

Experts Say
"ZEROLENE IS BETTER"
 —because it holds better compression, gives better protection to the moving parts and deposits less carbon.

The "T" head type engine, illustrated here, like all internal combustion engines, requires an oil that holds its lubricating qualities at cylinder heat, burns clean in the cylinders and goes out with exhaust. Zerolene fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.

Hardly a Drugstore in the Land That Does Not Sell This Remedy

On the Market Half a Century.

When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities. You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired

appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S., the great blood purifier and strengthener. It will cleanse the blood thoroughly and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 24 Swift Laboratory, Atlanta, Ga.
