SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin
Cool and Comfortable.

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.
This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of very eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

CARD OF THANKS

We wish to express to our friends our appreciation for their help and sympathy in the hour of bereavement. Also for the beautiful flowers.
MIL AND MRS. A. M. AUSTIN AND FAMILY.

S. P. PRESIDENT TO VISIT EUGENE SOON

Eugene will be visited during the week-end by William Spruille, president of the Southern Pacific Railway company, of San Francisco, and all the high officials of the Portland division of the road, who are on a tour of inspection. The party spent yesterday at Ashland and are visiting Medford, Grants Pass and Roseburg today. It is now known definitely whether they will arrive in Eugene Friday or Saturday.

In the party are John M. Scott, general passenger agent, E. L. King, the new superintendent of the Portland division, W. F. Miller, assistant general freight agent, and E. E. Mayo, division engineer, all of Portland, and I. T. Sparks, district freight and passenger agent, of Eugene.

The party is expected to spend a day here and then visit towns on the Coast bay branch. It is considered likely that they will look over the construction being done between Kincaid station and Springfield Junction which will change the routing of the Springfield street cars.

CITY NEWS

OREGON WEATHER

Tonight and Friday rain; fresh southerly winds.
