SIBERIAN TROUBLE THREATENS SAFETY OF THE BOLSHEVIKI

Counter Revolutionists Appear to be Organizing to Resist a Possible Penetration by German and Austrian Armies

By JOSEPH SHAPLEN
United Press Staff Correspondent
Stockholm, June 21.—Developments in Siberia are intensely serious for the Bolsheviki. It is impossible to glean from reports now available whether the movement there is counter-revolutionary, but it is most likely that the socialist revolutionaries of the right are dominating it. M. Schustarsky, president of the Siberian soviets, recently wrote to Premier Lenin, indicating that all groups in Siberia, including part of the Bolsheviki, were likely to combine to fight German penetration. He declared that possible inroads in Siberia would necessitate abrogation of the Brest-Litovsk peace pact. Concluding, he said: "Siberia will be forced to accept this viewpoint, in defense of its interests,

and will enter an agreement with the Americans, which would lead to expected consequences, namely: loans and trade treaties."
This letter never has been made public. Lenin and his Moscow crowd are likely to resort to a final desperate move to save themselves—calling in the Germans against the democratic and pro-ally factions. They would term this a part of the necessary policy of compromise while awaiting a world revolution. Thus the dissolution of Bolsheviki is proceeding rapidly.

Investigation of Officer's Death in Hospital Ordered

San Francisco, Cal., June 21.—An army investigation of the death of Captain H. A. Verbeck, truck company E, artillery corps, who was found dead on the Letterman Hospital grounds from a gunshot wound, was started today. Verbeck, who had been a patient at the hospital following an operation, is believed to have shot himself in a fit of despondency over ill health. A pistol was found near his body.

CHARLEY CHAPLIN AT EUGENE THEATER

Big Comedy Production—Two Acts of Vaudeville—J. Warren Kerrigan in "Turn of a Card."

Charley Chaplin, the king of comedy, will be at the Eugene theater this evening and tomorrow special matinee and evening, in his late, great comedy success, "His Love Letter." This production is good for 30 minutes of hilarious laughter, being a screen from the start to finish. This comedy production, in two acts, co-stars Miss Mable Normand, which gives two of the greatest comedians known to the movie world in the one production.

The six-reel super-photoplay, "The Turn of a Card," by the Paralta people, has J. Warren Kerrigan in the titular role. Kerrigan is everybody's favorite, and like Bill Hart and other popular favorites, is always sure to pack the house to full capacity. In the "Turn of a Card," eastern critics state that Kerrigan is at his best; that it is one of the best productions of the year, gripping and full of heart interest with splendid comedy interspersed throughout the six reels.

In addition to the two big photo-features, two acts of vaudeville will be given. Fran Monral will appear in popular character songs, and Tracey and Carter will give a black face act.

Small Envelopes Make Work for Postoffices

Extremely small envelopes or those of unusual size are emphatically taboo at the postoffice, or they would be if the postoffice officials had their way about it. The department in Washington, D. C., has sent out instructions that the postmasters everywhere should endeavor to educate the public to the fact that a small dainty envelope runs a fine chance of being lost or picked up off the floor and properly smeared with a hand stamp. This is due to the fact that the dainty envelope will not run through the stamping machine and is often lost in the shuffle.

Envelopes of unusual size are often lost and are sure to be blurred in stamping. The same is true of envelopes of dark color or those with too much printing. What the department would like is that people just confine themselves to envelopes of ordinary size and keep away from the freak or dainty idea. As they have trouble with the automatic stamping machine.

LIQUIDATION CAUSES GRAIN FLUCTUATION

Corn Drops on Opening, but is Restored to Normal by Stiff Buying.

Chicago, June 21.—Liquidation begun yesterday on the board of trade continued today, and prices on grain futures dropped rapidly after the opening. Buying by professional traders later absorbed offerings in corn and the market recovered. Better weather reports from the southwest was the leading factor early in the trading. The early weakness in corn induced selling in oats. Provisions were little affected by grain fluctuations. June corn was nominal, July opened at \$1.41½, down 1 3-8c, later regaining 1 1-8c. August corn opening at \$1.45, was down 1c and later advanced 3-4c. June oats opened late at 70½c, and rose to 77c before noon. July oats, down 1/4c at the opening, 72c, regained the fraction later. August oats opened at 67 3-4c, down 1/4c, subsequently advancing 7-8c.

ROYAL NEIGHBORS IN COUNTY CONVENTION

Marcota Lodge Presents Class of 50 Candidates for Initiation Into Order.

Marcota, with a class of 50 candidates for initiation today, presented the largest class of candidates for initiation into the Royal Neighbors of America at the county convention of the order, held in the K. of P. hall. The Eugene lodge had a class of between 15 and 20 candidates, and other lodges in the county were well represented among the new members. Practically the entire time at the sessions of the convention would be taken up with the initiations, it was announced.

The showing of the Marcota lodge is largely the result of work by Mrs. Herman Mason, assistant district deputy, who has been working with Mrs. Nora Starr, district deputy, who presided at the sessions of the convention today. The first session of the convention was held at 2:30 o'clock this afternoon. A light luncheon will be served in connection with the meeting tonight. The sessions are open to all members of the order.
