SUFFRAGE PICKETS ARE UNDER ARREST

Two White House Sentinels Charged With Blocking Traffic and Unlawful Assemblage.

(By The Associated Press)
Washington, June 22.—The police today began dealing with the suffrage pickets about the White House with a firm hand. It was ordered that no banners were to be permitted to be displayed and 20 policemen were stationed about the White House fence to enforce the order.

Miss Lucy Burns of New York and Miss Catharine Morey of Boston, carriers of a banner who refused to move from in front of one of the White House gates, were arrested and taken to police headquarters.

At police headquarters the two banner-bearers were informed that they had been arrested for blocking traffic and unlawful assemblage. They were released on their own recognizance and no date was set for trial.

It developed that the suffragists took their banners out again today under advice of counsel but that they had sprung a surprise on the police. Instead of banners bearing inscriptions, characterized as "treasonable" and "offensive" they bore banners inscribed with phrases from some of President Wilson's addresses.

The banner which led to the arrests today carried this sentence from the president's war message:

"We will fight for the things we have always held nearest our hearts—for democracy—for the right of those who submit to authority to have a voice in their own government."

Leaders at suffrage headquarters were undaunted after the arrest of Miss Burns and Miss Morey whether another effort would be made to display a banner. Some were inclined to favor waiting the outcome of the trial of the two women but others took an opposite view and a new banner to say to the Russian mission that President Wilson is deceiving Russia by calling America a democracy was prepared, in case it was decided to resume the offensive.

BACKING UP THE GUNNER
Senseless waste is bad enough in time of peace. In time of war, it's unpardonable.
Now patriotism doesn't mean that you should hoard your money to the extent of becoming a miser.
It means you should economize sufficiently to eliminate waste and extravagance.
And before this cruel war is over, the dollars you thus save are bound to count in the general result.
Every saving is a BIG SAVING these days.

Send in Your Subscription to The Red Cross

The work of the Red Cross brings opportunity for humanitarian service to every man, woman and child. People should not give to such a cause because they are asked, but because they want to do it in response to an appeal as worthy as any ever made to the nation. Members of the Red Cross teams in Eugene and Lane county have been meeting with a general response from the people, but there are many who may not be asked to give. Don't wait for the committee! You want to do your part! Fill out the blank, printed here, and send it to The Guard, or any bank in the city of Eugene and it will be turned over to the committee. In this way you may shoulder your part of the burden of those who stay at home. If you can only give ten cents, subscribe.

June, 1917.

EFFORT IN VIENNA TO FORM CABINET FAILS

Premier Who Recently Resigned Asks King to Invite Some One Else to Act.

(By The Associated Press)
Amsterdam, June 22.—Count Henry Clam-Martinic, premier of the Austrian cabinet which recently resigned, has failed in his attempt to reconstruct the ministry, according to a despatch from Vienna. The count has asked Emperor Charles to invite some one else to form a cabinet.

AUSTRIA'S AIMS STATED.

(By The Associated Press)
Copenhagen, June 22.—Assumption that the "survey of Austrian public opinion on war aims," circulated by the Austrian correspondence bureau, represented the Austro-Hungarian government's program of peace terms is confirmed by an article in the "Frankfurter Zeitung," reproducing these conditions of the official government program. The article, for which high authority is claimed, says that Serbia and Montenegro must find their future economic development in close economic association with Austria-Hungary. In other words it proposes a customs union. It declares that Lovcen mountain in Montenegro must be retained as the key of the gulf of Cattaro and that "Albania must be given autonomy under military and economic suzerainty of Austria-Hungary."

Discussing Rumania, the statement says that this question is for Austria-Hungary identical with the Danube problem and arrangement must be made for a free, open Danube route, not subject to the control of any foreign power. Finally that Austria-Hungary must have a better military frontier against Italy, more fully protecting Trieste and the Tyrol.

New War Regulations for Panama Canal Announced

(By The Associated Press)
Washington, June 22.—To meet war conditions President Wilson has approved new regulations for the Panama canal prescribing the length of time belligerent warships may remain in canal waters and the conditions under which they may coal and provision.

To insure a free and open waterway on terms of equality to merchant ships and warships it is ordered that there shall not be except by special arrangement at any one time, a greater number of war vessels of any one nation, other than the United States, including those of the allies or such nation, than three in either terminal port and its adjacent terminal waters or more than three in transit through the canal, nor shall the total number of such vessels at any one time exceed six in all the territorial waters of the canal zone. The regulations are in general similar to those governing the Suez canal.

