

### Doctor at 82 Finds Mothers Prefer His Formula to New-Fangled Salts And Coal Tar Remedies for Babies

Judgment of 1892 vindicated by world's approval of Dr. Caldwell's Syrup Pepsin, a simple vegetable compound for constipation—So safe thousands give it to babes in arms—Now has largest sale in the world.

WHEN a man is in the 82d year of his age, as I am, there are certain things he has learned that only time can teach him. The basis of treating sickness has not changed since I left Medical College in 1875, nor since I placed on the market the laxative prescription I had used in my practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

From a recent portrait of DR. W. B. CALDWELL, Founder of Dr. Caldwell's Syrup Pepsin, 1125 Olive Street, St. Louis, Mo.

Then the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs, and roots. These are still the basis of my Dr. Caldwell's Syrup Pepsin, which is a combination of Egyptian Senna and other mild laxative herbs with pepsin.

Recently new medicines have been brought out for constipation that contain calomel, which is mercury, salts of various kinds, minerals, and coal tar. These are all drastic purges, many of them dangerous, and the medical profession

is warning the public against them. Certain coal tar products will depress the heart; certain salts give rise to intestinal poisoning, impaction and rupture of the intestines. If grown peo-

ple want to use them no one can deny them the privilege, but they should never be given to children.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with pills and powders and strong drugs, even if disguised in candy? My remedy, too, costs less than most others, only about a cent a dose. A bottle such as you can find in any drug store, will last a family several months, and all can use it. It is good for the babe in arms because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal.

The formula of Dr. Caldwell's Syrup Pepsin is on the cover of every bottle, and the ingredients have the endorsement of the U. S. Pharmacopoeia.

**\$10,000 Worth of Syrup Pepsin Free**

In remembrance of my 83rd birthday I have set aside the sum of Ten Thousand Dollars to be given away in half-ounce bottles of my Syrup Pepsin. Only one Free Trial bottle to a family. All are constipated now and then, and here is an opportunity for you and others to try Dr. Caldwell's Syrup Pepsin FREE OF CHARGE. Ask for your free bottle today, simply sending name and address to Dr. W. B. Caldwell, 514 Washington St., Monticello, Ill. Do not postpone this.

Helped her mother wonderfully. In these days of "flu," coughs, colds, croup and whooping cough, it is well to know that every year there are used more bottles of Foley's Honey and Tar than of any other medicine. Mrs. S. L. Hunt, 515 W. 6th St. Cincinnati, Ohio, writes: "Foley's Honey and Tar relieved me of a hacking cough, tickling in the throat, wheezing and pains in the chest. It is helping my mother wonderfully. That's why druggists recommend Foley's. Sold everywhere."
