Dandruff Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

IMMINENCE OF WINTER

With the gray sky of our November and the geese working their way to the south, with the maple and oak leaves turning a golden brown and falling to the ground—doesn't it all impress you with the imminence of winter? Does it occur to you that if you had placed part of your earnings in this bank that you would now be better prepared to face the winter months ahead?

Don't let the winter of life catch you unawares! The summer of youth is long and pleasant and thoughts of old age are hazy, but your productive days cannot last forever.

The winter of life will have just as many joys and pleasures for you as did the summer of youth, if you build a bank account in this bank.

Interest paid on savings. One dollar will start the account.

PROTECT OUR BOYS "OVER THERE"

Subscribe to Y.M.C.A.

Did you hear Earl Hannah, the wonderful Canadian soldier, who talked at the Chamber of Commerce recently? He told of the wonderful influence of the Y. M. C. A. on the men in the trenches. He told how the Y. M. C. A. men carried hot coffee and cheer right to them in the front trenches at the risk of their lives. He had his audience see the wonderful help to the soldiers and all humanity of the Y. M. C. A.

Earl returned to this mother crippled for life but still a clean, pure minded boy and it was because of the great influence of the Y. M. C. A. over him.

The Y. M. C. A. is making it safe for our boys "over there," it is removing temptation and helping them to retain their manhood that they may return after the war the same at heart as when they left to fight for us.

Without the Y. M. C. A. thousands of our boys would fall victims to some of the hundreds of temptations that surround them.

LET'S ALL SUPPORT THE Y. M. C. A.
