### BREAK CHEST COLDS WITH RED PEPPER

Ease your tight, aching chest. Stop the pain. Break up the congestion. Feel a bad cold loosen up in just a short time.

"Red Pepper Rub" is the cold remedy that brings quickest relief. It cannot hurt you and it certainly seems to end the tightness and drive the congestion and soreness right out.

Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into colds, congestion, aching muscles and sore stiff joints relief comes at once.

The moment you apply Red Pepper Rub you feel the tingling heat. In three minutes the congested spot is warmed through and through. When you are suffering from a cold, rheumatism, backache, stiff neck or sore muscles, just get a jar of Rowles Red Pepper Rub, made from red peppers, at any drug store. You will have the quickest relief known. Always say "Rowles."

### SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-Time Recipe that Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

## NEWBERRY WILL NOT RESIGN, HE STATES

By LAWRENCE MARTIN (United Press Staff Correspondent)

Washington, Jan. 13.—Senator Truman H. Newberry, Mich., given his seat in the senate by a vote of 46 to 41 today declared he would not now resign. Reports have been current that the senator would retire if vindicated by the senate of charges of personal knowledge of the excessive use of money in his campaign against Henry Ford.

The Newberry case today, is a political campaign issue.

Condemn Use of Money.

So far as the present senate is concerned, the case was settled last night, when on four roll calls, each resulting 46 to 41, republican leaders repelled all assaults on Senator Newberry's title to his seat.

That record will be carried in to the senatorial primaries and the general elections in every state which nominates and elects a senator this year. The democrats count on the Newberry case to win them control of the senate.

So far as the senate's record is concerned, Newberry now is fully entitled to his seat, though his colleagues condemned the excessive use of money in political campaigns.

Say McNary "Clubbed."

The "uncertain" group of republican senators decided the issue.

McNary, Oregon, who it is said, was "clubbed" into voting for Newberry by administration threats to block his reclamation bill, Poindeexter, Wn.; Willis, O.; Cummins, Ia.; Kellogg, Minn.—These provided the votes to seat Newberry.

Nine republicans—Borah, Capper, Ladd, La Follette, Norris, Norbeck, Kenyon, Jones, Washington and Sutherland, voted against Newberry.

Retired Undeclared Worlds Lightweight (Champion. Written for United Press)

London, Jan. 13.—For once the experts were right and Georges Carpentier retains the European heavyweight championship after stopping George Cook of Australia in the fourth round of their bout at Albert Hall last night.

Georges must have seen a vision of another fourth round, one he once fought in Jersey City last summer, for when the bell called the fighters to the ring for the fourth time last night, Carpentier was after his man like a tiger. He flashed about Cook with his magnificent footwork, found the opening he sought and delivered the right hand blow that felled him at the beginning of the Dempsey fight last July. This time it did not fall and it only took one real right to put Cook down for the count. He was on one knee when counted out. It was a slow fight—for Carpentier at least. At the beginning Georges was unenthusiastic.

He allowed Cook, who was clumsy, to take the advantage in the infighting and took considerable punishment around the body.

Georges was slow and the issue seemed to be in doubt.

Carpentier's first flash of speed came in the third, and the Frenchman displayed much of his former agility. His rights and lefts were missing but he was shooting them in with increased power, apparently warming up to finish off his man in the round in which Dempsey put him away six months ago. The fourth round saw Cook go down for the count when Georges shot a right home cleanly to the jaw. It was just as I had said—Georges won the minute he decided to uncock it.

Cook, I should say, was a willing fighter, but an ignorant one.

Portland, Ore., Jan. 13.—Sam Levin, whose father was killed in an automobile accident yesterday, in which his mother, Mrs. Max Levin sustained a fractured leg, reported to police Thursday night that three diamond rings had been removed from Mrs. Levin's fingers.

Levin said that the rings, which fitted the fingers too tightly to slip off, were worth \$1000. A Columbia county police officer who searched in the vicinity of the accident could not find the rings. A large number of people were gathered around the car shortly after the accident and assisted in identifying the victims. Nurses at the Good Samaritan hospital say that though Mrs. Levin was conscious, she was suffering severe shock when she arrived at the hospital, and that it would have been possible to remove her rings without her knowledge.

## CARPENTIER SHOWS HIS OLD TIME FORM

Production of Lumber Is Still Far Below Normal

Seattle, Jan. 13.—One hundred and thirty-three mills reporting to the West Coast Lumbermen's association for the week ending January 7, manufactured 66,187,160 feet of lumber; sold 48,434,919 feet; and shipped 59,174,297 feet.

Production was 26 per cent below normal; new business was 27 per cent above production; and shipments 10 per cent above production.

Next two per cent of all new business taken during the week was accepted for delivery. This amounted to 20,234,919 feet, of which 9,395,917 feet will move coastwise and intercoastal, and 10,839,002 feet will move over-seas. New business for delivery by rail totaled 940 cars.

Forty per cent of the week's shipments moved by water, totaling 23,744,397 feet, of which 15,550,535 feet moved coastwise and intercoastal, and 8,193,862 feet export. The rail movement for the week was 1181 cars.

The unshipped balance in the domestic cargo trade totaled 93,634,943 feet; and in the export trade 101,883,327 feet. In the rail trade the unshipped balance amounted to 3965 cars.

## Sawmill Flume Breaks; Rush Of Water Injures Albert Hull

Cottage Grove, Ore., Jan. 13.—The flume leading to the A. L. Woodard's sawmill broke Wednesday evening as Albert Hull was on his way from work at the mill, throwing him about 20 feet. All the ice cold water in the flume pitched on him and almost paralyzed him. He finally got from under the flume and was brought to his home near Cottage Grove in an auto. The attendant physician could find no broken bones, but found he was badly bruised near the heart, and his back was also hurt. These injuries, with the great shock of the water pouring over him, came near ending his life. After a night's rest with hot water bottles around him he was somewhat better Thursday. Albert Hull is the son-in-law of A. L. Woodard and has a wife and two small children. The sawmill was recently bought from C. W. Pickett of Portland. The flume is 15 years old and said to be unsafe.

Always a favorite, Jack Holt now arrives at stardom in a dashing photodramatic adaptation of Stewart Edward White's novel, "Conjuror's House." On the stage it was an instantaneous success; on the screen it surpasses all expectations.

Unlike anything Mary Pickford has ever done before, a picturization of the Charles Frohman play, "Op' O' Me Thumb," in which Maudie Adams gained national fame.
