SOLDIERS INTERESTED GREATLY IN .M. C. A. SAYS REV. H. W. DAVIS

Building Secretary, Here to Rest, Tells of Work of Association at Camp Lewis and of Its Appreciation by Men.

In his entire two months at Camp Lewis, he has never talked to a single man who hasn't been in one or the other of the six Y. M. C. A. buildings, says Reverend H. W. Davis, who is here for a few days' rest. Mr. Davis mentioned this fact in explanation of the great interest taken by the men in service in the Y. M. C. A. The men are much more concerned with religious services than in civil life, and to a much greater extent than most people imagine Mr. Davis said.

Mr. Davis, who was given a leave of absence from the pastorate of the First Baptist church of this city, in order to become religious director at one of the Y. M. C. A., has recently been made building secretary of building number 3. He has been ill and was in the base hospital three days, leaving there yesterday morning for this city where he is the guest of Mr. and Mrs. Hugh Hampton until the first of the week, when he returns to the army camp. The cause of Mr. Davis' illness was a bad cold, which he says is very common in a foggy atmosphere at the camp, and the minor injuries received in an automobile accident of two weeks ago.

The six Y. M. C. A. headquarters at the cantonment are situated at regular intervals throughout the grounds, and the 45,000 men in camp attend the one nearest their quarters, accordingly each building ministers to practically 8,000 men. Besides these buildings, there is a large auditorium where lectures of unusual importance are held and where athletic events are staged.

In his building alone, Rev. Davis says, there are from 2,000 to 4,500 men at different times each day. The other buildings receive like patronage, and he says he has never seen any buildings in such constant use as these Y. M. C. A. headquarters.

A social program is given in each of the buildings every night, beginning at 7 o'clock and the men start gathering for them as soon as they finish evening mess. Sometimes, entertainers are secured from Tacoma and Seattle, sometimes the National War Council furnishes amusement for the evening and often talent among the men is utilized, different company putting on athletic matches, readings, song sets, dancing exhibitions, plays and so on. People outside the camp are very willing to help, Mr. Davis said.

He told of one visit of the pastor of the First Methodist church of Seattle and 80 members of his chorus choir. These were sent by the Seattle Rotary club.

Each building is fitted with a moving picture outfit, the films being provided by the war work council, each building being enabled to give three different shows a week.

"We aren't afraid to try out new things," Rev. Davis said. "We want any clean entertainment that will interest the men, and so are putting on different things all the time."

There are four strictly religious services each week, the Wednesday night services, the regular Sunday morning and evening worship at 10 a. m. and 7 p. m., respectively and a fellowship meeting at six o'clock Sunday evening. This last corresponds to the Christian Endeavor society or the Epworth league, or the Baptist Young People and so on. The men attend the religious services very well, it is said. Mr. Davis has never had an audience of less than 300, and it is usually nearer 500. James McCallum, a member of the 301st ambulance corps, directs the singing in Mr. Davis' building to which California and Montana men come mostly.

A big feature of the Y. M. C. A. work is the social center where candies, apples and other sweets, stamps, money and express orders, are sold, and outgoing parcels and letters are received.

Each of the six buildings is in charge of six men, Roy Clark, of Astoria, who was secretary of building three, has been called to the work in France, so Mr. Davis has been given his place.

Although the long hours—from six in the morning until ten-thirty at night—are very tiring and the continual noise and confusion are very wearing, the work is fascinating, and he is enjoying it very much, the Baptist pastor said. He is feeling very much better now, since leaving the hospital.

Efforts are being made by local ministers to secure a union service for Sunday night at which Rev. Davis could speak. It is not known whether this can be done as yet.

CAMP LEWIS GUARD COMMITS SUICIDE

Member of Military Police Shoots Himself Following Several Days' Illness.

(By The Associated Press)
Camp Lewis, Tacoma, Wash., Nov. 21.—John A. Walsh, a member of the military police at Camp Lewis, shot himself through the head last night following several days of illness and despondency. Walsh came from Oakland, Calif.

Avery H. Hendricks, battery A, 347th field artillery, was today sentenced to two and one-half years of hard labor and given a dishonorable discharge from the army and made to forfeit all his pay, following his conviction for insubordination before a courtmartial. Hendricks will serve his sentence in the United States disciplinary camp in New York.

The specific charges against Hendricks were that he left the place of assembly for medical examination without authority, that he left the ranks without permission while marching to the base hospital; that he received a command from Lieutenant William A. Boekel to keep on a pair of shoes and that he took off the shoes in spite of the command; that he refused to execute double time at physical drill.

There will be no army-navy game at the Tacoma stadium on Thanksgiving day, as Camp Lewis is to have a new football field and grandstand of its own that will seat 20,000 fans, and the all-division team will battle the boys from the naval training station at the cantonment. The announcement of the new field and the decision on the Thanksgiving game were both made yesterday and given out by Captain T. G. Cook, camp athletic instructor.

CHILD'S HEAD BURIED IN SAND BY BREAKER

Daughter of Former Resident of Eugene Injured at Bandon in Peculiar Way.

