U-BOAT IS SUNK BY THREE SHOTS FROM STEAMER

Clean Hit Is Scored by American Vessel Tidewater Shortly Before Midnight, March 17. Statement by Officers.

Washington, May 7.—With three well-placed shots, the American steamer Tidewater disposed of an enemy submarine March 17, the navy department announced today.

The second shot was a "clean hit" on the U-boat, the Tidewater's commander reported.

"The captain, the chief engineer, myself and others of the crew, were satisfied that it was effective," he reported.

Action occurred shortly before midnight, March 17.

The ship barely missed the U-boat while turning. The submarine then was submerged and the guns were brought to bear, with the result that the first shot hit some distance ahead of her wake. Three shots in all were fired, after which the Tidewater proceeded without again seeing the submarine, though all preparations were made for a later attack.

Germans Will

(3,672,000 men)—exactly 100 more than now are on the west front—showing that many divisions are able to appear several times in different parts of the line by a process of rotation and reorganization.

Hindenburg has been hit hard, but by now his reorganization should be about complete. When the weather and other conditions are favorable, there can be no doubt but that he will hit again and hard—though not necessarily on the Somme or the Ypres.

With the French Armies in the Field, May 7.—The French have identified 18 fresh or re-formed German divisions (218,000 men) on the Aisne front.

While this presumably indicates the Germans' intention to resume their offensive there, it indicates likewise that the divisions thus placed have sustained aggregate losses of at least 50,000, the enemy customarily replacing first line divisions when they have lost between 2000 and 3000 men.

Prisoners admit the French artillery before Aisne is constantly inflicting the heaviest losses.

With the British Armies in France, May 7.—The allied forces for the past 24 hours have been steadily straining the German back areas. This is not conducive to the quick movement of men and materials across the war-made desert areas around Noyon.

The infantry hull continues, only raids and petty exploits being conducted. On most of the fronts there is only ordinary, mutual cannonading. The terrain is being drenched by May-time showers.

Anniversary of Lusitania Tragedy Given Little Notice

Washington, May 7.—The nation's capital, bent on avenging the horrors of the Lusitania, let the anniversary of that tragedy pass almost unnoticed today. The D. A. R. observed it fittingly, but officials of the government did not pause in their work.

HELD FOR MURDER

San Francisco, May 7.—Daniel Rioridan, 60, was charged with murder today, following a saloon brawl early this morning, in which Fred S. Jones, saloon man, was killed. Rioridan declared somebody stole his watch. He shot Jones through the back and sent another bullet through the leg of Joe Sullivan, stevedore. Jones died soon afterward. Rioridan told the police his home is in Sacramento.

Harry Brechtel of Veneta left Saturday for Camp Lewis in company with the other drafted men from Lane county. After an enforced rest of several weeks on account of various epidemics in the neighborhood, the Elmira Red Cross la-

dies met Tuesday and Wednesday and made several quilts for the Stevens family, who were recently burned out of their home north of Elmira. They had just moved here from Canada. As the roof was about to collapse on them before they noticed the fire, they succeeded in saving almost nothing except their automobile which was in a shed nearby.

Miss Nellie Parker is spending several days with her brother, Leo Parker, before she leaves for Moscow, Idaho, where she will work as a nurse.

The Elmira high school boys have just completed the plowing, disking and dragging of the large part of the school campus for a war garden, which they will plant again in beans this year. The boys have prepared considerably more area this year than was put in last year, and now have about two acres ready to seed. "Mexican Wonder" beans will be put in. The boys have worked hard and faithfully, and deserve great credit for the way in which they are doing their part "to make the world a decent place to live in."

COUNTY COURT MAKES ROAD SURVEY ORDERS

Many Communities and Individuals Ask Establishment of New Highways.

The war does not seem to have curtailed the demand for roads in Lane county. Monday was one of the busiest road days in the history of the county court. While no large projects were up for consideration, there were a large number of petitions before the county court and six roads were ordered surveyed. They were as follows:

Grant Hendricks road, on the McKensie river.

John S. Beal road, near Lowell.

T. Goodpasture road, near Spencer Butte.

Andrew Tongs road, on Spencer Creek.

A. L. Dickins road, near Cloverdale.

A. L. Clemens road, near Alvadore.

GRAIN ELEVATOR IS DESTROYED BY FIRE

Authorities Say Incendiaries Responsible for Damage Estimated at \$500,000.

St. Louis, Mo., May 7.—The Union stock yards here and an elevator containing \$300,000 worth of grain for the allies were destroyed early today in a fire which authorities say was incendiary. Hay and grain scattered over the pens fed the flames, which spread rapidly from an unoccupied warehouse where the fire originated last night. Firemen rescued 2,000 animals.

The property damage was estimated at \$500,000 by stockyard officials. Police appraised the loss at \$3,000,000. The authorities are investigating the mysterious cause of the fire.

DON'T Slow Up Advertising NOW!

Never has there been a time when the public has looked more keenly for MERCHANDISING NEWS than now.

Never has there been a time more auspicious for the enterprising tradesman to secure HIS FULL SHARE OF TRADE than now.

People must continue to eat, to wear and to use.

The tendency is to cut out luxuries, and luxuries are only a relatively small proportion of your business. For every luxury cut out you have a chance to increase your movement of staples.

How short-sighted is the policy of reducing advertising expense to "save money." You will lose trade. You will only lose prestige.

Advertise to increase sales and make more money; don't cut it out to save money.

Study your advertising as you never did before—do it wisely and well.

Be prosperous and let the people know that you are prosperous.

Success was NEVER achieved by stopping advertising or by wearing old clothes and talking pessimism.
