OUR IDEAL

Therefore when we build let us think we build forever. Let it not be for present delight, use for present use alone. Let it be such work as our descendants will thank us for, and let us think as we lay stone on stone, that a time is to come when these stones will be held sacred because our hands have touched them and that men will say as we look upon the labor, and wrought substance of them, "See, this our fathers did for us."

—RUSKIN.

EXPERTS WILL TELL YOU TO BUILD WITH WOOD

The ease with which a house built of wood is heated in winter; its coolness in summer; its beauty—are only a few of the advantages of using the logical building material.

We manufacture the best grade lumber from Lane County timber suitable for any kind of building you may be planning.

We will be glad to look over your bill and submit our prices.
