

RED CROSS FUND IN CITY TOTALS \$12,214 TODAY

People of Eugene Give "Humanity Dollars" With Disregard for Minimum as Established Before Campaign Began.

SMALLER TOWNS SHOW GENEROUS RESPONSE

Contributions at Franklin More Than Double Sum Asked; Leaburg Gives \$150. Other Towns Send Cash.

Eugene's subscription to the Red Cross fund was almost one-fourth more than the allotment of \$10,000 at noon today. A total of \$12,214 had been subscribed at that hour, according to reports made by the eight teams in charge of the canvass of the city. There was no disposition shown in any quarter to curtail subscriptions because others had given more generously than demanded by the minimum estimate. On the contrary, the canvassers found that men and women were anxious to do their part regardless of sums given by their neighbors, because the fund, no matter how much it may be over-subscribed, will be needed in carrying on the great humanitarian work of the Red Cross in connection with the war.

Salaried men and women have been doing their part. Many employees of various establishments have made subscriptions of from 5 to 10 per cent of one month's salary.

Committees Meet at Luncheon.

The committees conducting the canvass met at noon today in the chamber of commerce to make their reports. Luncheon was served by the women of the Presbyterian church. Tomorrow, the luncheon will be served by the women of the Catholic church.

Reports from the various towns in the county continue to show large over-subscriptions to the fund. Franklin today turned \$110 over to the county committee and reported pledges totalling \$200, double the amount of the allotment for that community. Leaburg, asked to give \$100, reported \$150 in subscriptions, largely paid in cash.

To Hold Meetings Tonight.

F. S. Dunn, H. O. Bowen and A. T. Gordon will address a meeting to be held at Dexter tonight. Rev. A. M. Spangler will speak at the Rex theatre tonight and Elmer Paine will speak at the Savoy. Meetings in the interest of the Red Cross are to be continued tomorrow night with addresses by E. O. Potter, at the Rex and R. S. Hamilton at the Savoy.

Large signs were placed at the intersections of Seventh, Eighth and Ninth avenues with Willamette street today, to call attention to the Red Cross campaign. Authorized Red Cross solicitors, making a canvass tomorrow, will wear arm bands. It was announced today at headquarters.

National Committee Estimates One-Half Sum Asked Will Be Subscribed Before Night.

Washington, June 21.—The Red Cross campaign for \$100,000,000 was practically half over today with every prospect that before night \$50,000,000 would be subscribed.

Contributions today passed the forty six million mark with other millions of the "humanity dollars" mounting rapidly toward the grand total. New York City maintained her lead with \$20,587,355. The remainder of the country had subscribed \$25,805,717.

Midday reports showed that Chicago still held second place among the cities with Cleveland proving a dangerous rival. Chicago had reported \$2,504,282 and Cleveland, \$2,428,965. The contributions by sections were as follows:

North central states, \$11,483,924; middle Atlantic \$7,298,112; New England, \$2,070,294; the west \$2,066,318 and the south, \$1,574,754.

Among the state Ohio still maintains a comfortable lead with subscriptions aggregating \$4,067,150. This, of course, excludes New York City whose campaign is exclusive of the New York state campaign.

Cleveland, Kansas City, Hutchinson and Ellsworth, Kansas; Colorado Springs and Monte Vista, Colo.; Wenatchee and Hoquiam, Wash.; La Grande, Or.; Blackwell, Okla.; Eureka, Cal., and Brazil, Ind.

Headquarters reports at the opening of today's work showed the proportion each of the following cities have raised of its apportionment:

Seattle, seventy per cent; Tacoma, 46 per cent; Minneapolis 45; San Francisco 43; Spokane 42; Portland, Or., 41.

Headquarters today issued the following bulletin for the western states: "The feeling at National Red Cross headquarters today with reference to the west is thoroughly optimistic and reports indicate that the apportionment will be exceeded."

"In Idaho, Moscow has raised \$5000; Caldwell \$5,350; Idaho Falls \$7,413 and Hailey \$3,719.

"Billings, Mont., has raised nearly one-half of its \$30,000 apportionment. Oregon cities are doing well. Portland has secured \$139,000 out of \$200,000 promised.

"In Wyoming, Sheridan has turned in \$10,000 of the \$25,000 promised.

"Everett, Wash., has practically completed its quota of \$25,000 and Centralia has secured \$0,000 of an allotted \$10,000. It is said the northwest will raise half a million dollars more than is promised.

"Returns are coming in very slowly from Nevada, New Mexico, North Dakota and South Dakota."

OREGON GIVES \$305,559.

Portland, Ore., June 21.—Oregon has contributed \$305,559 to the Red Cross war fund this week, the campaign committee announced today. The Portland committee, having raised \$186,792 today voluntarily ordered the city's apportionment increased from \$200,000 to \$300,000 which will make the state quota \$700,000. Outside of Portland the Oregon contributions total \$208,767.

