

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.

When you use medicated sprays, inhalants and douches for your Catarrh, you may succeed in unstopping the checked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Go to your drug store to-day, get a bottle of S. S. S., and commence a treatment that has been praised by sufferers for nearly half a century. S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. You can obtain special medical advice regarding your own case without charge by writing to Medical Director, 22 Swift Laboratory, Atlanta, Ga.

Be Thrifty

The Government wants all Boys and Girls to own U. S. Government War Saving Certificates. We are going to help you.

SAVE YOUR EYES

Nervous exhaustion, epilepsy, "stomach trouble," rheumatism and even such grave diseases as goiter, diabetes and Bright's disease — are cured by properly correcting im-balanced ocular muscles.

So if you find it necessary to squint and wrinkle the forehead in order properly to follow the Vicissitudes of Vivian, or to match the floss of the minister's Christmas soft pillow, see an eye specialist. Correctly fitted glasses will smooth out more wrinkles in a week than your cold cream can or will in a month, and it will keep them out much longer.

"COLONEL LEADER" MARCH IS ENCORED

Eugene Musicians Make Big Hit at Red Cross Concert; Local Compositions Fine.

Eugene musicians were enthusiastically greeted at the Red Cross concert at the armory Wednesday evening. Every number was heartily applauded and many once so well that he was compelled to respond to encores.

"Celeste Aida," sung by Professor Henry Filer, and accompanied by the Eugene orchestral band, pleased the audience so well that he was compelled to respond to an encore.

The Indian club swinging and the "Pass Pied" dance by girls of the Eugene high school showed exceptional ability and careful preparation and were greeted with much applause. The girls were compelled to repeat the dance.

New March is Encored.

"Colonel Leader" march, composed by Professor Albert Perfect, dedicated to Colonel John Leader, commandant of the military battalion at the University of Oregon, and played by the Eugene municipal band, was one of the hits of the evening. It is a stirring specialty concert march, in which the cornet and trombone sections rise and face the audience during the trio, and so pleased the assemblage that it insisted upon its repetition.

"The Setette" from Lucia, sung by Henry Filer, tenor; Mrs. G. B. Marks, soprano; Miss Ruth Booser, alto; William Morrison, bass; Herschel Scott, baritone, was also heartily encored. It was accompanied by the Eugene orchestral band.

The blackface comedy, "Embalming Ebenezer," by Messrs. Keeney, Mahony and Ely, furnished the audience with laughs enough for an entire evening and was heartily applauded. It was excellently produced and full of ludicrous situations.

No number on the program held the audience in more wrapped attention than did the violin solo, "Adagio Pathetique," by Miss Winifred Forbes, instructor in the University. She was encored enthusiastically and responded with "Bohemian Dances" by Randegger. Miss Forbes was accompanied by Miss Ruth Miller on the harp and Miss Martha Tinker on the piano.

The song, "The Red Cross Girl," of which the words were written by C. A. Barnett and the music by Alfred H. Dillard, was not sung as advertised because of the illness of Roy Curtis, the vocalist. The orchestral band, however, played the music, which was heartily applauded.

The concert opened by a selected overture by the Eugene municipal band and closed with the American Patrol by the full band, which was at its best with over 20 members present.

The Eugene orchestral band, comprising a flute, saxophone, four clarinets, melophone, one cornet, string bass and traps, with the addition of a bb-bass on some numbers made its first public appearance Tuesday night under the leadership of Professor Perfect, and delighted the audience.

WHILE AT WAR WOMEN SUFFER AT HOME

EUGENE, OREGON.—"I certainly owe a great deal to Dr. Pierce's Remedies; through different times they have saved my life. One time I had trouble with my lungs and the doctor said that I could not get well. I took Dr. Pierce's Golden Medical Discovery and it cured me. I have tried another illness the doctor said there was no chance for my recovery. I took two bottles of Dr. Pierce's Favorite Prescription and got well. Again doctors said that the only thing to save my life was an operation, and at once, too. I again took the Favorite Prescription and the 'Golden Medical Discovery' and they brought me through just fine—well, and without an operation, so I cannot speak too highly of these wonderful remedies."—Mrs. ANNA JARVIS, 423 W. 34 St.

ROSEMUR, OREGON.—"During pregnancy I was so poorly I could not keep a thing on my stomach and my head and back ached terribly all the time and I was so nervous. A friend told me about Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and I took three bottles and never had any trouble afterward. The first dose helped me. My baby was a nice, healthy child. I think the 'Prescription' is simply great. I am glad to recommend it."—Mrs. C. A. FAULKNER, 381 Mosher Street.

