

**With the Fingers!**  
Says Corns Lift Out Without Any Pain

Some corns, hard corns, soft corns or any kind of a corn can shortly be lifted right out with the fingers if you will apply directly upon the corn a few drops of Freese's.

It is claimed that at small cost one can get a quarter of an ounce of Freese's at any drug store, which is sufficient to rid one's feet of every corn or callous without pain or soreness or the danger of infection.

This new drug is an ether compound, and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue.

This announcement will interest many persons here, for it is said that the "resistant high-top" footwear is putting corns on practically every woman's feet.

**MANY IN KHAKI WILL COME BACK FOR DAY**

Colonel Hammond Will Allow as Many U. of O. Men as Possible to Attend Homecoming.

That the University will be able to greet a great number of her alumni who are now wearing the khaki on homecoming day next Saturday is indicated by a letter received Tuesday morning from Col. C. C. Hammond, commander of the fort at Fort Stevens, formerly with the Eugene Bank of Commerce.

"I do not know who the University of Oregon men selected for furloughs for the next week-end will be, but I am sure that they will represent old U. of O. in the proper manner," says Colonel Hammond. He has instructed Captain Van Svarverud to allow five University of Oregon men furloughs so that they may return to the University homecoming day.

It is against military regulations to allow more than five per cent of a command go on furlough at one time, the colonel explains, in speaking of the Second company, which is from Eugene and which has 50 University men in its ranks.

The rule will make it impossible for more than the five to leave this company, but other companies and branches of the service at Fort Stevens, Fort Canby and other points at the mouth of the Columbia will be able to grant furloughs to practically all the University men in their ranks.

To help this plan Colonel Hammond has requested that the captains of the various companies of coast artillery at the forts disregard all other matters in regard to priority of the privilege of furloughs and allow as many University men to visit their alma mater as is possible by the regulations.

Requests similar to that sent to Colonel Hammond have been sent by the president's office of the University to all other commanders on the Pacific coast.

**COLLEGE PRESIDENT WILL SPEAK HERE**

Dr. W. T. Foster, of Reed, Who Has Just Returned From France, to Come Wednesday.

Dr. William T. Foster, president of Reed college, Portland, who is to give an illustrated talk to the University students during the assembly hour on Wednesday, has accepted an invitation to talk to the people of Eugene in the armory that night, according to a message just received by Mrs. R. S. Bryson. Arrangements are now being made by the Red Cross, the chamber of commerce and other organizations for a big meeting.

"We will not have such a speaker and such an opportunity again the whole year through," Mrs. Bryson said, "and we should have every seat filled to hear him." Dr. Foster's subject will be "France at War."

He will address the ladies of the Red Cross at the headquarters Wednesday afternoon at 2 o'clock.

Dr. Foster has just returned from France and Belgium where he was sent by the national Red Cross association. During his trip he visited all the camps of United States soldiers in France and nearly all the war areas from the British lines to Switzerland. He has inspected every type of care of the wounded men, from the first aid stations in the front trenches and the post office secours and evacuation hospitals behind the lines to the base hospitals in Paris and Bordeaux. Among the other exciting things which he met in his travels was to be in a town which was under bombardment in the middle of the night. He has also visited the Y. M. C. A. and Red Cross organizations; the ruined cities and followed the French army.

**Building Trades Call Off Strikes to Aid Nation**

(By The Associated Press)

Buffalo, N. Y., Nov. 13.—All strikes affecting work in shipping, munitions and other war enterprises have been called off by the building trades section of the American Federation of Labor, it was announced by Secretary Morrison this afternoon. A conference of representatives of building trades heads and government representatives will be held in Washington within a few days to go over the situation.

Pending the result of this meeting, orders have been sent to the presidents of locals to put their men back to work.

**IOWA LADIES ATTENTION**

The Iowa club will meet with Mrs. T. M. Neal, 2144 Lawrence street Wednesday afternoon at 2:30 p. m. instead of Mrs. Frank Hesse.

A conference of representatives of building trades heads and government representatives will be held in Washington within a few days to go over the situation.

Pending the result of this meeting, orders have been sent to the presidents of locals to put their men back to work.

**IOWA LADIES ATTENTION**

The Iowa club will meet with Mrs. T. M. Neal, 2144 Lawrence street Wednesday afternoon at 2:30 p. m. instead of Mrs. Frank Hesse.

Lolita Robertson in "Nothing But the Truth."

Itself would be a treat, say the Red Cross officials who are helping with the arrangements.

