# BOOTH-KELLY MILLS MAY RE-OPEN SOON

Current rumor on the streets of Eugene is to the effect that the Booth-Kelly Lumber mills in this county, one of their mills in this county, upon the return of A. C. Dixon, manager, from the east, where he has been for the past several weeks studying market conditions. He is expected back this week-end.

It is said that Mr. Dixon has notified friends that upon his return here there will be a resumption of activity, providing general conditions do not turn for the worse before then. This might mean if the threatened rail strike does not materialize, it is thought.

# MOOSE AND LEGION GIVE BENEFIT DANCE

About 75 members of the Moose lodge and Moose legion from the branch lodges at Corvallis and Albany were in Eugene last night for an entertainment and a dance given by the local lodge. Following the regular meeting of the lodge the dance and entertainment was given under the auspices of the local legion. Proceeds from the entertainment were added to the Oregon fund for the erection of a building by this state at the great national institution of the lodge at

## Moosehart, Ill.

In the afternoon a bazaar was held at Laraway's Music store, the proceeds from which were added to the benefit fund. The bazaar was also conducted at night during the entertainment. The Oregon building, while it will not be expected wholly for children from this state, will be built and maintained by the Oregon division of the lodge. Moosehart is the great school for the orphaned children of members of the order.

# RED CROSS WORKING FOR HEALTHIER U. S.

Thousands Aided by Instruction in Care of the Sick, Food Selection and First Aid.

How the American Red Cross guides thousands of persons to health is shown in a summary of the society's activities in the health field based upon the annual report for the last fiscal year. Through its Nursing Service, its Home Hygiene and Care of the Sick courses, nutrition classes, First Aid classes, Life-Saving classes and Health Centers and in numerous other ways designed to acquaint masses of citizens with proper methods of living, the Red Cross carried its message of health into all parts of the country.

The work of the Red Cross during the war in its traditional field of nursing, furnishing the military and naval establishments of the nation with 19,877 nurses, is well known. And there are today 37,787 nurses registered with the American Red Cross and subject to call in emergency. During the fiscal year, 1,351 Red Cross nurses were accepted for assignment to Government service, 388 by the Army and Navy and 1,163 by the United States Public Health Service.

In addition to the nurses enrolled by the Red Cross for Government service, the Red Cross itself employed a total of 1,348 public health nurses in the United States and Europe. By far the greatest number was employed in the United States, 1,257, while 81 were in foreign service.

Home Hygiene and Care of the Sick classes, giving thorough instruction in the proper care of the sick in instances where the illness is not so serious as to require professional nursing care, during the fiscal year numbered 5,178. A statistical picture of the Red Cross operations in this field follows:

New classes formed during year ..... 5,170  
Classes completed during year ..... 6,290  
New students enrolled ..... 101,098  
Students completing course ..... 73,432

What the Red Cross accomplished in giving proper instruction through its Nutrition Service is indicated by the following table:

New classes formed during year ..... 142  
Classes completed during year ..... 186  
New students enrolled ..... 2,341  
Students completing course ..... 2,013

In addition to the above, a total of 22,006 children were given instruction in the proper selection and preparation of foods.

Through its 280 Health Centers, the Red Cross reached 90,252 persons. In these Health Centers, 4,015 health lectures were given and 780 health exhibits held.

In the United States last year, 75,432 persons were killed and 3,500,000 injured in industrial accidents. To prevent this enormous waste the Red Cross held 5,100 first aid classes with a total of 104,000 students enrolled.

# RED CROSS RESCUED 600,000 FROM DEATH

Spent \$1,200,000 for Relief of Famine Sufferers in China Last Year.

To help overcome conditions of acute distress in five famine stricken provinces of Northern China, where millions of persons were affected by an unprecedented shortage of food, the American Red Cross during the last fiscal year spent more than \$1,200,000, \$1,000,000 of which was contributed directly by National Headquarters and the remainder by various groups interested in the welfare of China.

Through the wide relief operations thus made possible it is estimated that more than 600,000 famine sufferers were saved from starvation. To the end that similar prompt relief measures by the organization may always be possible the Red Cross is asking continued support by the American people by universal renewal of membership at the Annual Red Cross Roll Call, November 11 to 24.

The method of relief employed by the American Red Cross in its operations in China was particularly effective, for in addition to saving hundreds of thousands of lives it provided China with more than 500 miles of permanent roads that are sorely needed to prevent a recurrence of famine. At one time the Red Cross employed 74,000 Chinese workmen, paying them in food for themselves and dependents, this food being brought in from Manchuria and elsewhere.

