SHAKESPEARIAN PLAY TO BE WELL SET

University of Oregon Drama to Be Given Three Nights at Guild Hall.

Elizabethan settings, depending for their effect on colored lights and curtains, will be used by the advanced classes in dramatic interpretation at the University in staging Shakespeare's comedy, "Twelfth Night," in Guild Hall Thursday, Friday and Saturday nights.

The settings will be extremely simple; changes in hangings will mark the distinction between indoor and outdoor scenes. Student committees have entire charge of the setting and costuming.

The play is being given for the benefit of the Red Cross, as have the others produced by the department this year. It is directed by Professor Fergus Reddie.

Helen Bracht Maurice will play the lead, Viola, whose charm and wit have endeared her to lovers of Shakespeare. Robert Cosgriff will play opposite her, as Duke Orsino, quite desperately and hopelessly in love with Olivia, played by Ruth Rothrock, whose rejection of his suit fills him with despair.

Professor Reddie will portray the comic Sir Toby Belch, and Professor W. F. G. Thacher will be his echo in Sir Andrew Aguecheek. The conceited Malvolio will be represented by David Lloyd Stearns. Grace Gilmore will play Maria, the little mischief maker, who plots to shatter Malvolio's high self-esteem.

"Twelfth Night," with its beauty of verse, wealth of imagery, sentimentality, melancholy, wit and humor, forms one of the most charming of Shakespeare's comedies. The complicated plot, dealing with mistaken identity of twins and further complications through the heroine disguising herself as a boy, furnishes abundant opportunity for the display of the best in Shakespeare's art.

The ticket sale opened yesterday. Reservations for seats may be made at the box office in Guild hall.

ATTACK ON ALASKA IS FEARED BY LEWIS

Illinois Senator Says Germans Will Incite Russia to Seizure of Territory.

Washington, Feb. 21.—Predicting that America will soon be forced to fight for Alaska and Hawaii, Senator Lewis, Illinois, today demanded government ownership of the railroads as a preparedness measure.

If private ownership of the roads continue, he said, "we will have no adequate means of rushing troops to points needing defense."

Lewis declared that German intrigue will incite Russia to seize Alaska, so as to force the United States to divide its fighting power and minimize her assistance to the allies on the western front.

Lewis' address was the call for a general advance of government ownership advocates in the closing hours of debate on the railroad control bill. They are centering their efforts on section 13 of the pending bill, covering the definite limit to federal control. They have lined up behind Senator Cummins' proposed amendment providing that at the end of the war the President shall appoint a board of five railroad directors to manage the roads.

Lewis declared that government ownership "will be the great national home issue of the next presidential campaign in connection with the international issues growing out of the war on peace terms."

"This bill," said Lewis, "is the beginning of the government taking the roads as a government agency. They will never be permitted to return to the former state of personal control for private profits. At the same time this country takes over the railroads, it will take the telegraph and telephone privileges and then the products for fuel, particularly coal and oil lands. The people will take possession of the people's property."

He reviewed the breakdown of privately managed roads, predicting that "the day is just ahead of us when the United States will have to fight to stop Alaska and Hawaii from being wrested from us," and if private ownership of railroads continues, "we will have no adequate means of rushing troops to points needing defense." He predicted a calamity if an enemy ever appears at our gates while the railroads are privately owned.

EUGENE ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract, it relieves ANY CASE constipation, sour stomach or gas, and prevents appendicitis. It has QUICKEST action of anything ever sold. WIN THE WAR BY PREPARING THE LAND SOWING THE SEED AND PRODUCING BIGGER CROPS.

Work in Joint effort the Soil of the U. S. and Canada—Co-operative Farming in Man Power Necessary to Win the Battle for Liberty.

The Food Controllers of United States and Canada are asking for greater food production. Scarcely 100,000,000 bushels of wheat can be sent to the allies overseas before the crop harvest. Upon the efforts of the United States and Canada rest the burden of supply.

Every Available Tillable Acre Must Contribute; Every Available Farmer and Farm Hand Must Assist.

Western Canada has an enormous acreage to be seeded, but man power is short, and an appeal to the United States' allies is for more men for seeding operations.

Canada's Wheat Production Last Year Was 225,000,000 Bushels; the Demand From Canada Alone, for 1918, is 400,000,000 Bushels.

To secure this she must have assistance. She has the land, but needs the men. The Government of the United States wants every man who can effectively help to do farm work this year. It wants the land in the United States developed first, of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields after ours are supplied, we want to direct him there.

Apply to our Employment Service, and we will tell where you can best serve the combined interests.

Western Canada's Help Will Be Required Not Later Than April 5th. Wages to Competent Help, \$50 a Month and up, Board and Lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board, and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return. For particulars as to routes and places where employment may be had, apply to

U. S. Employment Service, Dept. of Labor.
