BEAN PRICES WAIT MICHIGAN REPORTS

Will Be Two Weeks or Longer Before Prices Are Settled, Is Buyers' Belief.

That there will be no fixed price on beans until the Michigan crop is harvested is the belief of local bean buyers. There has been no price fixed in any part of the country, nor is there liable to be for at least two weeks more, was the statement of several bean-buying firms today. No standard price has as yet been named in any of the big bean-growing sections of the country. Neither has the intention of the government in the matter of price-setting been announced. Buyers are playing safe. One firm has offered 10 cents and others are refusing to buy. The grangers' Eugene warehouse is cleaning and storing beans, but is not buying any.

Prices in most lines remain stationary, barley having advanced 5 cents per bushel.

CARDINAL SAYS VATICAN'S NOTE FAVORS FRANCE

Pope Declared Satisfied With Attitude of Catholics, Especially in View of Criticism by Paris Papers.

(By The Associated Press)
Paris, Oct. 1.—The Eclair publishes a letter from Cardinal Gasparri, the papal secretary of state, to Bishop De Giberques of Valence, concerning the reception accorded the papal note, in which the papal secretary expresses the satisfaction of Pope Benedict at the sentiments of the Catholic clergy of France, which the letter says "is all the more agreeable to His Holiness since the contrary attitude of the French press in general is inexplicable. If there are nations especially favorable in the papal note they are France and Belgium."

The letter, which is dated September 10, remarks that France certainly cannot take exception to the first two points of the papal note concerning disarmament and obligatory arbitration, and continues:

"As to the damages to be replaced and the outlays for the war, the holy father proposes in the third place as a general principle, reciprocal remission. He adds, however, that if in any case particular reasons are opposed to that view, which is verified in the case of Belgium, they can be weighed with justice and equity."

The letter then refers to the statement of former President Ribot that he is in accord with the provisional government of Russia, admitting that in eventual peace negotiations war indemnities should not be claimed, but reserving for France the right to require reparation for damages caused by "the malevolence of military commanders outside the necessities of war." The letter adds:

"The pontifical note is couched in general terms and does not exclude reparation for such demonstration. But, even setting aside the enormous difficulties of establishing with precision in all the sectors of the war the damages caused needlessly by the fault of military commanders, it is for France to judge if it is suitable for it, even in the hypothesis of victory, to prolong the war, were it only for one year, to require of the enemy reparation for these damages with due account taken of the losses in money and men and the heaps of ruins in which the war would leave the Belgian and French territory now occupied."

Cardinal Gasparri's letter lays stress upon the fact that the papal note desires that French territory be immediately evacuated completely. It then says that the pope does not and could not propose any solution concerning Alsace-Lorraine. It adds that the pope expresses hope that France and Germany will examine in a conciliatory spirit the aspirations of peoples, taking into account what is just and possible. Finally, the letter contends that the pope's note favors France in different points and offends it in none.

FOOD CONSERVATION TO BE DEMONSTRATED

Miss Ruth Corbett, the county agent on charge of the government food conservation campaign, will give demonstrations each day of the fair. Canning of poultry, meats and fish will be demonstrated, also drying of fruits and vegetables. In addition to the public demonstrations, which will be given each afternoon, Miss Corbett will be on the grounds the whole of each day to answer any questions and to give advice and instructions to anyone asking for it.

There will be a different demonstration each afternoon, so that any woman wishing can get them all by attending each afternoon.

GRANGERS WANT FARM ASSESSMENT CUT TOO

Pomona Grange Appoints Committee to Go Before County Board of Equalization.

The members of Pomona grange believe that if the assessment of the real estate in the city of Eugene is reduced as is asked by the Civic association, that the assessment upon farm lands should be cut also, and at the meeting at Four Oaks Saturday took steps to that end by appointing a committee to look after their interests before the board of equalization.

The committee named consists of the following: Palmer Ayres, of Willakenzie grange; George McFarland, of Cottage Grove; William Pitney, of Junction City; Squire Innis, of Springfield, and George Widmer, of Four Oaks grange.

The grangers express themselves as believing that inasmuch as the reduction is asked because of a raise from the assessment of last year, and as the raise was uniform on all real estate in the county, that the reduction should apply to all real estate if it is to be made at all.

BEZDEK TO RETURN TO PITTSBURG PIRATES

Coach Expected Home From the East This Week to Begin Season Work.

Hugo Bezdek, University of Oregon coach, who succeeded Jimmy Callahan as manager of the Pittsburgh National league baseball club several months ago, has signed a contract again to manage the club next season.

Bezdek left Pittsburgh Saturday evening for Eugene and will arrive late Wednesday night.

When Bezdek took hold of the Pirates they were in a demoralized condition, but after considerable shifting around of the players Callahan left him and with what youngsters he managed to purchase and trade, Bezdek's club looked 100 per cent stronger when he left Pittsburgh than the day he arrived to succeed Callahan.

The Pirates might be termed the "hard-luck" club of the major leagues. It has lost more games by one run and played more extra-inning games than any other club in the league.

That Barney Dreyfus, owner of the Pirates, was satisfied with Bezdek's accomplishments during the short time he was with the club is evidenced by his signing Bezdek to manage the Pirates in 1918.

American Naval Officers of High Rank Visit Fleet

Base of the American Flotilla in British Waters, Sept. 30.—(Delayed).—Two American naval officers of high rank spent a busy day today inspecting the American destroyers and receiving reports from their commanders on the satisfactory progress of the anti-submarine campaign.

They had lunch aboard the flagship of the flotilla with destroyer commanders who happened to be in port. In the evening they attended an entertainment given in their honor by the bluejackets in the new clubhouse erected for the sailors. Both officers made speeches and thanked the men for the entertainment. They declared they would carry back to the United States the excellent impression made upon them by all ranks in the flotilla.

Germans to Remove All Foreigners Not in War Work

Ambsterdam, Oct. 1.—The Telegraph says a bill is being prepared in Berlin authorizing the German government, in view of the scarcity of foodstuffs, to remove from the country all foreigners not employed in war industries. The bill probably will be enforced within a month.
