

Studebaker

SILENCE

The perfection of Studebaker manufacture is responsible for the smooth running silence of Studebaker gears and moving parts.

Correctness of design and the correct material for each vital part, together with the exactness of manufacturing methods, has made it possible to secure even greater standards of accuracy than ever before.

In the Series 18 Studebaker Cars noticeable vibration has been eliminated, and this because the Studebaker Motor has been improved, refined, perfected into one of the best automobile motors on the market today.

Come in and ask for demonstration.

RESIGNS POSITION AS BANK OFFICIAL

Colonel Creed C. Hammond Gives Up Bank Work to Devote Time to Service.

Colonel Creed C. Hammond on Thursday resigned his position as assistant cashier of the Bank of Commerce.

The bank officials stated that for the present there would be no one appointed to take Mr. Hammond's position as assistant cashier.

When seen at the armory Friday Colonel Hammond expressed surprise that there had been more ready response and more popular enthusiasm over providing the local companies with a proper mess fund.

LISTING PROPERTY BELONGING TO STATE

Coast Artillery Officers Preparing to Turn Over Armory to Colonel Yorlan.

The officers of the Coast Artillery are busy engaged in listing all property belonging to the state of Oregon which will not be taken to war.

This action is being taken in anticipation of the turning over to the armory to Col. George Yorlan, of this city who has been appointed to succeed Col. Creed C. Hammond as custodian of the building.

Word of the appointment of Col. Yorlan as custodian was received Thursday by Col. Hammond.

GIANT RUBBER HOSE IS BEING SHIPPED

Immense Pipes Thirty Feet Long and of Much Value Going to Marshfield by Express.

Probably the largest sections of rubber hose ever seen in Eugene came in Friday morning from San Francisco on the Wells Fargo Express and were shipped to Marshfield on the limited that left here Saturday morning.

use, but no one was found who could hazard more than a guess as to the matter.

Gas Mixtures a Detriment Says Local Auto Dealer

"You hear a good deal of talk lately about the quality of gasoline being sold," said B. F. Goodpasture.

"Unsatisfactory results with motor fuel are due to the great number of mixtures being offered the public in the guise of gasoline.

Mixtures cannot be as good motor fuel as straight-run gasoline because mixtures cannot have a continuous chain of boiling points.

"Incidentally, gravity is a worthless test for gasoline. Gravity tells nothing at all about boiling points."

A Bank built by Helping Others

The GROWTH of the Bank of Commerce is unique in the history of banking in western Oregon.

From the beginning the Officers of the Bank of Commerce have fostered intimate helpful relations between the bank and the farmers of Lane county, as well as the business men of Eugene.

The fruit of this policy has been a sound and vigorous growth, until now our depositors number over 2,000 persons.

Our depositors have grown up with us. Our prosperity has been and is now and will be in the future based on their prosperity.

You are cordially invited to become a member of our "family of depositors."
