

INSTRUCTION OF STATE SCHOOL IS UPSET BY PIERCE

EUGENE, Ore., Nov. 13.—The question of the construction of a new state school for boys which has been hanging fire for four years, has been thrown into a state of uncertainty by the attitude taken by Pierce, a few days ago when he vetoed a bill to vote on the question of the construction of the school. The bill was introduced by the secretary of the board of education, and was passed by the board. The bill provided for the construction of a new school for boys, and the state fund for the construction of the school. The bill was vetoed by Pierce, and the question of the construction of the school is now in a state of uncertainty.

Glenn Speaker at P-T. A. Meet Here

Joseph T. Glenn, city superintendent of schools, addressed members of the Washington Patron-Teacher association at its meeting Wednesday afternoon on educational week. He outlined the program for the week. Mrs. Cal Young and Mrs. Melvin Hansen gave reports on the recent conference held at Corvallis of the association.

Mrs. L. E. Bean, president of the association, in Eugene, announced committees as follows: Finance, Mrs. Cal Young, Mrs. Green, Mrs. Martin, Mrs. Harry Holden; program, Miss Ida Patterson, Mrs. B. W. DeBusk, Mrs. Beneta Nash; reception, Miss Ida Patterson, Miss Alice Jenkins, Miss Marie Tinker, Miss Vera Maudel, Miss Bertha Dunlap, Miss Zada Tinker; representative to council, Mrs. Roy Loomis; representative to federation, Mrs. Roy Loomis.

Local Nurses Pass State Examination

Two Eugene nurses, both employed at the Mercy hospital, successfully passed the state board examination for registered nurses. It was announced today. They are Miss Beniah Gunn and Miss Vera McConnell.

The young women wrote for the state examination early in October, and returned from their papers were received today.

MASONS ENTERTAIN

Instrumental solos, orchestra numbers and comedy sketches are on the program tonight for the first entertainment of the season for Masons of the city. The program will start at 7:45, and refreshments will be served later in the evening.

BLUE ROCK SHOOT FRIDAY

The weekly blue rock shoot of the Lane County Sportsmen's association will be held at the traps of the organization at the aviation field at 3 o'clock tomorrow afternoon. The shoots have been discontinued for some time but will now be resumed regularly, it is announced.

DEMAND ON PUBLIC LIBRARY INCREASES

If the demands on the Eugene public library continue to increase, additional help will have to be provided, predicts Mrs. Adelaide Lilley, librarian, who says that she is busier this year than ever before. Mrs. Lilley's only assistants now are Miss Helen Andrews and Miss Helen Lacey, two University of Oregon students.

More than 200 volumes were borrowed this year through the state library at Salem, it is reported, and thus far this year library patrons have sent for 100 volumes through Mrs. Lilley.

The library board consists of Dean John E. Board, B. R. Brundage, E. O. Potter, A. T. Cooke and Miss Anne Whiteaker. Mr. Brundage customarily represents the library board at the discussions of the city budget committee and which will decide in the next two weeks the amount to be granted for library maintenance.

Butter Delegation From Oregon Wins Many Prize Awards

PORTLAND, Ore., Nov. 13.—Oregon's delegation to the National Butter Makers' convention in Mason City, Iowa, not only cleaned up in prize awards in the competitions and exhibits, but carried away the 1925 convention for Portland, according to a telegram from M. M. Boney, of Eugene Creamery, to Roy E. Cavett of Portland.

V. N. Vollins of the Albany Creamery and M. Patterson of the McMinnville Creamery, tied for first place with high scores on butter.

H. E. Raven, of the Raven dairy store was elected a national director, and the judging team sent from Oregon, won second place, coming within a quarter of a point of the score of the winning team.

George Mansfield Admitted to Law Practice in State

PORTLAND, Ore., Nov. 13.—Upon presentation of his certificate of license to practice law in Oklahoma and before the United States supreme court, George A. Mansfield of Medford, was admitted to practice law before the supreme court of Oregon and all inferior courts. Mansfield retired from practice of law on removal to the coast, 20 years ago and has been farming since. Mansfield may open an office here.

