Save Your Worn Tires

It is a needless and extravagant waste to throw away your treadworn and rutworn tires after getting only 3,000 to 5,000 miles of service out of them. Engineers of world-wide reputation and over a hundred thousand practical hard-headed "show me" American motorists have put their approval on

GATES HALF-SOLE TIRES

The tires on your car that are beginning to show wear after only 3,000 to 5,000 miles can be made to give you not only double mileage, but better service than you ever had before. Every Gates Half-Sole Tire carries a written guarantee for Not Less Than 3,500 Miles of Service Without a Puncture. You cannot get this kind of guaranteed service from any new tire without paying two or three times the cost of a Gates Half-Sole.

Don't Throw Away Another Worn Tire
Find out first about Gates Half-Soles. If you are a car owner it will not take you five minutes to see and understand for yourself a process that seems almost like magic. You will be interested. We are ready to show you and we will prove every statement we have made.
