200 Pigs for 200 Boys

We have decided to double our BOYS' PIG CLUB this year. The Government has established a minimum price of \$14.50 for hogs. Never in the history of this country has the boy of today had such a wonderful opportunity to make money.

WE HAVE MADE OUR GROWTH by helping others. Now we want to help 200 boys get started in life. On account of the increased price in the hog market we have decided to increase the amount we lend to each boy from \$10 to \$12.50 one year at six per cent interest. Write for blank application TODAY.

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexions, also those who wake up with a coated tongue, bad taste, nasty breath, etc., who are bothered with headaches, biliousness, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

YOU'RE BILIOUS! CLEAN LIVER AND BOWELS TONIGHT

Don't stay headachy, sick, or have bad breath and sour stomach.

Wake up feeling fine! Best laxative for men, women and children.

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headachy, constipated and full of cold. Why don't you get a box of E.C. Cascarate from the drug store and eat one or two tonight and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarate never gripe or sicken like salts, pills and calomel. They act so gently that you hardly realize you have taken a cathartic. Mothers should give E.C. Cascarate to their children a whole Cascarate any time—they act thoroughly and are harmless.—Adv.

Escapes Serious Accident—
Professor E. M. Patterson, of the Eugene Bible University, narrowly escaped a serious accident Monday night when he was struck by an automobile as he was riding his bicycle north on Willamette street at about 6:45 o'clock. The car knocked Mr. Patterson down and ran over the rear wheel of the bicycle. The driver of the car is unknown and did not stop after the collision.

Mrs. Douglas' Father Dies—
M. H. Douglas, librarian of the University of Oregon library, left Eugene Monday noon for Lexington, Neb., to attend the funeral of his father-in-law, I. P. Griswold, who died Monday morning. Mrs. Douglas left to be with her father just a week from the time of his death, as she received word of his serious illness last Monday and left immediately. Mr. Griswold had been suffering with rheumatism for some time but it became acute, causing his death.

Credit Association Elects—
The Lane County Credit association elected officers Monday night at its annual meeting. A. G. Brauer of the firm of Brauer and Conley, furniture dealers, was elected president. David Graham, of Burden and Graham, was chosen vice-president, and Paul Willoughby, of the Haberdashery, was chosen as treasurer. The secretary, who is also credit man of the association, is elected by the directors. L. M. Travis is at present secretary. The reports received Monday night show that the association has paid off \$305 of its indebtedness the past year and is now in good shape, being nearly out of debt.

"Pete" Chase Writes—
Sergeant Clement J. Bradbury, who is in charge of the marine corps recruiting station here, has just received a letter from Peter S. Chase, a former Eugene man, who is now in the headquarters detachment, Ninth regiment, marines. He

HAD THE GRIP THREE WEEKS
With January comes la grippe. Lingering colds seem to settle in the system, causing one to ache all over, feel feverish and chilly, tired, heavy and drooping. Mrs. Lizzie Tyles, Henderson, Ky., writes: "My daughter had la grippe for three weeks. I had the doctor and bought medicine, and none of it did any good. I gave her Foley's Honey and Tar and now she is all right. I have told all my friends about it." Insist on the genuine Foley's Honey and Tar. Sold everywhere.—Adv.
