LOWER QUOTATIONS ON GRAIN ARE REPORTED

Firmness Develops on Reports That Spring Crops Were in Need of Rain.

(By The Associated Press)

Chicago, July 13.—Active buying based on the scarcity of rural offerings and on the meagreness of receipts led to a material advance today in corn values.

Opening quotations which ranged from 1-2 cent decline to 1 3-8 advance with September at 1.60 1-4 to 1.61 and December at 1.15 3-4 to 1 16 1-2 were followed by a temporary rise all around to about one cent above yesterday's finish.

The close was nervous 1 1-8 to 4 1-2c net lower with September at 1.58 3-8 to 1 58 1-2 and December at 1.12 to 1.12 1-2.

Oats reflected the activity and strength of corn.

There were no trades at all in wheat for an hour after the opening. This unprecedented condition was ascribed chiefly to the inability of dealers to form any stable opinion as to what result to expect from the tangle in congress over the food control bill.

Later when a little business finally developed the market showed some firmness that was associated with continued need of rain in the spring crop territory. The close was unsettled at 1c net lower to 2c advance with July 2.03 and September 1.94 1-2.

Provisions lacked support. In the absence of any aggressive buying prices underwent a moderate sag.

WALL STREET

New York, July 13.—Industrials and war shares of all descriptions were under steady professional pressure today, declines ranging from 2 to 7 points. Sales approximated 900,000 shares.

Gains far exceeded declines at the beginning of today's operations, trading embracing a wide variety of issues. Shippings were again in favor at advances of one to two points while Industrial alcohol led the high priced specialties at a further rise of 2 5-8. Equipments, oils and the prominent steels registered fractional gains and rails scored irregular advances, St. Paul leading that division at a gain of 1 5-8. Motors and some of the minor coppers were among the few backward shares, Studebaker being most susceptible to pressure.
