

FOOD CONSERVATION PLEDGE TO BE KEPT

Need Is Urgent and This Is Only Branch of Service Open to All.

Now that we have signed the food conservation pledge, just what are we voices are so much alike.—Farm Life.

This is a question that we should all ask ourselves, and if we are good Americans the answer will be emphatic—we are going to conscientiously comply with the conditions of the pledge every day, and at every meal.

Food saving is the immediate and urgent duty of every man, woman and child in civilian life. It has been asked by our government, and it is a necessity for the success of this war.

The fact that food conservation in the United States is not compulsory but is merely asked as a volunteer service should be an unflinching appeal to Americanism. If you are behind your government you will keep your pledge and be glad of the opportunity to eat a little less of the prescribed foods in order that the underfed women and children of our allies may have more; and that the men fighting our battles at the front may be abundantly supplied with "fighting fuel."

There are many branches of service in Uncle Sam's army. The food conservation service is the only branch open to every man, woman and child in the nation. The enlistment should be 100 per cent, and each enlistment should mean a definite saving of wheat, meat, sugar and fats—the four staples of which there is a world shortage and which must be supplied by the United States to our allies in this war against war.

After signing the Hoover pledge, it is

Our Boys in France and Home Protection

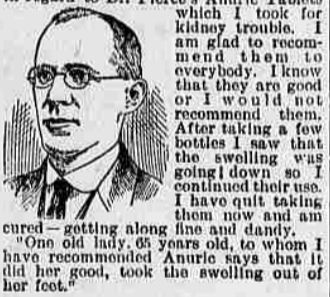

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that you should drink plenty of water daily between meals. Then procure at your nearest drug store, Anuric (double strength). This "An-u-ric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

MR. REECE JONES says: "Just a few lines in regard to Dr. Pierce's Anuric Tablets which I took for kidney trouble. I am glad to recommend them to everybody. I know that they are good or I would not recommend them. After taking a few bottles I saw that the swelling was going down so I continued their use. I have quit taking them now and am cured—getting along fine and dandy. "One old lady, 65 years old, to whom I have recommended Anuric says that it did her good, took the swelling out of her feet."

SCIENCE CLUB WILL HOLD MONTHLY MEET

Schedule of Subjects for Discussion Is Given Out Covering Work of Year.

The subject for the monthly meeting of the University Science club, which met Tuesday night, was a "Symposium on Research," given by Dr. O. F. Stafford of the chemistry department.

This club, composed of the members of the faculty and graduate school, who are interested in science, meets the third Tuesday of each month.

The program as outlined for this year contains a paper on "Some Research Among the Northwestern Indians" to be given by Mr. Frank Hall, curator of the museum at the University of Washington in December.

In January, Dr. W. B. DeBusk, of the education department will discuss "The Relation of Physical to Mental Growth." Dr. A. E. Caswell of the physics department will speak on "Thermo-electric Properties of Alloys," at the February meeting.

Dr. H. B. Torrey, head of the biology work at Reed college, has charge of the March meeting. The subject of his paper will be, "Investigation Relating to the Conservation and Utilization of our Fish Resources."

"A Rational Map of Europe," by Dr. Rebec head of the philosophy department, will be the topic of the April meeting.

Mr. A. C. Shelton will speak in May of "Biologic Investigations in Southern California."

Dr. W. D. Smith is president of the University Science club, and Dr. C. H. Edmondson secretary.

THE HONORS OF ATROCITY.

The Sultan of Turkey has graciously conferred on the German Kaiser the diamond star of the Itficher Order, Turkey's highest war decoration, and the Kaiser has decorated the Sultan with the star and chain of the Hohenzollern Order with diamonds.

The honors are even—the hero of the Belgian and Lusitania murders honors and is honored by the hero of Armenian massacres. No one will question the deserving of the honors or the respective fitness of the mutual donors and recipients.

But to the intelligence and conscience of the world a Liberty Loan button, showing that an American citizen has done his or her part in support of our government, is a vastly more honorable decoration than the diamond orders of the Sultan and the Kaiser. It signifies only a simple patriotic duty done; but the diamond orders stand for colossal infamy and murder.

A Case of Mistaken Identity

Soldiers have to do their own mending, and the thoughtful war office supplies them with outfits for that purpose.

On the occasion of a recent kit inspection, says the Journal of the American Medical Association, the recruits stood lined up ready for the officer, and the officer had his hand temper all complete. He marched up and down the line, grimly eyeing each man's bundle of needles and soft soap, and then he singled out Private MacTootie as the man who was to receive his attentions.

"Tooth-brush?" he roared. "Yes, sir." "Razor?" "Yes, sir." "Hold-all?" "Hm! You're all right, apparently," growled the officer. Then he barked, "Housewife?" "Oh, very well, thank you," said the recruit, amiably; "how's yours?"

