CLUBS DONATE ALL ROSES AND SHRUBS

The Eugene Federation of Women's club is furnishing the roses and shrubs which will be planted in the court house grounds, according to Commissioners Nels Roney and Emmett Sharp. County prisoners are now busy preparing the flower beds under the direction of H. M. Fisher, keeper of the University of Oregon grounds. A row of roses will be

planted in front of the courthouse and beds placed inside the grounds. "It was through the courtesy of the Eugene Federation of Women's club organization that the county commissioners were able to procure the services of Mr. Fisher and the roses and shrubs for beautifying the grounds," said Commissioner Emmett Sharp today. "This is one of the first projects that the federation has attempted and the commissioners are anxious to help as far as the women are doing good work and they should receive the encouragement of everyone."

EAT NO SWEETS IF YOU ARE RHEUMATIC

Rheumatism is no respecter of age, sex, color or rank. It is the most dangerous of human afflictions it is one of the most painful. Those subject to rheumatism should eat no sweets for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water. Rheumatism is caused by uric acid or body waste matter, and is often generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism. At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove waste and stimulate the kidneys, thus helping to rid the blood of those rheumatic poisons. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. GUT FLOWERS Potted plants, trees, garden and flower seeds. Everything for the garden. EUGENE NURSERIES. DANCE Big old-time dance at Donna, Saturday, March 24.
