YOUNG SCRIPPS IS SUED FOR DIVORCE

Detroit, Mich., Dec. 21.—Brutal treatment that included baths in scalding hot water and fist battles, was charged against James Scripps, son of William Scripps, millionaire publisher of the Detroit Free Press, formerly Ruth Maude DeVoy of St. Louis, today in her suit for separate maintenance. Mrs. Scripps testified that after their baby was born young Scripps said he was sorry for his actions and blamed his father as the instigator.

Scripps was 18 and his bride 21 when they were married December 31, 1921, after an elopement to Windsor, Ont. Scripps was still in prep school at the time.

The cruel treatment started, Mrs. Scripps charged, in June, 1922, some time after Scripps had learned she was to become a mother.

Scripps took her on rides over rough roads, making her sick, and at one time forced her into a tub filled with scalding water, she testified. At another time the couple engaged in a regular fist fight in their state room on board a lake steamer, she said.

Scripps in his answer to his wife's suit, intimated she had persuaded him to agree to an immediate elopement and marriage.

JAPAN DECIDES TO REOPEN FIGHT FOR CITIZENS IN U. S.

(Continued from page one)

Recently confirmed the constitutionality of these laws in California and Washington and this development is understood to be the signal for Japanese to seek diplomatic means for protecting the interests of her subjects here. It has been stated that since the supreme court decisions many Japanese are leaving California.

Two courses offered. One of the two following courses of action are believed to be the most probable step by the Japanese:

An inquiry to the American government indicating a desire for negotiations as to when a discussion of the problem can be opened. Such a step probably will be regarded as constituting informal representations to the United States.

A formal protest to the American state department against the treatment of Japanese in western states, which might force negotiation of the question.

Arkansas Rail Shop Workers Halt Strike

Harrison, Ark., Dec. 21.—Strike of shopmen of the Missouri and North Arkansas railway was ended today under an agreement between counsel for the strikers and the railroad.

TAX COMMISSION LAW ATTACKED IN COURTS

Salem, Ore., Dec. 21.—(U. P.)—The constitutionality of the law creating the county tax conservation and supervising commission as a usurpation of the powers and authority of the county courts and other tax levying bodies of the county, is attacked in briefs filed in the supreme court here this morning, by W. A. Vinton and Walter Toole, Jr., McMinnville attorneys, representing the banks of Yamhill county, in an original proceeding in mandamus brought to set aside the action of the tax conservation commission of that county in arbitrarily slashing certain items from the tax budget of the county.

Workers Say Hughes Faked Russian Letter

Chicago, Dec. 21.—A charge that "the Coolidge administration faked the letter issued by Secretary of State Hughes in his campaign against the recognition of Russia" was made by the Workers' Party here today.

The statement of the party follows in part:

"Secretary of State Hughes is seeking to victimize the whole country with a vicious frame-up. The secretary of state has had published a letter supposed to have been sent by Gregory Zinoviev, chairman of the Communist International, to the Workers' Party of America. The letter, from the first word to the last, is a falsification. "The Workers' Party declared that it never received such a letter. It asserts that no such letter was ever written by the Communist International. The frame-up of the secretary of state sets forth that the Communist International instructs the Workers' Party to practice shooting and 'sapper' work. If anyone is acquainted with the Communist International, he knows that Zinoviev would never send out such foolish and childish instructions."

WOMAN CIRCULATING PIERCE RECALL PAPER HAS COLD RECEPTION

At least one petition for the recall of Governor Walter M. Pierce was being circulated here this morning. It is the first to be offered in this town.

Reports from the only person so far who has been accosted was that the young woman, evidently a stranger, met a cold reception.

She entered a downtown cigar store, presented her paper and said it was a Pierce recall petition, and was invited to leave by the same door through which she entered. This is the only place where the petition was presented up to noon today, according to a very incomplete survey of local business establishments.

Most Eugeneans believed the recall a dead issue.