Escaped Convict Is Caught in California

SAN FRANCISCO, Nov. 13.—Police here today arrested James Walsh, charged with carrying concealed weapons. They said he escaped from the jail or state prison in Salem, Ore., in 1923.

TO DISCUSS EINSTEIN
A discussion of the Einstein theory will be a feature of the 1925 assembly of the American Mathematical society in Eugene, it is announced by Professor E. E. DeCon, Professor DeCon extended the invitation at the last meeting at Stanford university. Friday, June 19, has been suggested as a favorable date.

THEFT CHARGED
Charged with shoplifting, Mrs. Ivan Saunders of Wendling was arrested by local police and put up bond of \$50 for her appearance in municipal court. She had in her possession articles taken from the Matlock store, the Quackenbush hardware store and the Piggly Wiggly store, on Ninth avenue east; and the Woolworth store on Willamette street.

New Secretary of State for India

Lord Oliver. This is a new and exclusive photograph of Lord Oliver, Labor Cabinet's new Secretary of State for India, photographed in the Indian Office in London.

Gasoline Explosion Injures Aged Woman

KLAMATH FALLS, Ore., Nov. 13.—In spite of her advanced age of 70 years, Mrs. Henrietta Melrose, Klamath pioneer, who was severely burned when a can of gasoline exploded at her home yesterday, was reported as resting easily this morning. She is expected to recover.

The explosion was caused by static electricity as Mrs. Melrose was cleaning a woolen dress in the kitchen of her home. Melvin Smith, a youth and Fireman A. O. Dunn tore through a screen door and dragged her to safety from the flames-enveloped kitchen.

Ministers Offer Blood For Bates

PORTLAND, Ore., Nov. 13.—Three Presbyterian ministers and one Methodist were today offering blood to the Rev. Alfred Bates, local Methodist, ill in Good Samaritan hospital.

The Rev. Mr. Bates is not in a critical condition unless he is unable to get more blood, attendants said, and the proffer made by the four ministers today is thought more than enough to insure recovery for the pastor.

He has been given numerous transfusions.

4-L Directors to Meet in Portland

PORTLAND, Nov. 13.—Directors of the 4-L League of Loggers and Lumbermen, composed of 12 representatives will meet here in session next Monday and Tuesday.

Several resolutions will be considered bearing upon readjustment of hours, working conditions and wage scales. The League has been functioning six years. Norman F. Coleman, president, will preside at the meeting.

Walnut Growers to Meet in December

The Western Nut Growers association will meet in Newberg, December 11 and 12, says C. E. Schuster, assistant horticulturist for the experimental station. The culture and marketing of walnuts will be stressed this year. Culture will be considered from the standpoint of beginners with many instructive talks by men who have made a success of the walnut industry. Dealers will also tell what the market demands and what takes the high prices.

Oil Showings Are Found at Klamath

KLAMATH FALLS, Ore., Nov. 13.—Oil showings have been encountered at drillings 22 miles east of here, according to announcement late yesterday by officials of the company conducting the operations. They exhibited bottles containing a thick petroleum substance of axle grease consistency, taken from the bales at the close of work Tuesday. The depth of the well is now 150 feet. It is located in the same vicinity where another company has been conducting drilling operations.

Rain and Warmer Temperature Is Forecast in State

PORTLAND, Nov. 13.—A rising temperature with rain tonight and tomorrow was the prediction made this morning by E. L. Wells, district forecaster.

The lowest temperature registered last night was 37 degrees. A south to southeast wind is expected to develop during the day.

GOLDTHWAITE FINED
PORTLAND, Ore., Nov. 13.—John Goldthwaite, 17, of Klamath Falls, who was sentenced Monday to 18 months in the reform school on a charge of possession of liquor on an Indian reservation was fined \$100, in federal court as the law requires that a fine accompany a sentence in cases of this kind.