Betty Zentner, daughter of Mr. and Mrs. O. L. Zentner, formerly of Eugene, was seriously injured in a peculiar manner, according to the Bandon World, which says:

"Betty, the five-year-old daughter of Mr. and Mrs. O. L. Zentner, is at Emergency hospital suffering from severe injuries of the head sustained in a peculiar accident which occurred on the local beach this morning.

"In company with her mother and Mrs. White, of Marshfield, the child was at the edge of the surf when an unusually large breaker came in and caught her, throwing her off her feet. A large drift log, lifted by the water, rolled onto the child's head and almost buried it in the sand. As the breaker receded the child was held fast and the frantic mother and companion, unable to release the little one, were forced to undergo the horrible suspense of waiting until another breaker came in and lifted the log again.

"Unconscious, the child was rushed to the top of the hill where a conveyance was found to hurry her to the hospital. Dr. R. V. Leep is in attendance. It was at first thought that she could not survive, but her condition late this evening was more hopeful, although she had not yet fully recovered consciousness."

Mr. Zentner was connected with the engineering department of the Willamette Pacific railway while a resident in Eugene, but recently moved to Bandon where he went into business.

DIED

COURTRIGHT—At the Mercy hospital, in Eugene, Or., Tuesday afternoon, November 20, 1917, Arvilla E. Courtright, wife of G. E. Courtright, of 135 Jefferson street.

Mrs. Courtright had been ill with the grip for some weeks, and when taken to the hospital with every symptom of gall stones, her cold was so bad and her fever so high that she was not able to be operated upon. She died two hours after being taken to the hospital.

She is survived by her husband and three sons, her parents, Mr. and Mrs. W. M. Taylor, of Fairmont, two brothers, and one sister, all of this city.

The body has been taken to the Brastetter and McLaughlin undertaking establishment, from where the funeral services will be held at 2 o'clock Thursday afternoon. Interment will be made in the Laurel Hill cemetery at Springfield. Rev. A. L. Crim will preach the funeral sermon. Mrs. Courtright was 43 years, seven months and six days old.

ENTERS UNITED STATES NAVY.

Merwin Irish, formerly of Eugene, who has been in the Y. M. C. A. work at American Lake, has enlisted in the navy and has been sent to Seattle to take a course in wireless telegraphy. Mrs. Irish, who has been at the home of Mr. and Mrs. Jeff Irish for some time, will leave for Seattle Thursday to join her husband.

Meatless and Wheatless Days Will Be Enforced

(By The Associated Press)
Portland, Or., Nov. 21.—Observance of wheatless and meatless days in Oregon will be a fact and not a theory in the future, according to W. K. Newell, acting food administrator for this state. Newell announced today that hereafter the names of hotels and restaurants which do not observe the wheatless and meatless days will be published so the public may know which are helping to win the war.

Most of the hotel and restaurant proprietors have faithfully observed the requests of the food administration, Newell declared, but some have steadfastly refused to do so. The names of all such will be forwarded to the administration by county councils of defense and by women's organizations throughout the state.

ALLIES SOON TO BE MASTERS OF THE AIR

Gabriele d'Annunzio Says Coming of Americans to Bring Defeat of Teutons.

(By The Associated Press)
Rome, Nov. 20.—Gabriele d'Annunzio writes to a friend that he is working indefatigably with his companion airmen of the Italian army in a most risky undertaking, the results of which can not be revealed. In the letter he says:

"Like Antaeus, every time the entente falls it rises again with redoubled vigor, because it represents invincible right. Thus the Italian reverse is now causing a revival of the energies of the allies which will lead to ultimate victory. Unlike Antaeus, who was crushed by Hercules, when he was cut off from contact with mother earth, the airmen will be

the salvation of the present war in contact with and command of the pervading atmosphere. Soon with assistance of America we will be masters of the air."

PUT CREAM IN NOSE AND STOP CATCHING

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Cold in head or catarrh will be gone. Your clogged nostrils will open. The passages of your head will clear. You can breathe freely. No more sneezing, headache; no hawking, no mucous discharge or dryness; no gagging for breath at night.

Tell your druggist you want a bottle of Ely's Cream Balm. A little of this fragrant, antiseptic in your nostrils, let it penetrate every air passage of the brain and heal the swollen, inflamed membrane, and relief comes instantly. It is just what every cold and sufferer needs. Don't stay sick and miserable.

MOOSE DANCE

Wednesday and Saturday nights.

CONSCRIPTION GIVEN APPROVAL OF LABOR

Federation of Labor Asks Canadian Delegate to Leave Hall for Attack on Law.

(By The Associated Press)
Buffalo, N. Y., Nov. 21.—The favorable report today of a resolution calling for the conscription of citizens of allied nations in this country brought on one of the most heated debates of the annual convention of the American Federation of Labor. It reached a climax when Thomas Black, a Canadian delegate, who characterized conscription laws as "dastardly legislation," was called upon to retract or leave the floor of the convention.

