RIGALL GIVEN MONEY BY 'DEFENSE LEAGUE'

Prosecuting Witness at Trial of Oxman Also Tells of Visit to Lawyer's Office.

(By The Associated Press)
San Francisco, Sept. 21.—Admission that he had received sums of money at various times from "a defense league," was made by F. E. Rigall during his cross-examination today in the trial of Frank C. Oxman, charged with having sought to induce Rigall by bribery, to testify falsely against Thomas J. Mooney, under sentence of death for one of the bomb murders here in July, 1916.

The defense of Mooney and other defendants in the bomb murder cases was financed largely by the International Workers Defense league.

This money was paid Rigall through his attorney, Claude O. Ellis, who accompanied him here from Grayville, Ill., Rigall testified. Amount of the total paid him was not brought out.

"Did you, in company of Attorneys Thomas O'Connor and Edwin V. McKenzie, visit the offices of Attorney Job Harriman, who defended the McNamara's in Los Angeles?" Attorney Samuel M. Shorridge, Oxman's counsel, asked the witness.

"We visited some lawyer's office in that city—I don't remember whose," Rigall replied.

WEALTH OF FRANCE IS TAKEN BY ENEMY

Occupied Territory Is Stripped of Oils and Metals by Invading Army.

(By The Associated Press)
Canadian Headquarters in France, Sept. 21.—(By Canadian Press Limited)—A captured letter, written by one German soldier to another, gives some indication of what is happening in the occupied territory. He says:

"I am attached to the requisitioning service in Fougies district. We take from the French population all their lead, tin, copper, cork, oil, candlesticks, pots, and anything at all like that goes off to Germany. It is not very nice often to have to take their wedding presents, but the necessity of the war forces us to it. I had a good haul the other day with one of my comrades. In a walled up room we found 15 instruments in copper. These alone weighed 25 kilos. And there was a whole lot of stuff besides. You can imagine what kind of a noise the old hag who owned them made. I just laughed. She deserves all she got. There was ten thousand marks worth of stuff there, for I did not count a lot of bales of pure wool and lots of other things. The commandant was very pleased, and we ought to receive a reward."

Strike Mission Soon

ignored. The committee reports no change in the Seattle situation, except that the stocks of lumber at the steel yards was decreasing, and the metal workers were beginning to be laid off. The committee announces that several large logging camps near South Prairie, Pierce county and Maple Falls, Whatcom county, have resumed work on the eight-hour basis, as have two sawmills and five shingle mills near the Tacoma and Eastern railway.

1000 LAID OFF AT SEATTLE

(By The Associated Press)
Seattle, Sept. 21.—As a direct effect of the strike of the ship carpenters against the use of lumber manufactured in ten-hour mills, approximately one thousand men working in Seattle ship yards were laid off yesterday and today.

At the Duthie yard 600 men were laid off and others probably will have to quit tonight. The Ames Shipbuilding and Dry Dock company laid off 200 men in the steel construction department. At the Seattle Construction and Dry Dock yard men are being laid off as the steel work reaches the stage where carpenters and shipwrights are necessary.

Be Careful in Using Soap on Your Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

WOMEN TO REGISTER AT RED CROSS ROOMS

Saturday Is Day in Which All Women Are Asked to Fill and Sign Cards.

Saturday is the day upon which all women of Lane county are requested to fill out one of the registration cards left at their homes Thursday and turn them in at the Red Cross headquarters.

The Honor Guard girls who distributed the cards report a very good reception in most Eugene homes, though in some few cases they received scant courtesy. Mrs. Anna B. Shaw says:

"The first suggestion that the woman's committee makes to women, particularly those busy in their homes, is that they do exactly what they have been doing—only a little better if possible, than before.

The committee believes that most women can help best by better management in their own homes, so as to save food, save fuel, avoid waste of all kinds, and make no unusual demands for service or commodities. If all women do this, the resources of the country in men, materials and money will be more available for war purposes.

Then if there is any time and opportunity for work outside the home, do that which is nearest you. But by all means get in touch with your local unit of the woman's committee; to help you find your place in the war is just what it has been organized for."

EFFORT TO DIVIDE NATION IS SHOWN, SAYS VICE PRESIDENT

Marshall Issues Statement Regarding Von Bernstorff's Message to Berlin Asking for Fund to Influence Congress.

Washington, Sept. 21.—In voicing the general resentment in congress over disclosures of Count von Bernstorff's message, Vice-President Marshall today gave out a statement declaring the disclosure was proof of the German government's effort to divide America into factions, by corrupt means, if necessary.

"This ought to end forever any and every doubt in the mind of any Americans as to the justice and necessity for this war. It proves that the German government was seeking all along to split us into factions by corrupt means if necessary and possibly hoping in time to win the war in Europe and then to humiliate and subjugate us. He who is now not wholeheartedly for the war runs a grave risk of being suspected of getting part of the \$50,000. This is an honest congress and all its members will resent this insult to its intelligence and honor."