BUDGET COMMITTEE TO MEET TONIGHT

A preliminary meeting of the Eugene budget committee is set for tonight at 7:30 in the city council rooms, it is announced. This meeting is primarily for the purpose of organization, as no official work will be done on the budget until the first meeting, set for November 17. At the meeting tonight the committee of citizens will meet with the city council, and the newly-elected members of the council have been invited by Mayor E. B. Parks to attend.

Figures showing the total amounts expended by the street, road and park departments of the city were being tabulated in the office of the city recorder this afternoon to be used as a basis for some of the discussion tonight.

Farm Reminders

The proper way to store honey is in a warm and dry place. Thus stored, honey will keep for many months, even years, says H. A. Scullen, bee specialist at O. A. C. It will not keep well, stored in a cold, damp cellar. The cans rust and if the honey is comb honey, it is likely to draw moisture and granulate much more quickly than when kept in the pantry or other warm places.

Many fields needing drainage produced wonderful fall grain crops in 1924, as there was so little rainfall, resulting in a small amount of water-logging last winter. With normal rainfall many of these fields will be drowned out unless adequate surface drainage is provided. Good furrows to carry the water from low places, and the opening of the ends of dead furrows will often keep the water level low enough for a good crop result.

The thorough drying out of seed corn in Oregon this fall is recommended by the experiment station, in order to have a good supply for next year's planting. Another winter as mild and dry as that of 1923-1924 can hardly be expected.

Honey is first collected from the flowers by the bee in the form of a thin nectar, consisting of about 60 per cent water and 40 per cent sugar. Two changes take place in nectar to form honey. The bees concentrate the sugar by evaporating the water, and thus improve the flavor. A chemical change takes place similar to the process that goes on in the human stomach after eating cane sugar. As a result the sugar is in a form that can be easily absorbed by the most particular digestive system.—O. A. C. Experiment Station.

For bringing back depleted Oregon soils stable manure is best and cheapest when available. Next best are the commercial fertilizers of which lime, phosphates, sulfur and potash are the most important. Their value is strikingly shown in increased grain yields on the state college experiment farms. On an irrigated plot, phosphates had been added 72½ bushels of wheat were grown.

Insect Control Is Important Feature

The importance of insect control is growing every year, as the injurious kinds are many and increase with great rapidity, says an Oregon experiment station report. A single insect may lay from 3000 to 4000 eggs a day, which in a short time hatch other insects that soon lay eggs. The Japanese beetle is cited as an instance of rapid increase. It took five New Jersey entomologists five days to find six of these beetles in 1916, while the state was paying 80 cents a quart of 3000, six years later.

IOWA DEAN COMING
Dr. C. E. Seashore, dean of the graduate school, University of Iowa, is expected to arrive in Eugene next Tuesday in the interest of the National Research council. He is an advocate of segregating students on a basis of their superiority or inferiority, and will speak at the university on this subject.

MOTHER! Clean Child's Bowels

"California Fig Syrup" is Dependable Laxative for Sick Children

Even if cross, feverish, bilious, constipated or full of cold, children love the pleasant taste of "California Fig Syrup" and it never fails to sweeten the stomach and open the bowels. A teaspoonful today may prevent a sick child tomorrow. Doesn't cramp or overact. Contains no narcotics or soothing drugs.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

"Dainty Wear" Step-Ins, made of lingerie material. Excellent for gifts. Popular colors.

Crepe Bloomers in flesh color only 49c pair

LOGGER DIES OF INJURY TO SKULL

Donald Boyd Henry, 21, whose skull was broken in a logging accident at Wendling Tuesday, died this morning at the Eugene hospital. The victim had regained consciousness, however, but was totally paralyzed. It was found that he had sustained several fractured vertebrae in his spinal column in addition to the skull fracture.

Little Ruby Gard, the 8-year-old girl whose skull was fractured Sunday when she was struck by an automobile, is showing marked improvement, although her condition still remains critical. It is reported at the Pacific Christian hospital that she has regained consciousness.

