

Take the "Veil" from Your Vision

Some people put a heavy veil on, so to speak when they look through their reading glasses, at objects more than a few feet away. Things look blurry and indistinct. This proves that they need KRYPTOK glasses. The glasses you now wear may be good for close work, but when you look up, you cannot see distant objects clearly.

KRYPTOK GLASSES
THE ONLY INVISIBLE BIFOCAL

They not only "lift the veil" from distant things but also enable you to see near-by objects (with one pair of glasses) clearly and distinctly. KRYPTOKS (pronounced Crip-tocks) are crystal clear, without seam, line or hump. That's why they are infinitely superior to all other double vision glasses. Call and let us tell you other reasons why you should have KRYPTOK glasses.

The Real American Beauty

How glorious and wonderful is the advent of another life. When baby is born there comes into the world a new soul, the real American Beauty. When the hour arrives it should be the dawn of a new and perfect future. The joy of motherhood should be as free from fear and danger as it is possible to make it. Thousands of women have used the safe and reliable application, "Mother's Friend". It is a wonderful help to nature in relieving strain and distress brought about by expanding muscles. The nerves, too, will be calm, making the period one of cheerful days and restful nights. The breasts are kept in good condition and the abdominal muscles relax with ease when baby is born. "Mother's Friend" makes it possible for the expectant mother herself to actually aid nature in the glorious work to be performed, and no woman should neglect or fail to give nature a helping hand. It will mean infinitely less pain at the crisis.

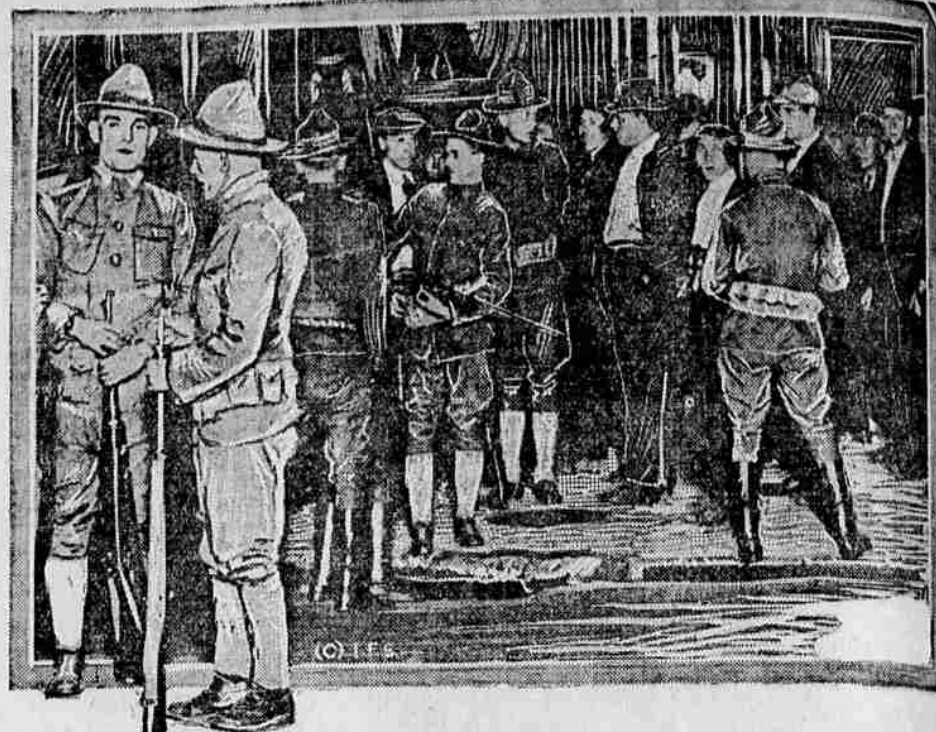

Do not fall under any circumstances to get this greatest remedy, ever compounded for expectant mothers. Write to the Bradford Regulator Co., Dept. J, 209 Lamar Building, Atlanta, Ga., for their book, "Motherhood and the Baby". They will send it free. It is not only very useful, but will make you helpful to others. Remember to ask your druggist for a bottle of "Mother's Friend" today.

WINIFRED ALLEN IN "AMERICAN—THAT'S ALL"

"American—That's All" New Triangle Play

"American—That's All" is the title of the new Triangle play in which Jack Devereaux and Winifred Allen are featured at the Savoy today only. It is a typical American comedy, in which the hero and the heroine enter the business world with startling results. Jack Devereaux as the hero is the son of

and heir of the pickle king of America. Going against his father's wishes, he marries the girl he loves instead of one of titled aristocracy. With the aid of the girl he shows that as a business man he is not to be sneered at and does not stop until he has his father come to listen to his terms. It is produced under the supervision of Allan Dwan, Arthur Rosson directing the production. Robert Shirley is the author.

New York Educator Finds Classes Wear Gas Masks. Women Take Places of Men.

New York, July 20.—Schools in caves, with pupils and teachers wearing gas masks, are extremes to which war-ridden France has gone to insure for every child "that heritage in which alone is the property of an enduring nation," says an official report to the regents of the university of the state of New York by John L. Finley, president of the university and state commissioner of education. Mr. Finley recently returned from France, where he studied the effect of the war
