

DEMOCRACY STANDS TEST, SAYS DANIELS

America Showing World That
People of Republic Can Wage
Effective Warfare.

(By The Associated Press)
Annapolis, Md., June 28.—America is demonstrating to the world that a democracy of a hundred million persons can wage war effectively and with unity of spirit, Secretary Daniels declared today in a commencement address to nearly 200 members of the Naval academy third year class, whose graduation was advanced by a year to provide officers for fighting ships.

"Those who prophesied that America would not go wholeheartedly into this war have been discredited," said the secretary. "The only divided councils have been as to the best method to be employed and when the president and congress have spoken their decision has been accepted."

"We are going to war without passion,

without hatred, without lust for land, without a trace of vengeance. We do not hate the people we are to fight. We hate only the autocracy which harnesses them to the juggernaut. Our victory will not only make the world safe for democracy, will not only strengthen self-government and end the fiction of divine right, but it will also bring to the German people a new breath of liberty and hope for the day when they will govern themselves and be no longer the pawns of militarism."

FORMER CONVICT IS HERO IN RUSS ARMY

Whole Division Resolves on Of-
fensive Movement After Wit-
nessing Feat of Volunteer.

(By The Associated Press)
Petrograd, June 28.—The hero of the army in the woody Carpathians is a former convict from Siberia who by his example inspired an attack by forces which heretofore had obstinately refused to charge. The ex-convict, whose rank is sergeant, led 50 volunteers in a rush on a German blindage. The attacking party, confused by heavy fire, wavered, whereupon the sergeant alone climbed the breastwork and hurled a bomb among the enemy. Attacked by three Germans, he sabred and shot two of them. Then, with only 18 followers, several strongly-held blindages were rushed. This produced general panic among the enemy and resulted in the capture of many prisoners. The sergeant was given an officers' commission, two regiments invited him to take command and the whole of his division resolved immediately to participate in an offensive.

Industrial Workers Plan to Strike in Opposing Draft

(By The Associated Press)
Virginia, Minn., June 28.—Minnesota range Industrial Workers of the World members are prepared to strike. This was revealed in minutes of a meeting of the Metal Mine Workers' branch of the I. W. W. found in a pocket of Secretary Dominic Silver, who late yesterday was held for action of the federal grand jury. The minutes were introduced as evidence. They call for a general strike "if our fellow workers are not released from the 'Bivabik jail.' Fifty I. W. W. are held there as alleged slackers."

I. W. W. SENTENCED.

Duluth, Minn., June 28.—With the sentencing of Arthur Thorne, secretary of the Duluth local of the Industrial Workers of the World, to 85 days at the work farm, Municipal Judge Smallwood last evening placed the court on record as holding the I. W. W. to be an organization "which by word of mouth teaches or advocates the duty, necessity or propriety of violence or industrial strife."

William Sullivan will be on trial today and Elizabeth Gurley Flynn, New York, will follow.

BREAKS FLYING RECORD.

(By The Associated Press)
Newport News, Va., June 28.—What is believed to be a new air flying record was established yesterday when Captain John C. P. Bartholomew and Lieutenant Stevens of the government's aeronautical experiment station at Hampton Roads, flew from there to Mineola, Long Island, in four hours and fifteen minutes.

(By The Associated Press)
Franklin, Texas, June 28.—Joseph Miller, of this city, was killed here 30 years ago. An indictment was returned naming Frank Patrick in connection with the death, but he never was apprehended and it was supposed that he was dead.
