Thin? Run-down? Sure Way to Get Right Weight

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S. has meant to thousands of underweight men and women a plus in their strength. Hollow cheeks fill out. You stop being a calamity-lover. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, peaky, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only Sure-establi-medical ingredients. S. S. S. is sold at all drug stores in two sizes. The large size bottle is the more economical.

S.S.S. makes you feel like yourself again