GERMANS SUPPLY FINNS

Stockholm, Oct. 30.—The existence of a Finnish weapon and ammunition depot somewhere off the West Bohalia coast, which is being supplied by German submarines, is clearly indicated by preliminary investigations into a conflict between Finns and Swedish customs authorities off Holsund. A motor boat manned by five Finns and laden with arms and ammunition, was discovered by Swedish customs officials, who were driven off by the Finns. Finns living at Umeo have testified that German submarines delivered arms and ammunition to Finnish boats.

TOMMIES GET JAM

London, Oct. 30.—The British army in France gets nearly 2,000,000 pounds of jam every week from this country. The daily ration of three ounces of cheese, calls for a shipment of between 1,000,000 and 2,000,000 pounds weekly, while the daily ration of just over half an ounce of tea, absorbs over half a million pounds each week.

You Said It

I see a large bird black against the sky, As night comes on the fowls adourn to roost. For turkeys know they should be lodging high. When gangs of kin on other kin are loosed. —Farm Life.

He Lost His Enthusiasm

The worried countenance of the bridegroom disturbed the best man. Tiptoeing up the aisle, he whispered: "What's the matter, Jack? Has ye lost the ring?" "No," blurted out the unhappy Jack, "the ring's safe eno'. But, mon, I've lost ma enthusiasm."

Special Vote Offer of Extreme Importance to All Candidates

If your name has been omitted from the list or is incorrectly spelled, kindly communicate with the campaign department, so that the correction may be made.

Remember that there are awards for each and every district, and that those who want to win and start now have the best chance for success. Your chances for final victory are as good as those of any other candidate, if you are energetic and ambitious, and there is no reason why you should not claim one of these grand prizes as well as any other candidates if you are not afraid of a little work during the short time the campaign runs. Now is the time to start and by keeping at it until the finish you can succeed in claiming any one of the prizes offered, even the very biggest.

Some candidates seem to have difficulty in determining the difference between "old" and "new" subscribers. All one needs to do is find out if the party was receiving The Guard on the day this campaign was started. In every case where the party was already receiving the paper on that day, even though it may have been stopped since, he or she is an "old" subscriber. Only those who subscribe since the opening date of the campaign, November 3, are "new."

Every person making any payment on a subscription of one month or longer, as shown in the voting schedule, whether they are NEW or OLD subscribers is entitled to votes. It does not make any difference what the conditions are—whether the subscriber is paying in arrears or is paying in advance, or if the subscriber is signed up for The Guard, they are entitled to votes if they make a payment or one month or longer.

The candidates are not restricted as to where they may work or as to the number of people they may have to help them. The more friends you have to help, the greater your field. The point is simply this: You want the votes and we want the subscription payments.

The following standing only represents the votes cast up to 4 o'clock, Tuesday, November 20:

CAPITAL PRIZE 1918 five passenger Overland touring car, model 90, \$925.00 f. o. b. Eugene.

FIRST GRAND PRIZE 1918 five passenger Ford touring car. \$150.00 in Gold.

The capital prize and the two grand prizes are open to all three districts, and will be awarded to the three highest candidates, regardless of district.

DISTRICT NUMBER ONE Includes all of the city of Eugene.

The big special vote offer for the first period of the campaign, which ends December 8, is of supreme importance to all candidates. By piling up a reserve of these special vote ballots any candidate can make her position at the lead in the end impregnable. This is the period that your efforts will count for the most, and failure to take advantage of this opportunity is sure to make it necessary for you to work that much harder later on. This special offer nearly doubles the value of subscriptions collected during this period, and will positively not be repeated during the campaign.

100,000 Extra Votes

For every \$25 in new or old subscription payments.

Besides the regular number of votes allowed on the various subscription payments, as shown in the voting schedule, we make the candidates the following offer of extra votes for NEW and OLD subscription payments:

We will give 100,000 extra votes to every candidate who sends or brings \$25.00 worth of new or old subscription payments to this office on or before December 8 at 10:00 p. m.

The offer is now open and will close December 8, at 10:00 p. m.

NEW and OLD subscriptions are worth more votes to you during this period than at any future date during the campaign.

This is positively the best offer or inducement that will be made during the campaign. In other words, a bonus of 4,000 extra votes is given for every dollar turned in on new or old subscription payments before 10:00 p. m., December 8.

IT IS NOT NECESSARY TO HOLD BACK YOUR SUBSCRIPTIONS UNTIL YOU HAVE SECURED \$25.00 WORTH IN ORDER TO SECURE CREDIT ON THE OFFER. Send subscriptions in as fast as secured, as a correct account of all subscription payments turned in by each candidate will be kept by the campaign manager, and after the offer closes we will mail you the extra votes you earn.

All subscriptions that are placed in the mails addressed to the campaign department on or before 10:00 p. m., December 8, will be accepted and counted on this offer.

If you do not understand this added inducement, write us.

Special offer closes December 8, at 10:00 p. m.

Campaign closes January 16, 1918. Do not get these dates confused.

All subscriptions turned in since the opening date of the campaign will count on this offer.
