

our Plans for 1922

It is at the annual meeting of our stockholders that the general policy for the year is mapped out.

It was at this annual meeting held January 11th that it was definitely decided to continue our fundamental policy, that of growing by help of others, which spelled and stated in plain language a willingness to do something for somebody else, because somebody else does something for you.

Once you become a customer of this bank you become the recipient of an unstinted willingness to serve and help.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Mentho-Sulphur and use it like cold

SOIL MAGICIANS WIN WORLD TITLES IN TEN THOUSAND DOLLAR PRIZE SHOW

John W. Lucas

CHICAGO.—Titles were wrested from soil kings and new kings were crowned at the International Grain and Hay Show in which thousands of American and Canadian farmers competed for the \$10,000 premium offered by the Chicago Board of Trade in the interest of better crops.

J. W. Workman, Maxwell, Ill., is the new World Corn King. His ears swept the field and for the first time brought the title to Illinois. Edward A. Lux, Waldron, Ind., won high honors for the best 321 single ear, and Frank Lux, 13, was crowned Corn Prince, his ten ears winning the junior contest in which 500 boys competed.

George Kraft, Bozeman, Mont., won the world wheat championship from J. C. Mitchell, Bahinda, Sask., for two years title-holder and runner-up this year. Canada retained the oats championship, John W. Lucas, Cayley, Alta., winning for

Public Is Amazed at Continued Enormous Demand for Tanlac

People All Over America Want to Know What Is Behind the Phenomenal Success of This Preparation that Makes It the World's Greatest Tonic.

Day after day the question is being asked all over the United States and Canada: What is the reason for the phenomenal success of Tanlac? Why do we hear so much about it? Why do millions of people keep increasing every year when other medicines seem to have a short-lived popularity and are then forgotten?

The answer is simple enough. The test of time has proven to people all over the American continent that Tanlac always produces most gratifying results and that the remarkable relief it brings seems to be more permanent than ever before believed possible. Tens of thousands of persons, everywhere, who took it when it was first introduced six years ago, report that they are still enjoying excellent health and millions of American homes are now using Tanlac as the family medicine after first trying it out thoroughly and proclaim it the World's Greatest Tonic.

Thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse have testified publicly that they have been fully restored to their normal health, strength and weight by its use.

Still others, who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour gassy stomach, coated tongue, loss of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terrible dejected, depressed feelings, state that they have been entirely relieved of these distressing symptoms.

Prices on Prunes Raised By Co-operative Growers

Prices of prunes have been advanced by the Oregon Growers Co-operative association following an increased demand which during the last week has moved 10 cars of the association's prunes, Eastern buyers are awakening from their lethargic attitude and finding that Pacific coast stocks of prunes are as they have been represented—very short.

The advances embody an increase of 2 cents a pound on 20-30 Italian prunes, 1 cent on 40-50, 50-60 and 60-70 Potties and 3/4 of a cent on 70-80, 80-90 and 90-100 Potties. An increase on 30-40 Italian has not yet been named but it is expected that this will be fixed within the next few days by the association's advisory committee of prune growers.

A second boost on the price of prunes has been announced by the California Prune and Apricot Growers, Inc., which brings their total advance over their opening prices up to 2 cents on 30-40, 1 1/2 cents on 40-50, 50-60, and 60-70s and 1 cent on 70-80s, 80-90s and 90-100s.

It has been erroneously represented in some unauthorized press reports that the association's entire stock was sold. Certain lines of the association prunes are entirely cleaned up, including all Italian smaller than 30s and all Potties in the Willamette valley but the association still has holdings in other lines though these are materially reduced and form but a fraction of the earlier tonnage.

The outlook at the present time is said to be most encouraging and an early clean-up of all of the coast stocks is expected.

LUMBER TARIFF NOT WANTED

Washington, D. C., Jan. 13.—Robert B. Allen of Seattle, secretary of the West Coast Lumbermen's association, submitted to Senator Poindexter today a brief, setting forth the wishes of northwest lumbermen relative to the new tariff bill.

This brief, which will be laid before the senate finance committee by Senator Poindexter, it was understood, does not ask a tariff on lumber except as Canada raises a tariff barrier against American lumber.

It has been erroneously represented in some unauthorized press reports that the association's entire stock was sold.

About Your Eyes

The glasses you bought a few years ago may need changing. You may not require stronger or weaker lenses to meet changed conditions. You should at least have your eyes examined again. I devote my entire time to making good glasses for bad eyes. I employ the most modern methods and charge no more than any other competent optometrist or oculist.

Keep thinking about it.