\$5,000,000 SUBSCRIBED.

New York, June 21.—A donation of \$5,000,000 to the Red Cross war fund by the Rockefeller foundation was announced here today. The total subscription made today to the 30 teams working here for the fund was reported at \$6,524,000.

It is probable the campaign will end tomorrow with total collections of \$40,000 or more.

FRENCH LEADER SAYS GERMANS FEAR AMERICA

Feeling of Serious Unrest Has Developed in Kaiser's Domain Since United States Entered War, Cambon Asserts.

STORM FRENCH POSITIONS

Paris, June 21.—Jules Cambon, general secretary of the ministry of foreign affairs, declared that the entrance of America into the war had caused serious unrest in Germany, in the course of an interview with a correspondent of "The Associated Press" today. He said:

"In the hearts of the French people who welcomed General Pershing there was, first of all, the desire to reply to the enthusiastic reception which the American people gave the French delegates, but there was also something else equally important. A feeling of serious unrest was caused in Germany by the entry into the struggle of a country which brings to the allies, together with its entire strength, a freshness and ardor which have not been diminished by three years of war. Germany feels that the Americans, once engaged in the struggle, will not give up. It is to prevent this cementing of close ties that it is multiplying its efforts to spread dissension among the allies."

"The incident of the Swiss socialist, Grimm's, intrigue in Russia reveals Germany's handwork and is one of the straws showing how uneasy and troubled Berlin is because of America. In France everyone realizes that this uneasiness and fear are justified."

Discusses Socialist Proposal.

In regard to the publication of the peace program of the German majority socialists at Stockholm, M. Cambon said: "It proves that their aims coincide with those of their government, especially on the Alsatian question, which is to be the big question when negotiations begin. The American public must know that all our questions, such as those concerning economic, colonial, maritime, indemnity and Belgian matters, must yield before it and according to its solution posterity will know who triumphed."

Count on President Wilson

Referring to President Wilson's flag day address, the foreign secretary said that it was a great success in France because of the precision of the president's declaration, the loftiness of his viewpoint and the moderation with which he expressed his war aims.

"Many Frenchmen," he continued, "count on President Wilson to maintain the moral character of the war and interpret for the allies the high ideal which animates all."

Turning to the Greek situation, M. Cambon said that the French government did not think it necessary to take any coercive measures regarding Constantine's residence, because his role henceforth was estimated as unimportant.

CROWN PRINCE'S TROOPS LOSE HEAVILY IN BATTLE

French Are Entrenched in Favorable Positions After Notable Advances in This Sector During Spring Campaign.

Stockholm, June 21.—Dr. Max Goldfarb, one of the American socialists who have arrived here, declares in a report submitted to the Dutch-Scandinavian committee that:

"Although the United States is already in the war, I can say that the position of the American socialist party as a whole is strictly neutral and thoroughly international."

The report calls for the creation of a permanent socialist committee to work for a permanent peace. A second recommendation deals with the composition of the congress which will be called upon to settle the issues of the present struggle and demands a "congress of representatives of the nations and not of the governments."

Dr. Goldfarb continues: "The governments have forced upon the masses this terrible war. Let the masses force upon the governments such an international arrangement as would make a repetition of this carnage impossible."

Dr. Goldfarb told the committee that he spoke in the names of Morris Hillquit, Victor Berger and of the whole American socialist party, which he said, "is heart and soul with you and will gladly abide by your decisions, tending to save the world from the horrors of war." His report declares further that there is no war feeling among the mass of workers of America.

Three delegates from the Italian minority socialist body, Laboriola Raimondo, Lerda and Cappa, the republican deputy, have arrived.

Although Dr. Goldfarb, who is connected with the Forward of New York, described himself on his arrival at Stockholm as a representative of the American socialist party, socialist leaders in this country state he has not been authorized to act on behalf of the party. Abraham Cahon, editor of the Forward said yesterday Dr. Goldfarb was not an American but a Russian citizen.

EUGENE CHEESE IS FINDING MUCH FAVOR

Patrons Like It and Farmers Find It Profitable to Them and Are Well Pleased.

The managers of the Lane County Farmers creamery have expressed themselves as well pleased with the cheese industry which is just getting well under way in connection with their creamery. The first cheese have been on the market but a very short time, but they report that it is meeting a hearty welcome both from the consumers and from the local merchants. The latter almost without exception are pushing the local product, state the managers of the creamery.

At the time the creamery was opened the management did not anticipate that they would receive over 2000 to 2800 pounds of milk per day, but already, within a month of the opening of that department they have received as high as 3,000 pounds of milk per day.

The farmers are paid for the milk on the basis of butter fat. The cheese-maker reports that the average is about 4.3 per cent, which is a high percent and makes an
