

SOLDIER BOYS ARE HEAVY SUBSCRIBERS LIBERTY LOAN BONDS

Coast Defense Troops Will Probably Take \$100,000 of Second Issue; Will Pay on the Installment Plan.

BY HAROLD B. SAY.
Staff Correspondence.

Fort Stevens, Or., Oct. 6.—With the spirit of patriotic civilians, plus that of soldiers all the men of the national guard and regular companies took part in parade and Liberty bond rally held on the parade grounds at Fort Stevens Thursday afternoon. Following speeches of Colonel Ellis, coast defense commander; Colonel C. C. Hammond, fort commander; Captain Wilbur, of the Twelfth company, and prominent business men of Astoria, explaining the bond issue to the men, arrangements were made for accommodating buyers.

As a result of the meeting it is probable that \$100,000 worth of bonds will be taken by the men here. To date \$25,050 has been taken by the men and officers. The Twelfth company from Hood River, which is stationed at Fort Canby on the Washington side, took \$5000 worth. Saturday morning the Second company of Eugene had taken \$2800 of the bonds. The Third company has signed for \$2200. Arrangements have been made whereby the payments may be made at the rate of \$10 a month, beginning with pay day in November. The men will not have to bother with the payments, the money merely being deducted from their wages, on request.

"Some give their lives, some give their money. We stand ready to give both," read one of the signs carried by a company in the parade. The Second company's star banner read, "We've got the Kaiser's eagle. Buy a Liberty bond and help get his goat." Under the sign hung a dead sea fowl. Incidentally, DeWitt Gilbert caught the bird by creeping up behind it on the sand last week and making a grab before the bird was aware.

Discussing the bond buying, Colonel Hammond said: "Because some have slacked, it is wrong to reason that you have done your full duty by enlisting. The government needs money, and money will bring the war to an end the sooner. Any man who has no dependencies should be able to save a considerable portion of

his wages. Aside from a patriotic standpoint there is no better investment than government bonds."

The first program was held in the new Y. M. C. A. building Wednesday night when Dr. Francis, who is on a lecturing tour of all American army and naval training camps, gave a composite review of the causes of the war and why America is in the conflict.

The Davis Sisters, noted wind instrument players, entertained before and after the lecture. The building was filled with men in olive drab. The building is now open to the men every evening. Football is taking precedence in athletics now. Sergeant Newman has been elected captain of the Second company's eleven.

Chicken and Pig Club Winners Are Announced

The winners of the Bank of Commerce pig and chicken club have been announced as follows:
Grace Ruthven, first; Katherine Webber, second, and Bessie Lynch, third. Roy Needham won first prize for the best pig on exhibition.

The fact that most of the rural schools are in session and boys and girls busy prevented a large number of animals being entered at the fair, though much interest has been manifested by the young people in the work.

Fitzhugh Trades Hardware Store for Linn County Farm

John R. Fitzhugh has traded his hardware store in the White Temple for a 207-acre farm in Linn county, 10 miles north of Harriburg, S. G. Thompson being the new owner of the hardware store. Mr. Thompson also gets the Shell gasoline agency, formerly held by Mr. Fitzhugh.

Mr. Fitzhugh will take possession of the farm and Mr. Thompson will move to Eugene and conduct the hardware business. Mr. Fitzhugh purchased the hardware store of Mr. Svarverud about a year ago and has since conducted it.

FARMERS REFUSE TO SELL BEANS AT 11c

Portland Buyer Makes Offer but Growers Hold Hoping for Higher Prices.

The bean market for shipping purposes opened Saturday, when a Portland buyer offered 11 cents per pound, but none of the large growers would sell, believing that they would get higher prices later. F. Dalton, the buyer, expressed the opinion that price will be maintained. He stated to local dealers and warehouse men that there were beans being shipped from From China and Mongolia, and sold for \$0.15 per 100.

There were no changes in other commodities, the following prices being quoted today:

FOOD EXPORTS SHOW INCREASE FOR MONTH

(By The Associated Press)
Washington, Oct. 8.—August exports of wheat, corn and mineral oils decreased to a marked extent, while exports of oats doubled and fresh beef recorded a 500 per cent increase, the department of commerce announced today. The great bulk of shipments went to the allies.

Exports of the value of \$45,000,000 were exported during the month, an increase of \$10,000,000 over a year ago. Five million bushels of wheat were exported as against 11,000,000 bushels a year ago. Meat and dairy products worth \$24,500,000 were exported, a \$5,000,000 increase.

Total exports of breadstuffs, meat and dairy products, cotton and cottonseed oil and mineral oils were \$155,576,812 as compared with \$108,422,881 in August, 1916.

Smokes Will Come Higher Because of Tax on Tobacco

The Eugene Cigar Dealers' association met Friday and decreed that because of the tax on tobacco there should be a new schedule of prices adopted. The following is an outline of the raises adopted:

All ten-cent cigarettes are now 15 cents or two packages for 25 cents; 15 centers, two for 35 cents or 20 cents singly; 20 cent brands are two for 35 cents; 25 cent packages are now 30 cents straight. All five-cent cigarette papers, and Bull Durham are now 10 cents or two for 15 cents. Plug chewing tobacco is now 60 cents straight. All canned tobacco, formerly selling at 10 cents is now 15 cents or two for 25 cents.