Census of County Pupils Not Ready

Ten school districts of the county have not yet turned in the annual census data, according to E. J. Moore, county superintendent of schools. The census reports are required to be submitted before November 10 in order that tax distribution for the various districts can be made. No estimate can be made on the total number of children of school age in the county until the complete figures are in. Cottage Grove and Junction City have not yet filed reports. Last year there were 12,623 children in the county between the ages of 4 and 20.

Corvallis Has Big Boom, Says Ingalls

Eugene is not the only city in this part of the state that is in the midst of a boom, is the firm declaration of C. E. Ingalls, editor of the Corvallis Gazette-Times and also postmaster of the Benton county metropolis.

Mr. Ingalls on a brief visit to Eugene today called on D. E. Yoran, Eugene postmaster, and informed the Eugenean that the Corvallis postal receipts showed an increase of 23 per cent last month. Eugene had an increase of 17 per cent and Mr. Yoran quickly changed the subject to football which is also of vast interest to both cities.

Mr. Ingalls was accompanied by J. A. Cooper, newly-appointed superintendent of mails at the Corvallis postoffice, who inspected the methods of handling mail in the Eugene office.

WHAT THRIFT MEANS

Thrift means ultimate independence. By forming the habit of persistent saving, a person can accomplish something worth every effort.

Tell Me, Girls

which beauty aid you want
By Edna Wallace Hopper

I am trying to aid girls to more beauty, in ways that brought beauty to me. I am trying to bring women the perennial youth I gained.

For 40 years I have searched the world for the best beauty helps in existence. I continue that search for the latest.

Now 52 of the helps I found are combined in four preparations. All toilet counters supply them. So every girl and woman may use exactly what I use.

The thousands who meet me daily on the stage see what those helps can do. I urge you to learn what they mean to you.

My Youth Cream.
My Youth Cream is a remarkable creation; combining many factors. It contains products of both lemon and strawberry. Also all the best helps science gave me to foster and protect the skin.

It comes in two types—cold cream and vanishing. I use it as a night cream, also daytimes as a powder base. Never is my skin without it. My velvet complexion shows what that cream can do.

The cost is 60c per jar.

My Facial Youth is a liquid cleanser which I also owe to France. Great beauty experts the world over now advise this formula, but their price is too high for most women.

It contains no animal, no vegetable fat. The skin cannot absorb it. So it cleans to the depths, then departs. All

the dirt, grease, grime and dead skin come out with it. My Facial Youth will bring you new conceptions of what a clean skin means. The cost is 75c.

White Youth Clay.
A new-type clay, white, refined and dainty. Vastly different from the crude and muddy clays so many have employed. The final result of 20 years of scientific study.

It purges the skin of all that clogs and mars it. Removes the causes of blackheads and blemishes. Brings a rosy afterglow which amazes and delights. Combats all lines and wrinkles, reduces enlarged pores.

No girl or woman can afford to omit it. It multiplies beauty. And many women seem to drop ten years after one application. My White Youth Clay costs 50c and \$1.

My Hair Youth.
The cause of my luxuriant hair, thick and silky, finer far than 40 years ago. I have never had falling hair or dandruff, and never a touch of gray.

A concentrated product combining many ingredients. I apply it with an eyedropper directly to the scalp. There it combats all the stifled hair roots. It tones and stimulates. No man or woman will omit it when they see what Hair Youth does. The cost is 50c and \$1 with eyedropper.

All druggists and toilet counters supply Edna Wallace Hopper's beauty helps. Edna Wallace Hopper, 535 Lake Shore Drive, Chicago.

Southern Pacific Lines

Why Not Sell It?

ON every farm there is machinery, implements, stock or other things that are not being used and should be turned into money to be used for other purposes.

In every home there is furniture, trunks and other articles that might also be sold. The money could be put to use, or in a bank to draw interest. Why not sell such things now?

Or perhaps you have chickens, eggs, seed, or service of some kind that you want to find buyers for.

Guard Want Ads Will Help You Find Buyers

Every week these little salesmen are selling goods and services for your neighbors, and at a very low cost: One cent per word—count them.

Look around now and have your want ad in the next issue. Phone it in if you wish.
