Red Cross To Be Theme Of Pastors of Churches In Eugene Tomorrow

THE PHARISEE OF TODAY.
(A Saturday Sermonette.)

The Pharisee of Jesus' day was one of a sect. The Pharisee of today is one of a type taking his designation from the sect which has come down through history for stealing the livery of heaven to serve the devil in. It has been the Pharisees of every age who have turned the holiest motives of men to their own purposes. The tories of the revolution who turned against their fellow colonists in the hope of reward from the crown were Pharisees and prated of loyalty as a supreme duty. The copperheads of the Civil war were men who held treason in their hearts, had not the courage to fight for the south and took refuge under the pretext that we should not interfere with the "rights" of the slave holders.

The arch Pharisee of today is the kaiser; he is the high priest of the cult, and the man who supports him in any way, or puts any conditions whatever upon his opposition to him, is his follower.

Another type of Pharisee which is fortunately not very prevalent is the man who tells how vicious our American soldiers have been and who seeks evidence to establish the fact that they have been more cruel than the Huns.

All patriots may not be Christians, but it is a safe assertion that all true Christians are patriots. I cannot imagine a man who can have in him the mind that was in Christ Jesus or even to try to have in him that mind and not realize that Christianity itself is at stake in this contest. That if the Huns win, the rights of free speech, of free opportunity, of free action, are wiped from the face of the earth, and in its place will rule the power that maimes children, outrages women and devastates the world.

When any man comes before you and urges that he should be permitted to "throw a monkey-wrench in the machinery" of the government, because the war is not of his choosing, he brands himself as a Pharisee. B. W. T.

"DAYS OF '49 SHOW" AROUSES INTEREST

Big Patriotic Fund Entertainment by Elks Will Be One of Events of Year.

Much interest is being manifested in the approaching "Days of '49 show" to be staged next week by the Elks Lodge. This show is being put on for the benefit of the Elks Patriotic fund and local Elks predict that it will "go over the top" for a substantial contribution to this most worthy cause.

Elks are famous as entertainers the world over, and every effort is being made to make this particular show the best entertainment of its kind ever offered in Eugene. Many novel and amusing features have been secured and a big surprise has been promised for each of the four nights of the show. Those who have witnessed some of the stunts pulled off by the local lodge in days gone by can readily imagine that a real treat is in store for those who participate.

The Benevolent and Protective Order of Elks have equipped and prepared to operate the only reconstruction hospital in the United States, and the largest hospital of its kind in the world. In addition to this some 30 Elks' lodges throughout the country have equipped and turned over to the government fully equipped hospital units officered by some of the best physicians and surgeons in the world, recruited largely from the members of the Order.

Anyone who attends their show may be sure of a pleasant evenings entertainment, and be equally assurred that the money spent will go to a most worthy cause.

SINN FEIN LEADERS TAKEN IN CUSTODY

Proclamation by Field Marshal French Charges Offenders with Aiding Germans.

Dublin, May 18.—Edward Devalera, Arthur Griffith, Countess Markievicz, Darrell Figgis, Herbert Mellows, Doctors Dillon and Hayes and several other Sinn Fein leaders were under arrest here today. They were taken in custody by government agents last night.

A proclamation issued by Field Marshal French, lord lieutenant of Ireland, throughout the country at daybreak today, declares it is learned that certain subjects of Ireland have entered into treasonable communication with Germany and that strict measures must be taken to put down the German plot. It asks Ireland to aid in crushing the conspiracy. The proclamation concludes:

"Toward this end we shall cause still further steps to be taken to facilitate and encourage voluntary enlistment in Ireland, in the hope that without by resort to compulsion, Ireland's contribution to the British forces will equal that of the remainder of the empire."

Edward Shortt, chief secretary for Ireland, authorized a statement in which he accepts full responsibility with French for the measures which he says are directed solely against German intrigue in the Irish province. He says only a small number of Irish are involved in the plot.

Reading Shortt's proclamation, the Freeman's Journal said:

"Shortt's first word to the Irish people apparently means conscription will be launched under cover of the revelations of an alleged German plot. Possibly a few foolish Irish people may have entered a conspiracy to invoke German aid, but the Irish people are not pro-German, notwithstanding all provocation."

HAVE DARK HAIR AD LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known down town druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

WARNING TO CAR OWNERS!

The following cars in this territory have Willard batteries on as Starting and Lighting equipment: Dodge, Studebaker, Reo, Chevrolet, Chalmers, Franklin, Hupmobile, Grant.

The builders of these cars and the Willard Storage Battery Co., builders of the starting battery have requested us to strongly urge the owners of the above cars to make every effort to have the battery inspected each month by the local Factory Representative or notify us at once in case anything seems to be wrong about the battery.

The first three months of the life of the battery is very important and during that time it should receive expert attention every month. Any defects in material or workmanship during that time will be made good at no cost to the owner by sending the battery to us for test and inspection. But this, absolutely must be done by the Willard Factory Expert or no credit will be given. No free replacements will be made by the Factory on a battery that has been worked on by some one other than the authorized Willard Man.

If you have a Willard Starting Battery on your car, take advantage of the Willard Policy and you will be protected against loss during the most important period of the batteries life. And, also, you will find that the same company will protect you, even after a year and a quarter use of the battery by a most liberal adjustment if you feel unsatisfied with the battery.

To make it easier for the Willard Company to carry out this policy all we ask of you is that you report here at least once a month for a five minute test and inspection of your battery.