BOY SENTENCED TO HARD WORK ON FARM

Herbert Moore Is Again Up Before Juvenile Judge; Made Ward of Court.

Herbert Moore, living near Springfield, was in the juvenile court Friday, charged with violating the temporary order of the court. Young Moore was made a ward of the court and ordered by Judge Bown to remain on his father's farm until further order from the court, working eight hours per day. He was forbidden to leave the farm except to attend church on Sundays with his parents and ordered to return home at once with them. The father asked that the boy be permitted to do team work between the farm and Springfield, but Judge Bown refused permission, finally consenting to his driving a second team in company with his father to be responsible for his immediate return to the farm.

Moore is the young man who tried to elope with a girl last spring, drove an automobile belonging to another party to Cottage Grove and got stuck in the mud, he and the girl remaining in the car all night. The next day they were brought back and the young man put on parole, which he violated. Judge Bown announced that if he violated the parole he would have to send him to the training school.

Miss Margaret Crim left Friday afternoon for Berkeley to attend summer school.

ODD FELLOWS PICNIC AT JUNCTION CITY

Next County Meeting Will Be Held in Robinson's Grove Near Irving.

About 400 Lane county Odd Fellows and their families took part in the annual picnic held at Junction City Thursday. The rain interfered with the outdoor sports and the program of exercises was held in the Odd Fellows' hall at Junction City. The picnic next year will be held in the Robinson Grove near Irving, the affair being held under the auspices of the lodge at Irving.

The following officers were elected for the coming year: President, E. H. Ross, Irving; secretary-treasurer, F. L. Snodgrass, Eugene. Each subordinate lodge in the county will also elect a vice-president for the county association.

Attorney C. E. McGinnis, of Eugene, was the principal speaker at the picnic Thursday. Mrs. Lancaster, state president of the Rebekahs, was also present and addressed the gathering.

Other features of the program were a reading by Helen Love and a dumb bell drill by Miss Zimmerman.

FARMHAND KILLS FOUR.

(By The Associated Press)
Watertown, N. Y., June 22.—As the result of an outbreak on the part of Frank Briggs, a farmhand who is believed to be demented, four persons are dead today at the Buck farm, near Stockholm. The tragedy occurred last night, Briggs using a rifle in his murderous attack.

Briggs later surrendered to the police.

Kansas Wheat Production Is Smallest in Many Years

(By The Associated Press)
Topeka, Kan., June 22.—A total production of 42,000,000 bushels of winter wheat in Kansas this year, 2,000,000 bushels more than the May estimate, was forecast in the report issued by the state board of agriculture today. It will be the smallest wheat crop since 1896.

The prospective yield of oats is given as 70,354,700 bushels, exceeding the best previous year, 1888, by 10,000,000 bushels and surpassing the crop of 1916 by 41,000,000 bushels, the report declares. Estimates indicate that the yield of barley may aggregate 16,000,000 bushels.

Plan to Save Bread to Feed 200,000 Is Proposed

(By The Associated Press)
Washington, June 22.—More than 22,000 bakers throughout the country have agreed with the commercial economy board to begin on July 10 to refuse returns of stale bread from dealers. By thus reducing production to actual consumption, enough waste will be eliminated to feed 200,000 persons besides relieving many employes for other necessary work.

Canada's Method of Providing for Soldiers' Families Told

(By The Associated Press)
Washington, June 22.—How Canada provides for the wives and children of her soldiers is described in a special report issued today by the Federal Children's bureau. In addition to the allowance of \$20 a month is paid his dependents, and in special cases further aid is furnished from the Canadian pension fund. Life insurance on men at the front is carried by many cities and the nation has undertaken the re-education of disabled men in gainful occupation.

WOMEN! READ THIS!
Lift off any corn or callus with fingers and it won't hurt a bit.

Your high heels have put corns on your toes and calluses on the bottom of your feet, but why care now?

This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it frezone. Small bottles of frezone like here shown can be had at any drug store for a few cents. Don't slap or twist your face in agony and spoil your beauty but get a little bottle of frezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers.

Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without suffering one particle. You feel no pain or irritation while applying frezone or afterwards. It is magic!

Don't Hide Them With a Veil; Remove Them With the Othine Prescription
This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by any druggist under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.