The program opens promptly at 8 o'clock with a selection by the University orchestra. Other musical features will be the singing of "The Star Spangled Banner," and the "Marseillaise," by Arthur Faguy-Cota, of the University school of music, and "The Recessional," sung by Daise Beckett Middleton, also of the school of music. The "Marseillaise" will be given in French.

It is very earnestly asked that everyone be seated by 8 o'clock, as the notice of any one entering after the program begins makes such a re-echoing in the large armory.

**JUNCTION STUDENTS GIVE TO ARMY Y. M.**

In one hour's time on Tuesday afternoon one-half of the students of the Junction City high school pledged more than twice the quota asked of the student body for the Army Y. M. C. A. work.

When the reminder of the students have been canvassed it is expected that the amount will be run up to \$350, according to a telephone message received here about three o'clock.

The amount pledged between one and two o'clock in the afternoon was \$182.50.

**JUNCTION CITY MEN COME BEFORE COURT**

Delegation Presents Members' Views as to Coast Highway to County Officials.

A committee of Junction City men appeared before the Lane county circuit court Tuesday forenoon to urge the north or so-called high pass route to Blachly for the Eugene to Florence highway, instead of the south or low pass route, as recommended by the state highway engineers. Attorney C. N. Johnson, of Junction City, was chief spokesman. The delegation claims to have discovered a route which they say is no longer than the southern route and which they claim can be built \$200,000 cheaper than the north route, and to which they wish the county court to throw its influence.

Judge Bown told them that the road which would be the shortest and best and which would serve the most people and be the cheapest would be the road he would favor. The route advocated by the Junction City people was surveyed by Harvey Taylor, of Cottage Grove, and will, according to the committee not exceed a 5 per cent grade at any point.

The committee which was present consisted of Mayor C. N. Johnson, Banker C. W. Washburne, Forest W. Miller and C. J. Horton, Junction City business men, and Frank Parker of Blachly.

**ENDEAVORERS WILL MEET IN FEBRUARY**

The state convention of Christian Endeavor societies of the state of Oregon will meet in Eugene February 22, 23 and 24, 1918. Arrangements are already being made to make this one of the biggest, if not the biggest meeting of the convention ever held.

The Baptist Y. P. U. and the Epworth League have offered to co-operate with the Christian Endeavor union in the work of entertaining the association and a splendid time is being prepared for.

A big patriotic rally will be held as one of the features of the occasion and the entertainment committee is planning several sight-seeing tours and other stunts to make the stay of the guests pleasant. There are over 800 expected to be present.

Speakers of nation-wide reputation will be here from the east and south to address the sessions.

A large number of committees have been named to act under Edna Whipple, the state president, in making the meeting a success.

**Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water**

Says an Inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

**DALTON IS DISCHARGED.**

According to a letter received by H. M. Brownell, attorney for Orville Dalton, from A. R. Schumann at North Yakima, who was taken to that place a few days ago on a charge of larceny by bulle, the case against him has been dismissed and Dalton will return from Washington and go to work here. The arrest grew out of the bringing of mortgaged horses from Washington to Oregon by Dalton.

**Get This Out—It is Worth Money DON'T MISS THIS.**

Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. **One Day's Canvass**

(Continued from page one)

State Chairman Lockwood, at Portland, outlining the progress made in the state campaign. The telegram said, in part: "In complete returns from ten counties, \$15,000. Three counties already oversubscribed. The following telegram has just been received from John R. Mott, general secretary of the international Y. M. C. A.: 'In the light of startling developments on the eastern and southern fronts within past few days and of significant cablegram just received from the prime minister of France it is clear that we shall need much more than \$85,000,000, and this in the national interest as well as for the sake of the allies. Our best advisers are convinced the war will last longer than most of them anticipated when our goal was fixed.'

The members of the ten soliciting teams will meet daily at luncheon at the chamber of commerce throughout the week. Tomorrow they will be addressed by Dr. W. T. Foster, president of Reed college, who recently returned from the war front, where he observed at first hand the work of the association.

On Friday Representative W. C. Hawley, of the Third Oregon district, who has two sons at the front, will address the workers at the noon luncheon.

**COURT ADJOURNED.**

The case of Nance vs. Bailey, set for trial Tuesday after the case of Miller vs. Kroll went to the jury, was settled out of court, and there being no other case ready court adjourned to Wednesday morning.

**BREAKS A COLD IN A FEW HOURS**

First dose of "Pape's Cold Compound" relieves all grippe misery.

Don't stay puffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.