The committee's report endorsing the resolution was adopted by a vote of 244 to 20 amid a storm of cheers, but not until a large number of the delegates and President Gompers had replied to Black and Delegate Cary from Toronto, Ont., had declared that Black's statement did not represent the sentiment of Canadian trades union men.

The demand for a retraction from Black was not put in the form of a motion, and the matter was dropped after the adoption of the committee report.

Special Force of Federal Police Will Be Organized

(By The Associated Press)
Washington, Nov. 21.—Army department commanders have been relieved of the duty of assigning troops to guard industries and railroads as the first step in the war department's general plan for co-operating with the states in a system of internal control during the war that will not drain the fighting forces.

Hereafter all requests for guards, either from state authorities or from manufacturers, must be made to the adjutant-general for reference to the militia bureau.

Soldiers now doing police and watchman work will be relieved soon and to supplement for such duty furnished by the states, the department is preparing to organize a special force of federal police, semi-military in character.

Men above the draft age, men exempted because of dependents and others who do not join the fighting armies probably will be assembled by voluntary enlistment to do the work. Old soldiers are expected to prove particularly valuable because of their army training.

HOME FROM VISIT.
Miss Loretta Dorris returned home Tuesday noon from Salem where she has been visiting with friends for the past two weeks.

Ease baby's Croup with Dr. King's Discovery for Coughs & Colds

Don't let the little one suffer. Dr. King's New Discovery loosens the phlegm and gives quick relief, and being mildly laxative it helps bring the child's physical condition up to normal. Dr. King's New Discovery should be kept on hand to nip "those fits of coughing". It has helped thousands of children during the past 50 years. Get it at your druggists.

Constipation Causes Sickness
Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Try it tonight, 25c. All druggists.

TELEPHONE WORKERS ATTEND CONFERENCE

Efforts by President's Mediation Commission Result in Meeting at San Francisco.

(By The Associated Press)
San Francisco, Cal., Nov. 21.—Efforts of President Wilson's mediation commission to eradicate differences between the Pacific Telephone and Telegraph company and its employes crystallized today in a joint conference between company officials and representatives of California, Oregon and Washington local unions of the International Brotherhood of Electrical Workers.

It was the first conference which representatives of all the various factions affected by the employes' demands attended, and hopes were expressed by Secretary of Labor William B. Wilson, head of the commission, that the gathering might effect a speedy settlement of the disagreement which the party has been attempting to iron out for some time.

Polish Council to Accept Direction From Kais

Berlin, Nov. 21, via London.—The Polish regency council, upon entering office, says an official statement issued today, sent a letter to Emperor William declaring it was the intention to conduct the regency on lines laid down in the Emperor's manifesto of Nov. 15 and December 7. The letter adds:

"We expect the Polish people in the further development of historic events and relying on their own defensive force and pursuing their own interests founded on common western Kultur will strive with both central powers for common political and economic aims."

Emperor William, in reply said he shared the regency's conviction that on the basis of union with the central powers vital conditions are provided for guaranteeing prosperity to the Polish state, and "blessings of peace, culture and welfare to its citizens."

The emperor added that he was confident Poland had been called to enter a new period of national greatness and "thereby has become an important factor in Europe's development in accordance with the western ideals of Kultur."

The emperor concluded with the words: "May the Almighty bless your work."

Germans Fight on Last Line

(Continued from page one)
frenzy which had swarmed into the holes made by the mighty engines, was engaging the enemy in open fighting along the Hindenburg support line, back of the main defenses at many points. Up to noon today there had been no hard fighting and the German artillery fire had been very weak.

The Germans surrendered freely in numerous places and several hundred were brought in during the first few hours of fighting.

Two attempted counter-attacks were smashed by British infantry during the early hours, one in a tunnel trench near Bullecourt, the other at Havrincourt Park, where one company of Germans essayed an advance.

The tanks this afternoon, followed by infantry, were continuing their journey into enemy territory.

Prisoners admit ruefully that the attack was a surprise to them and caught many of them in their dugouts. The secrecy with which the British made their preparations was one of the most striking features of the offensive. Guns, tanks, troops were moved into the Cambrai sector at night and carefully hidden during the day.

WORKING ON LEVY.

C. W. Geller, water superintendent, is working out the budget necessary for the city to pay the water board for city water and light for 1918. This is based on past needs and probably will increase or decrease. Water for fire protection is measured by a fixed hydrant rental and is a matter of fixed costs, the amount of water used for fire fighting being very small.

WORK ON CHURCH.

The Presbyterian ladies' aid held an all-day meeting Tuesday, when the members took occasion to "clean house" after the tinting of the walls and the laying of a new floor covering, which have just been completed. At night, the men of the congregation held their regular monthly brotherhood meeting, a number coming early, and with the pastor, spending up the church grounds preparatory to seeding. At 6 o'clock all the workers enjoyed a covered dish supper.

Showanda, the choice of the smoker, is

You can nip colds in the bud—Clear your head instantly—

Try Kondon's for the Cold-in-head (at no cost to you)
