flight.

Later it was learned that the Dusseldorf landed today at Monroeville, 110 miles northeast of here.

### LUMBER TRUST'S ANSWER IS FILED

Detroit, Nov. 20.—The Michigan retail lumber dealers' association, its officers and directors today, in the federal court here, made answer to the recent indictments charging violation of the Sherman anti-trust law. The answer admits the collection and dissemination of information concerning manufacturers, jobbers and wholesalers, dealing directly with the consumers, but denies any conspiracy, intimidation or blacklist methods.
