Almost a Young Man Again.

When a man awakes in the morning with back so stiff he can hardly stoop over, with shooting twinges in aches and groins, dark and puffed pouches under eyes—when his movements seem slowed up and he lacks vim and energy—instead of saying, "I'm getting old," he should be on guard against kidney trouble. E. R. Whitehurst, R. F. D. 1, Norfolk, Va., writes: "I had been suffering for more than a year, but since taking Foley Kidney Pills, I feel almost a young man again." Sold everywhere.—Adv.

WIN THE WAR BY PREPARING THE LAND SOWING THE SEED AND PRODUCING BIGGER CROPS.

Work in Joint effort the Soil of the U. S. and Canada—Co-operative Farming in Man Power Necessary to Win the Battle for Liberty.

The Food Controllers of United States and Canada are asking for greater food production. Scarcely 100,000,000 bushels of wheat can be sent to the allies overseas before the crop harvest. Upon the efforts of the United States and Canada rest the burden of supply.

Every Available Tillable Acre Must Contribute; Every Available Farmer and Farm Hand Must Assist.

Western Canada has an enormous acreage to be seeded, but man power is short, and an appeal to the United States' allies is for more men for seeding operations.

Canada's Wheat Production Last Year Was 225,000,000 Bushels; the Demand From Canada Alone, for 1918, is 400,000,000 Bushels.

To secure this she must have assistance. She has the land, but needs the men. The Government of the United States wants every man who can effectively help to do farm work this year. It wants the land in the United States developed first, of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields after ours are supplied, we want to direct him there.

Apply to our Employment Service, and we will tell where you can best serve the combined interests.

Western Canada's Help Will Be Required Not Later Than April 5th. Wages to Competent Help, \$50 a Month and up, Board and Lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board, and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return. For particulars as to routes and places where employment may be had, apply to

U. S. Employment Service, Dept. of Labor.
