KEEPING SOLDIERS STRONG

Early in the world-war cod liver oil was selected to fortify the health of soldiers against the rigors and exposure of camp life and to help build up enduring strength.

SCOTT'S IS THE EMULSION

That actually guarantees the pure quality of Norwegian Cod Liver Oil which is refined in our own American laboratories. It is skillfully emulsified to promote prompt assimilation which is always difficult with the raw oil. Scott's Emulsion is famous for putting power in the blood to thwart colds, grippes, pneumonia and lung trouble. It is free from alcohol or opiates.
