Important Announcement!

To Out-of-Town Readers of The Eugene Daily Guard

Due to the excessive cost of paper, materials and labor, and the increased postal rates, conditions over which we have no control, it is imperative that we raise the price of subscription by mail in order to maintain the service that we are rendering to you and to the GOVERNMENT at this critical time. Never before in the history of the country has the newspaper played so important a part in the affairs of the nation as at present, and your allegiance to The Guard shows that you approve of the course it has taken. It has at all times upheld the hands of Uncle Sam to the end that this war might be won with honor and glory to the greatest nation of free people on earth. It expects to continue that policy, at whatever cost that victory may come the sooner.

The Guard has kept you and will keep you informed during this world crisis; it will get the news from the battlefield to you while it is still news; it will keep you in touch with the Government at Washington and with the various branches and departments of the Government throughout the country; it will give you the news from your home community, news in which you are interested at the present time. And never has the need of such information been so important as now.

As a matter of fact we have given you metropolitan newspaper service at country newspaper prices, even at a sacrifice to the owners of the paper. Even in normal times \$3.00 a year was barely sufficient to cover cost of production.

But we are going to play fair with you by giving you time in which to save money for yourself. Here is our proposition: If your subscription is in arrears you may pay up to date and one year in advance at the old rates, \$3.00 in the first mail zone (in Lane county) and \$4.00 in all other zones (outside of Lane county). If you are already paid in advance you may pay still another year at the old rate. New subscriptions will be accepted on the same basis until the new rate is put into effect. In this way you will have an opportunity to save money, for the new rate will be \$4.00 per year in the first mail zone (Lane county) and \$5.00 per year outside of Lane county. The earlier you send in your remittance, the sooner you will be satisfied with yourself.

The Eugene Daily Guard
