SKIPWORTH PRAISES AID OF RED CROSS

"The people of Lane county have contributed nobly," stated Judge G. F. Skipworth, chairman of the sixth annual Red Cross drive being conducted at the present time. "The Red Cross maintains a secretary and office in the city of Eugene available at all times to veterans of the war. The main purpose of the drive is to acquire funds to assist disabled ex-servicemen in obtaining their claims from the government."

The organization is well-fitted for this purpose and takes the entire burden of proof from the hands of the claimant. In many cases as much as two years are necessary and one may be gathered to complete the claim. Judge Skipworth believes that it is a duty of the people who stayed at home during the war to enroll as members of the Red Cross and assist the men who went over and fought. Disabled families are helped by the organization and on a number of occasions a loan of \$25 or \$50 has aided a needy veteran over a period of hard luck.

"It is interesting to note the number of times this money has been paid back," he remarked. The roll call will be conducted until Thanksgiving. Solicitation starts in the business district of Eugene today. There are convenient booths erected on the streets for the purpose of enrollment. Work is all ready well-organized at the university under the direction of Miss Madeline McManis, secretary of the school of business administration. People in the outside towns and communities are now being enrolled and solicitors report that the majority approached appreciate the necessity of continuing the service, according to Miss Grace Norton, secretary of the Lane county chapter.

Seventy five per cent of the money collected will be used in Lane county, the remaining 25 per cent going to the national association for other purposes, such as the assistance of the people in the recent earthquake in Chile.

Officers for the coming year of the county chapter will be elected at the rooms of the chamber of commerce December 11 at 4 p. m. Following are the present officers: F. L. Chambers, chairman; C. M. Shinn, first vice-chairman; Mrs. H. A. Cooley, second vice-chairman; Mrs. E. C. Wheaton, third vice-chairman; Mrs. F. A. Richardson, fourth vice-chairman; Miss Minnie Scott, fifth vice-chairman; Mrs. Alta G. Wilson, sixth vice-chairman; W. T. Gordon, treasurer; and Miss Grace Norton, executive secretary.

PLACE NURSE BACK ON COUNTY BUDGET

The county nurse was again placed on the Lane county budget by the budget board which held a special session yesterday afternoon and voted to put this item back in the estimated 1923 expenses. The nurse is carried at \$2400 and this will increase the budget estimate over last year about \$900, it is said.

The officers and many members of the Lane County Public Health association appeared before the budget board and explained the work of the county nurse before the vote was taken. Commissioner Emmett Sharp was absent from the meeting. Other members of the budget board were Judge C. P. Barnard, Commissioner M. L. Harlow, Loren Edwards, J. H. Chambers and W. T. Gordon.

IMPORTANT INSURANCE DECISION

San Francisco, Nov. 21.—An insurance company must pay a beneficiary in full even though it may not have had a chance to deliver the policy to its original owner, the United States circuit court of appeals decided today in the case of Grace C. Hetherford, beneficiary of the \$5000 insurance of William E. Billings of Tacoma. Billings died three weeks after taking out the insurance and before the company could deliver his policy to him. The insurance company held in the lower court that as the policy had not been delivered, the transaction was not complete. The court held that this fact did not lessen the company's obligation, despite the fact that it operates under a ruling that delivery must be made before a policy is operative. The circuit court upheld this judgment.

EMPLOYERS' BOND REQUIRED NO MORE

Portland, Nov. 21.—Evidence that the Loyal Legion of Loggers and Lumbermen, as an association of employes and employers, is successful in the fullest degree was offered yesterday at the eighth semi-annual session of the directors, convened in the Portland hotel, when by unanimous vote upon a recommendation of employe members the bonds which have heretofore been re-

quired of employe members were abolished. This was consented to by the employers present only after it had been shown that the recommendation emanated from employe members in more than half of the legion districts, and that it was the sentiment of such employes that it was not equitable for employers to post such bonds when employes were exempt from such conditions. There was also, it was shown, a growing disposition to accept employer associations solely upon honor, this disposition arising from experience with the present employer members, who for four years have met every test through good and bad times.

Oregon Represented At Bryn Mawr

Dr. Ben H. Williams, a graduate of the 1910 class of the University of Oregon, represented his Alma Mater at the recent inauguration of Dr. Marion E. Parks as president of Bryn Mawr college, Bryn Mawr, Pa. Dr. Williams sent an account of the ceremony to friends on the campus. He is now a member of the political science faculty of the University of Pennsylvania and was a member of the University of Oregon summer faculty last year.

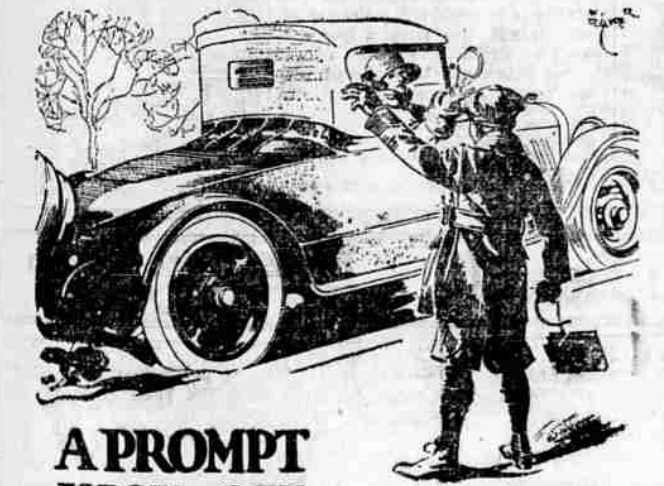

"Many of the most notable educators in America were present at the installation of Dr. Parks, including Dr. James R. Ansell, president of Yale University; Dr. William A. Neilson, president of Smith college; Dr. William W. Confort, president of Haverford college; Dr. Virginia C. Gildersleeve, dean and professor of English at Barnard college, and many others. "I spoke to Dr. Park personally," wrote Dr. Williams, "the Oregon delegates had expressed the congratulations and best wishes of President Campbell, and she wanted me to be sure to thank him. Miss Park expressed her appreciation of the fact that the University of Oregon was represented and stated that she wanted to keep in close touch with the institution."

FIGHT OVER CHURCH MONEY TO CONTINUE

Portland, Nov. 21.—The suit by the heirs of E. Henry Wenme, deceased Portland automobile man, to recover an estate of \$600,000 left by Wenme to the Six Churches of Christ, Scientist, here, which opened in circuit court yesterday, was to continue today with Judge Belt, of Dallas, Ore., on the bench. There is no jury, both sides having agreed to dispense with the panel. The five heirs, four of whom live in Europe, allege that the estate was bequeathed to the Science churches for "a worthy charitable purpose" and that the terms of the bequest have not been observed. The six churches caused the establishment here of the White Shield home, a refuge for wayward girls, and were forced to abandon the project and sell the institution to the Salvation Army because the state required the presence of a physician in the institution, which was opposed to the tenets of the church. A sanitarium was then to have been established for science purposes, it is alleged. The state has been purchased. The heirs claim that this new project is not a "worthy charitable purpose" because the uses of the sanitarium would be confined to members of the one sect, holding that thus the provisions of the

will have not been carried out. The state of Oregon has become a party to the suit by placing an "observer" in the court to protect the interests of the general public as provided under the terms of the will.

APPLY SULPHUR ON YOUR ECZEMA SKIN

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve torment without delay. Sufferers from skin trouble should obtain a small jar or Rowles Mentho-Sulphur from any good druggist and use it like cold cream.