At most of the stores the cigars are selling at old prices awaiting the adjustment of the new. The Portland prices for five-cent cigars is now two for 15 cents or four for 25 cents.

COAST ROAD WORK IS ORDERED BY COURT

Highway From North Fork Valley to Florence to Be Constructed at Once.

The county court Saturday, after listening to a delegation of citizens from the west end of Lane county, seconded by State Highway Commissioner E. J. Adams, ordered the work on the highway connecting the North Fork valley with Florence completed at once. The bids for the work were ordered advertised for, including the construction of a bridge over the North Fork.

The work of surveying the Eugene to the coast highway is progressing rapidly under C. M. Thomas, of the state highway engineering department, and the link just ordered by the county court is a part of that road. The surveyors are now encamped at Blachly. The new route, according to Mr. Adams, will be five miles shorter than either of the old routes proposed to be utilized, and will also have a maximum grade of six per cent.

The work ordered to be done this fall by the county court will cost, according to the estimates of the engineers, from \$8000 to \$9000, and bids will be opened October 23.

SAILORS MAY ENLIST TIME OF WAR ONLY

Navy Will Grant Discharges After One Year, if Peace Prevails.

Postmaster E. L. Campbell has just received notification from the navy department calling attention to the following paragraph from congressional act and navy general orders:

"Any person who may hereafter enlist in the navy for the first time, shall, in time of peace, if he so elects, receive discharge therefrom without cost to himself during the month of June or December, respectively, following the completion of one year at sea."

This concession should materially aid recruiting and satisfy thousands of young men who wish to enlist for the period of the war. Formerly no one could enlist in the navy without filling the regular navy enlistment period. Postmasters are authorized to accept enlistments for the above service.

Teuton Sees No Hope (Continued from page one)

is quoted in a Berlin despatch as having said at a meeting of the central committee of his party that although the military situation was satisfactory, there was no hope of crushing Germany's enemies on land. As for the submarine campaign, 7,000,000 tons of shipping had been sunk, he asserted, but no disposition toward peace on the part of England was discernable. A rationing system for foodstuffs had not been even introduced, and no one was able to say when the U-boat would make England more inclined for peace.

"America cannot be forced to make peace," Herr Goethein continued. "We cannot force America to pay a war indemnity. There remains only England. But should we, in order to obtain an indemnity of 10,000,000,000 marks, sacrifice 50,000,000,000 and another half million men?"

Germany's allies, Herr Goethein continued, were not inclined to continue the war for pan-German plans of conquest but were striving for peace by understanding and conciliation, while the Pan-German clamor for annexations was finding a bad reception among them. He asserted that the long working hours and insufficient feeding at home increased the desire for peace among the workers and that strikes might be expected if the war should be continued for aims of conquest.

HELFFERICH CENSORED

(By The Associated Press)
Amsterdam, Oct. 8.—German newspapers which support the reichstag majority severely censure Dr. Helfferich, the vice-chancellor and minister of the interior, for his incapacity to respond to the feelings of the reichstag, and expect decisive happenings on Monday. They are of the opinion that the future of the government may depend on the debate to begin Monday, in view of the motion of the independent socialists that the reichstag is of the opinion that the reply of the government to the interpellation did not meet the intentions of the reichstag.

The Voelische Zeitung declares that this motion is a vote of censure formally directed against Dr. Michaelis, the imperial chancellor, but really against Dr. Helfferich.

Vorwaerts says that if the motion is adopted, Chancellor Michaelis and his colleagues must resign or the reichstag must force them to do so.

Other newspapers demand a clear statement from the government on the peace resolution of the reichstag majority.

PASSENGER TRAIN WRECKED.
Pittsburg, Oct. 8.—Members of the National baseball commission were on the Pennsylvania limited, on their way from Chicago to New York, when the train was wrecked near Beaver Falls, west of here this morning. Reports to Pennsylvania railroad officials here said that none of the commission had been injured, although four trainmen were badly hurt in the wreckage and a number of passengers had been hurt.

GREAT BRITAIN GETS LOAN.
Washington, Oct. 8.—Another credit of \$15,000,000 was advanced today to Great Britain by the government.

40,000
well dressed men!
\$1,000,000 does it!

Even in these days of higher prices, \$25 buys a good suit. \$1,000,000 would buy such suits for 40,000 of you men. That would be a satisfying way to please 40,000 of you. But—

There's a \$1,000,000—or more—we spend that pleases many times 40,000 smokers. It's the \$1,000,000 we spend to "sureify" the mellow fragrance of your OWL Cigar. Let us tell you how.

To make sure that every

OWL Cigar will *always* be mellow and fragrant requires that a great store of selected leaf be constantly curing. For it takes more than a year for OWL leaf to reach the OWL "ready-point" of fragrance. This reserve-leaf supply always totals in value \$1,000,000. And sometimes more. But it's \$1,000,000 well spent.

An OWL Cigar will tell you so when you test its mellow fragrance. At the nearest cigar store and—the cost is but 5c.