"Favorite Prescription" and "Golden Medical Discovery" are both put up in liquid and tablet form. If not obtainable at dealers, send 10 cents to Doctor Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of either tablets.

At Columbus and Cincinnati, Ohio, Wheeling and Huntington, W. Va., and Fort Wayne, Ind., it was believed flood danger was past. All these points reported rivers receding or at normal stage.

ed the audience with its subdued and harmonious accompaniments to vocal numbers.

The high school girls in the Indian club team were Misses Allen, Trice, Forrest, West, Fish, Barger, Dyer, Ellis and Rasmussen. The dancers participating were Misses Barger, Irvin, McKinney, Seaver, Forrest and West.

The Red Cross received \$200 net proceeds from the concert, all of which goes to the local chapter.

335 Sheep Are Poisoned in Corrals at San Francisco

San Francisco, Feb. 13.—With 335 sheep in the corrals of William Taaffe and company here dead today and others sick, the sheep poisoning plot which federal officers blame on L. W. W.'s or German agents grew more serious. A full report has been telegraphed to Attorney-General Gregory by the United States marshal's office while army officers have taken a hand in the investigation.

Lieut. J. C. Quinlan, chief veterinarian of the Presidio, who made an analysis declared poison undoubtedly killed the sheep. A pathological college, brought out the same conclusion. Prof. Eischner declared the sheep were found in prime physical condition but that the poison used was neither arsenic nor cyanide, in his opinion.

Strong private guards with a sprinkling of federal officers were maintained throughout the night at all of the Potrero corrals.

Swiss Suspect

(Continued from page one)

dence named a certain tailor as the mayor of a town upon Prussian occupation.

Today Switzerland is struggling valiantly not only to maintain its neutrality but for independence for itself.

The German agents are threatening the staunch republic with revolution, hoping the revolution will spread into Italy and France.

The Prussians boast the German people are better disciplined than the rest of the world; that if revolutionary doctrines are scattered broadcast, other nations will succumb while Germany will remain unscathed.

Switzerland is swarming with the agents of the Prussian war party. Discussing the question of what the Russian Bolshevik movement could have hoped to have accomplished in Switzerland, France, Italy, England and even America, the celebrated Journal de Geneve, declared:

"A great revolutionary wave coming from the orient and crossing Germany is now swirling at the foot of the Alps. Concerted, methodic, internationalist agitations are growing in our cities. These tend to provoke by violence a revolution which from Switzerland would gain neighboring countries."

The paper is one of the most substantial in Europe. The warning was prompted by sensational developments of the past few weeks throughout German Switzerland.

Labor troubles are increasing. Purely political strikes have already occurred. Others are brewing. I am told they are all inspired by "foreigners not belonging to allied countries."

The latest menace came from the radical laborites, foreign-led, in the shape of an ultimatum to the government, demanding withdrawal of certain war measures, immediate release and indemnification of deserters who are forced to work and complete demobilization of the army by May 1.

The laborites declared that if within 48 hours after the ultimatum was recalled by labor unions and socialists, the terms were unheeded a general strike would be called.

The best element of labor is generally against the ultimatum, but German agitators, aiming at a revolution, are busy day and night.

Meanwhile, German troops are gathering near the Swiss border. All true Swiss are crying a warning, demanding: "What is the connection between the menace of a Swiss revolution and Hindenburg's offensive?"

One Man Is Killed in Fight Started Over Dog

Chehalis, Wash., Feb. 13.—As the result of a quarrel over a dog John Ceislock is dead and Leonard Tocek is in jail here charged with murder. The men engaged in a quarrel at a Pe Ell dock, ending in Tocek striking Ceislock with a stick of wood, fracturing his skull.

OHIO CITIES HAVE FLOODS

Cleveland, O., Feb. 13.—Buildings were tumbled into Lake Erie, summer homes were submerged to a depth of several feet and families were forced to flee when ice gorges in the Rocky river here let go. The water rose to ten feet in less than an hour. Early today the water receded several feet and it was believed further damage of floods was over. An island in Rocky river was entirely submerged.

At Columbus and Cincinnati, Ohio, Wheeling and Huntington, W. Va., and Fort Wayne, Ind., it was believed flood danger was past. All these points reported rivers receding or at normal stage.