**BUTCHERS MAY STRIKE**  
Chicago, Oct. 21.—Strike of workers in another of America's vital industries loomed today when the Amalgamated Meat Cutters and Butchers union announced that 35,554 employees of the packers had voted to permit the executive committee of the union to call a walkout.

# MISSIONARY BODY TO HOLD DISTRICT CONFERENCE HERE

The annual district meeting of the Women's Foreign Missionary society of the Methodist church for the southern Oregon district will be held in Eugene next week, starting Tuesday night and continuing through Wednesday. Sessions of the conference will be held in the First Methodist church in this city and the delegates will be entertained in the homes of the resident members of the society. Delegates are expected from all of the chapters of the society in the district which extends from Lane county south to Medford and Ashland.

Starting with the opening session on Tuesday night there will be a brief business meeting and organization and reception. The following day there will be business meetings and committee meetings. The local members of the society will serve dinners at the church for both local and visiting delegates. Election of officers will be one of the chief matters of business on Wednesday. Mrs. Masters, of Roseburg, is president of the district organization.

Programs of the conference are now being arranged by the committee in charge and they are expected to reach Eugene a few days before the convention.

## HALF MILLION MORE MEN WILL STRIKE

(Continued from page one)

If we have to go to jail," Timothy Healy, president of the stationary engineers, firemen and oilers, said after he heard of the railroad board's citation. "Nothing can stop us from striking. If the public knew of the list of grievances we have against the roads, it would be solidly with us."

formal announcement of the strike of his organization would be made tomorrow noon.

**Look for Harding to Lead.**  
Chicago, Oct. 21.—The United States labor board looked to President Harding today for the next move to stop the October 30, railroad strike.

The board, whose hopes for immediate peace were blasted when the five brotherhood chiefs spurned the peace proposals of the government, were left flustered today by the unexpected turn of events.

The brotherhood chiefs did exactly what they planned to do at the conference with the railroad board which ended last night when the "big five" walked out and caught trains for Cleveland.

Before the session with the board, T. C. Cashen, head of the Switchmen's Union of North America announced "the strike will not be postponed. There must be a definite settlement." In the secret session with the board, it is said the brotherhood chiefs "stood pat" and balked when the board offered this plan of settlement which it brought back from Washington.

That the brotherhood chiefs postpone their strike action until it was ascertained whether the carriers would reduce freight rates in proportion to the 12 per cent wage cut of last July, Promise not to insist on the 10 per cent wage cut at present.

The chiefs contended they had no authority to hold up the strike action and even if they did, they had no guarantees that roads would agree to the part of the mediation plans applying to them.

It is understood the board was also told by the chiefs that it was powerless to enforce its decrees because of the lack of "teeth" in the transportation act, under which the labor body functions.

Shortly before the session with the chiefs, the board was defied again by the Pennsylvania lines, who declared "the board had no right to dictate how the elections of representatives of shop crafts should be held."

This was pointed out to the mediation body.

Brotherhood heads who attended the conference were: Warren S. Stone, Engineers; W. G. Lee, Trainmen; W. S.

Carter, Firemen and Engineers; L. E. Sheppard, Conductors; T. C. Cashen, Switchmen.

The cabinet of the railroad department of the American federation of labor was in session again today with President Bert M. Jewell. Calling of a strike by this organization having a membership of some 500,000 was held up pending the conference between the big five and the railroad board. Definite action of the call is expected soon.

Western railroad executives called a hurried conference today to work out plans to keep the trains moving. According to the plan under discussion, mail and food trains will be operated first and then freight and passenger service restored as soon as possible.

Executives who before stated "they won't do it" had different views today. Samuel Felton, president of the Chicago Great Western said "things look bad." William Finley, head of the Chicago and Northwestern said "it looks as if a deadlock has come."

Poll of employees is being taken by the roads to determine how many men will stick by their jobs. Plans are being made to call those on pension lists back into active service.

## Woman Has Narrow Escape In Deep Elevator Shaft

Portland, Ore., Oct. 21.—Caught on the "trail cable" of an office building elevator here today, Mrs. Edward Wright miraculously escaped with her life when faulty manipulation of the elevator door threw her beneath the soaring car.

Mrs. Wright attempted to leave the elevator at the tenth floor of the Board of Trade building. Her foot caught in the door and as the car started upward she was hurled in under it. She fell a few feet only to catch on the trailing light cable, which held her suspended far above the concrete floor of the shaft until she could be rescued.

She escaped with minor injuries.

**Notice to All Eiks**  
Dance tonight, second one of the winter. Every Eik and his lady expected to attend. Best of music. DANCE COMMITTEE