STUMEZE ENDS SIX YEARS OF STOMACH MISERY

"For six years I suffered with catarrh of the stomach, indigestion, sourness, gases, headaches, and sometimes felt as though my stomach was being eaten up. I decided to try STUMEZE. In two days I was feeling relieved of my suffering. I now have a good appetite and can eat anything I like without suffering in the least. I ask you who are suffering from stomach trouble to give this great remedy a trial and be made well, as I have been."—Howard L. Bolan, 718 N. Second street, Tacoma, Washington. STUMEZE is for sale and guaranteed by all druggists.—Adv.

An Editor Recommends "5-DROPS" To Sufferers

Mr. L. P. Hill, editor Enterprise, Enaley, Ala., writes:

"I want to tell you that I have been living in this district for the past 27 years and there is no man that is better known than I am. I tell you this because I want you to know that I am no stranger to the people. About twenty days ago I was down on my back with the worst case of rheumatism and I began to use your medicine and in about a week I was on my feet again. People all over Birmingham and Enaley were astonished to see me get well so quick and wanted to know what medicine I took. I told them '5-DROPS' and every man who has the rheumatism knows of your medicine and says they will use it. I am telling every one of the virtue of your remedy and I am sure it will increase the sale of same."

Such evidence as this should be sufficient to prove to any person the value of "5-DROPS" in rheumatic trouble.

"5-DROPS" is sold by the leading druggists in every part of the United States and Canada.

FREE A sample bottle will be mailed to you if you will write to The Swanson Company, Newark, Ohio.

WATER BOARD FILES REPORT WITH CITY

Nearly \$100,000 Paid on Indebtedness of Plants From Balance on Hand.

The Eugene water board has filed with the city recorder its report for the year ending December 12, 1916. It shows that there was a total of \$82,500 being paid on the indebtedness of the light plant in the year, part from cash on hand at the beginning of the year and a part from earnings. There has also been a reduction of \$16,000 made in the bonded indebtedness of the water plant. The receipts of the electrical department total \$125,977.73 and of the water department \$48,073.08.

German Junker

(Continued from page one)

terminated to wage the war to a successful termination—but at all times he is prepared to meet the Teuton people in negotiations for peace.

A separate peace with Austria can come if she will break with Germany.

The president has not backed down from his original stand on peace. He will not deal with the German junkers. The German people must break away from the absolute control of von Hindenburg and Ludendorff. They need not dethrone their kaiser, who is regarded by the president merely as a tool in the hands of militarists, but they must inaugurate electoral reforms such as will insure this government's dealing with the people of Germany—not the junkers.

There must be no armistice with the German military party—peace that would allow it to prepare merely for another war. Strong arm methods in Germany must yield to democratization.

As for details of the other bases for peace the president is willing to be shown his views are not the most practicable.

The German-controlled Austrian government today is under two fires—the demands of the people for peace and the demands of the German junkers for continuation of the war. That the people, in the end will win, is the conviction of the president.

The German militarists must eventually break under the destruction of their false promises. They ridiculed the American army—but that was before they saw that this country is preparing, not for a year's expedition, but for a war that will last indefinitely to win her aims. The Austrian people after the president made his last year aim speech to congress demanded strongly the throwing off of the junker influence. For a time it looked as if they would win. Czernin wavered before the cross fires—and then yielded once more to the Germans.

But once again the president has struck out to show the Austrians the futility of their alliance. And his message might have been shortened to read: "Break away from Germany—and the democracy of America will receive you. Stand by Germany and you must take the consequences along with the junkers of that nation."

Suit Against London Estate Is Filed by First Wife

Oakland, Cal., Feb. 13.—Mrs. Beattie M. London, first wife of Jack London, novelist, has a suit on file here today for \$10,000 against London's estate. The complaint alleges that before London's death the author agreed to pay his first wife \$75 monthly until her remarriage and \$37.50 monthly for each of their two girls. Mrs. London alleges that although she has filed claims against the estate, none has been allowed by the executors since December 1, 1916.

Fractured Vertebrae of Neck Puts U. of C. Star Out of Game

Berkeley, Cal., Feb. 13.—Physicians today told "Tiny" Bates, star end of the California "Varsity" football team, that he played through the entire 1917 season with one of the vertebrae of his neck fractured. X-ray treatment disclosed the trouble and he will have to wear a leather cast on his neck for months. He will never again be able to engage in athletics.

GEORGE C. RAE DEAD

Portland, Or., Feb. 13.—George C. Rae, dean of lumbermen in the Pacific northwest, died early today following a long illness. He was one of the owners of the Inman Rogien Lumber company of Portland and was over 35 years one of the most important lumbermen in the west. Rae was 74 years old and a native of Scotland.
